Dyrness, 2019-05-23 The aesthetics of everyday life as reflected in art museums and galleries throughout the western world is the result of a profound shift in aesthetic perception that occurred during the Renaissance and Reformation In this book William A Dyrness examines intellectual developments in late Medieval Europe which turned attention away from a narrow range liturgical art and practices and towards a celebration of God's presence in creation and in history Though threatened by the human tendency to self assertion he shows how a new focus on God's creative and recreative action in the world gave time and history a new seriousness and engendered a broad spectrum of aesthetic potential Focusing in particular on the writings of Luther and Calvin Dyrness demonstrates how the reformers conceptual and theological frameworks pertaining to the role of the arts influenced the rise of realistic theater lyric poetry landscape painting and architecture in the sixteenth and seventeenth centuries

*Senses of the Soul* William Dyrness, 2008-05-01 *Senses of the Soul* explores the way art and visual elements are incorporated into Christian worship It incorporates research conducted in Los Angeles congregations Through extensive interviews in a sample of Protestant Catholic and Orthodox congregations it looks into the way visual elements

actually become part of the experience of worship By looking at attitudes and experiences of beauty art and memories it suggests that believers appropriate images and aesthetic encounters in terms of imaginative structures that have been formed through worship practices over time By comparing responses across denominations the book proposes that people receive visual elements in ways that have been shaped by long traditions and specific background beliefs In addition to discussions of the differences between the major Christian traditions the book also examines the relation of art and beauty to worship the role of memories and everyday life and the power of images in spirituality and worship By its focus on the worshiper the book seeks to make a contribution to the growing conversation between the arts and Christian worship and to the process of worship renewal

Iconoclasm and Iconoclasm Willem van Asselt, Paul van Geest, Daniela Müller, Theo Salemink, 2007-09-30 This book focuses on iconoclastic controversies and in particular their impact on the creation of religious identities In the history of Jewish Christian and Muslim culture religious identity was not only formed through historical claims but also through the use of certain images images of God images of the others and images of the self Moreover in the struggle for religious identity these images were time and again employed for the purpose of establishing distinct groups both orthodox and deviant At the same time they supplied weapons in the

theological debate and found explicit expression in certain rituals or liturgical traditions These conference proceedings include a discussion of the role of images in society politics theology and liturgy in particular addressing the iconoclasm of physical mental and verbal images on the construction of religious identity "The Catholic Mary": Quite Contrary to the Bible? Dave Armstrong, 2010-10-27 The theology and beliefs concerning the Blessed Virgin Mary Mother of our Lord Jesus have long been a contentious issue between Catholics and Protestants The latter often maintain that the Catholic Mary is a corruption of the true biblical Mary the humble and lowly handmaiden Catholic apologist Dave Armstrong shows how the Catholic and the biblical Mary are indeed one and the same Tackling controversial topics such as Mary's Immaculate Conception Assumption and perpetual virginity asking Mary to intercede the Rosary the flowery and seemingly excessive devotional language of the saints and Mary as a distributor of God's grace and salvation just as St Paul and indeed all of us are intended to be Armstrong provides biblical and rational support for all Catholic Marian beliefs and practices making them accessible understandable and able to be espoused by all who accept the inspiration of the Bible **Seeing Faith, Printing Pictures: Religious Identity during the English Reformation** David J. Davis, 2013-03-27 Scholarship on religious printed images during the English Reformation 1535-1603 has generally focused on a few illustrated works and has portrayed this period in England as a predominantly non visual religious culture The combination of iconoclasm and Calvinist doctrine have led to a misunderstanding as to the unique ways that English Protestants used religious printed images Building on recent work in the history of the book and print studies this book analyzes the widespread body of religious illustration such as images of God the Father and Christ in Reformation England assessing what religious beliefs they communicated and how their use evolved during the period The result is a unique analysis of how the Reformation in England both destroyed certain aspects of traditional imagery as well as embraced and reformulated others into expressions of its own character and identity

**For Him Who Has Eyes to See** Edmund J. Rybarczyk, 2016-09-30 Too many Christians are afraid of beauty This fear disconnects these Christians from their larger culture a culture that is increasingly visual increasingly aware of the presence and power of images and more commonly fascinated by the power of beauty and form This historical theological overview presents the thought of ten theologians and one philosopher in an attempt to give Christians helpful vocabulary concerning beauty and aesthetics It is time to use beauty and aesthetics for the mission of Christ And yet rather than simply parrot the larger post Christian culture Christians and churches need to employ beauty and aesthetics in a manner that echoes God's own revelation creation and redemption through Jesus Christ We need to develop a sensitivity that can perceive beauties ignored We need theological framing that both respects the glory of God's handiwork and keeps it from becoming idolatrous We need to live with wonder for the bounty that routinely surrounds us In short we need eyes to see **Jesus Made in America** Stephen J. characterize their experience to discover what might be considered the living images of these faiths Set in the context of contemporary discussions of the nature of religion and visual culture this richly textured study of visual and sensory practices in religion raises fundamental questions about the place of belief and ritual practice and the role these play in our increasingly pluralistic religious culture

**The Beauty of the Triune God** Kin Yip Louie, 2013-07-29 The eighteenth century Puritan theologian Jonathan Edwards has become popular again in contemporary theological discussion Central to Edwards theology is his concept of beauty Delattre wrote the standard work on this topic half a century ago However Delattre approaches Edwards mainly as a philosopher and he does not address how Edwards employs the concept of beauty to explain and defend traditional Reformed doctrines Recent writings by McClymond Holmes and others have shown that defending the Reformed tradition is a fundamental concern of Edwards This work reveals how Edwards starting with the common notion that beauty means the appropriate proportional relationship develops a theological aesthetic that contributes to a rational understanding of major doctrines such as the Trinity Christology and eschatology It shows that Edwards is both an innovative speculative theologian and a staunch defender of Reformed orthodoxy *Creation and Salvation* E. M. Conradie, 2012 Christians trying to save the planet have to relate creation with salvation This volume explores the ways in which classic theologies have approached these tasks
