**The Dutch Reformed Church in the American Colonies** Gerald Francis De Jong, 1978 The Dutch Reformed Church in the American Colonies remains the best study of the early years of the Reformed Church in North America De Jong's careful account takes the readers on a fascinating journey from the establishment of a Dutch church at a mill in New Amsterdam to the early years of an indigenous American denomination Along the way we become acquainted with issues in the colonial period that are pertinent in the twenty first century for the Reformed Church in America church multiplication leadership training discipleship regional tensions adaptation to cultural changes worship and liturgy De Jong helps us to see that in many respects the more things change the more they remain the same The Rev Dennis N Voskuil Ph D President and De Witt Professor of Church History Western Theological Seminary Holland Michigan The reissue of De Jong's classic study is very welcome Though of course there has been other important work on various aspects of the colonial Dutch Reformed experience in the thirty years since the book's first appearance still it remains the standard comprehensive account a careful and thorough work that shows a mastery of the sources and sticks close to them The Rev John Coakley Ph D L Russel Feakes Professor of Church History New Brunswick Theological Seminary New Brunswick New Jersey *History of the Reformed Church in the United States, 1725-1792* James Isaac Good, 1899

To anyone at all acquainted with the place which the Dutch Reformed Church in London has occupied during the centuries it will not cause surprise to hear that I hesitated for a moment before accepting the invitation from its Council to relate the history of the Church on the occasion of its four hundredth anniversary Not much time was left and the material was voluminous Only few church communities possess such a wealth of written documents bearing on their past history or have been the centre to the same extent of so many varied activities However there were considerations on the other side which made me decide to undertake the work The extensive archives of the Church are well arranged and well preserved The most important part the voluminous correspondence consisting mainly of letters addressed to the Church Council has been made available in a highly

meritorious manner by J H Hessels publication *Ec clesiae LondinoBatavae Archivum* Only a small part of the often very detailed minutes of the Council meetings has been published but these pUblications by Dr A Kuyper and Dr A A van Schelven cover two very important periods in the history of the Church In addition there are the pUblications of the Marnix Society viz Ruytinck s Gheschiedenissen Hi story and its sequels and the Acta of the Colloquia of the Dutch church communities in England *Early History of the Reformed Church in Pennsylvania* Daniel Miller,1906 Journal of the United Reformed Church History Society United Reformed Church History Society,1992

**The Patristic Roots of Reformed Worship**  
Hughes Oliphant Old,2023-12-29 The first part of this work describes the development of Reformed Worship from 1500 1542 The story begins with liturgical reforms of the Christian Humanists in Alsace continues through the establishment of the first Protestant worship services in the Swiss cities of Zurich and Basel joins with the currents of French evangelical thought flowing from Meaux and finally reaches Geneva with the publication of Calvin s first psalter Reformed worship is presented as the fruit of an inner church liturgical renewal movement begun well before the Reformation which was then cultivated by the Rhineland Protestant Reformers In order that we might be clear about how patristic literature affected this process we turn next to discover what the Reformers knew about the church fathers We show evidence of the impressive patristic knowledge of such men as Zwingli Brucer Hedio Oecolampadius and Calvin An extensive bibliography of patristic editions known and used by the Reformers concludes the second part of the book Finally we analyze each element of Reformed worship to show its development and to indicate its scriptural and particularly its patristic roots The Prayer of Confession the Prayer of Intercession the Communion Invocation and the Benediction are studied to show their liturgical purpose How the Reformers understood their use of the lectionary the sermon psalmody and hymnody is presented in the light of their understanding of the practice of the ancient church
