Reformed Theology Identity And Ecumenicity:

Reformed Theology Wallace M. Alston, Michael Welker, 2003 Christian theology classically defined is faith's intellectual work of seeking understanding not in order to prove its truth but to persuade those who hear it proclaimed Theology done from within the Reformed tradition has long displayed this quality and it continues to develop in response to our changing world **Reformed Theology Identity and Ecumenicity** is an excellent resource for readers interested in examining current trends and motifs in Reformed thought Written by systematic theologians from around the world this book explores the meaning of the Reformed tradition and its relevance for the contemporary church The contributors highlight ways that Reformed theology can enrich the church ecumenical even as they seek to realize a more catholic Reformed community of inquiry Contributors P Mark Achtemeier Wallace M Alston Jr H Russel Botman Eberhard Busch Dawn DeVries Margit Ernst Gabriel Fackre Douglas Farrow David Fergusson Botond Gaal Colin Gunton George Hunsinger William Stacy Johnson Yung Han Kim Ulrich H J Kortner Jan Mili Lochman Bruce L McCormack Peter McEnhill Daniel L Migliore Piet J Naude Milan Opocnsky Jan Rohls Dirk Smit George W Stroup A van de Beek Leanne Van Dyk Michael Weinrich Michael Welker Myung Yong Kim Carver T Yu **Reformed Theology** Wallace M. Reformed Theology Michael Allen, Scott R. Swain, 2020 A comprehensive study of Reformed theology spanning historical contexts to contemporary discussions Contributors provide a range of theological essays to assess representative texts of the Reformed tradition Explores the intricate ties between patristic medieval and modern thought in Reformed theology Accessible authoritative and clearly organized Book jacket [Christian Identity](#) International Reformed Theological Institute. International Conference, 2008 The volume offers contributions reflecting the understanding of Christian identity in the midst of changing cultural socio economic political and religious context in a globalized world **Christian Identity** Borght, 2008-07-31 In this age of globalization a need for a communicative explanation of personal and group positions also motivates Christians to describe more precisely their identity in relation to other actors in society What makes a Christian a Christian What is specifically Christian in social actions or political calling Is there a difference between Christian justice and justice in general and the way Christians deal with justice What is our calling as Christians The contributions in this volume are the result of the 6th biannual IRTI conference in Seoul 2005 on this theme **Calvinism and the Making of the European Mind**, 2014-09-18 Calvinism must be assigned a significant place among the forces that have shaped modern European culture Even now despite its history of religious fragmentation and secularization Europe continues to bear the marks of a pervasive Calvinist ethos The character of that ethos is however difficult to pin down In this volume many of the traditional scholarly conundrums about the relationship between Calvinism and the cultural history of Europe are revisited and re-investigated to see what new light can be shed on them For example how has the ethos of Calvinism or more broadly the Reformed tradition affected economic thinking and practice the development of the sciences views on religious toleration

or the constitution of European polities In general what kind of transformations did Calvinism s distinct spirituality bring about Such questions demand painstaking and detailed scholarly work a fine sample of which is published in this volume

Essays on the Real Church Dirk J. Smit, 2024-08-15 The spirit of the Reformation is often expressed in the well known slogan that Reformed churches are always being reformed according to God s Word *ecclesia reformata semper reformanda secundum verbum Dei* Over the last century the spirit of this slogan motivated someone like Dietrich Bonhoeffer to argue that the visible form and life of the church should reflect the truth and message of the church Already in his doctoral dissertation called *Sanctorum Communio* the communion of the saints the young Bonhoeffer combined theological claims and traditions with social theory and analysis in this spirit in an innovative way to study the nature and integrity and witness of the church At the time this was a radical claim with major consequences and challenges for Protestant churches Their life which meant their order structure actions statements convictions public presence and role was to be measured by their gospel which meant their message proclamation convictions claims They could no longer proclaim one truth yet live a different life It was this spirit which led to the well known Theological Declaration of Barmen in 1934 and to the formation of the Confessing Church in Nazi Germany Many called this a moment of truth a *status confessionis* It was this same spirit which later inspired the struggle in South Africa for the integrity and faithfulness of the church and for the credibility of its message proclamation and witness The contributions in this volume 52 papers essays sermons studies were all produced in this spirit Most of them have not been published before They were all occasional pieces written over several decades in different contexts and for different purposes and audiences yet they all breathe this self critical spirit of the Reformation considering whether the real church the concrete every day actual living church that people know and experience and perhaps belong to truly strives to embody the gospel itself the message which it claims and proclaims They all inquire under different circumstances and in diverse ways about different social forms of the real church from worship to congregation from denomination to ecumenical church from individual believers to movements and organisations whether and how they embody the truth of the church or not Together these contributions tell a story the story of this spirit in South African circles over several decades but also in the ecumenical church in our globalizing world They offer one small glimpse into different concrete moments in the story of this spirit in the life of this tradition and community of faith Hopefully some of these accounts may resonate with others who also shared the same spirit and still share it today in new and ongoing ways Karl Barth on the Filioque David Guretzki, 2016-04-22 Despite the burgeoning literature on Karl Barth his doctrine of the Holy Spirit continues to be under appreciated by his friends and critics alike Yet while Barth s commitment to the doctrine of the procession of the Holy Spirit from the Father and the Son Filioque is well known many scholars dismiss his stand as ecumenically untenable and few have bothered to subject his stance on the Filioque to close theological analysis For those interested in this long standing ecumenical point of contention between Eastern and Western trinitarian theology this book

will show how Barth's doctrine of the Filioque may still have something to contribute to the debate. The work traces the origin of Barth's commitment to the Filioque in his early career particularly in *Romans* and the *Göttingen Dogmatics* and then analyzes how the doctrine functions throughout the Church Dogmatics. Guretzki concludes that Barth's doctrine of the Filioque while clearly standing within the Western trinitarian tradition is atypical in that he refuses to speak of a double procession in favour of a common procession of the Spirit a position that has more affinity with the Eastern position than many of Barth's critics may have thought.

United and Uniting Albert J.D. Walsh, 2011-05-01 The United Church of Christ was formed in 1957 to be first and foremost a proactive agent in the often tangled but nonetheless breathtaking ministry and mission of ecumenicity in the pursuit of ever greater visible unity among the diversity of Christian churches. This singular task of ecumenicity is arguably the most crucial in the formulation of an ecclesiology essential to the United Church of Christ as a united and uniting church a mission. Albert Walsh refers to in this book as her God-given vision and vocation. In *United and Uniting* Walsh contends that the identity and self-understanding of the UCC at both national and local levels is best comprehended as a Christ-centered and conciliar fellowship and therefore her ecclesiology must be fundamentally ecumenical. A Christ-centered ecumenicity must shape inform and characterize the whole of her ecclesiology and membership in the UCC is defined almost exclusively in terms of a conciliar identity. Walsh advocates a return to ecumenical formation at the level of the grassroots or membership in the local congregation as holding the greatest promise for furtherance of the wider ecumenical mission.

Theology in Service to the Church Allan Hugh Cole, 2014-07-17 As a global religion with growing numbers of expressions Christianity calls for deepening relationships across traditions while also formulating collaborative visions. A thriving church will require Christians from various traditions and on varying trajectories to become familiar with one another appreciate one another and work in common service to God in Jesus Christ. In this book a group of thirteen distinguished scholars from around the world and representing a range of Orthodox Catholic and Protestant perspectives demonstrate how theological reflection and broad-based ecumenical conversations may serve the church. Reflecting on numerous salient matters facing the global church these scholars model what may be accomplished in ecumenical conversations that recognize the gifts that come with unity across diversity among those who seek to be faithful to Jesus Christ.

Remembering Theologians - Doing Theology Dirkie Smit, 2013-10-01 Theology for me has always been about friendship whether with students postgraduate students colleagues ministers ecumenical believers from different traditions theologians from abroad or simply books and publications articles and sources. This volume is a witness to some of these friends and some of these conversation partners dead and alive near and far like-minded or from totally different backgrounds and persuasions I have met over several decades and with whom I have been privileged to engage doing theology.

Dirk J Smit **The Land of Israel in Bible, History, and Theology** Jacques Ruiten, Jacobus Cornelis De Vos, 2009 This book deals with many aspects of the land of Israel. In the first part the emphasis is on descriptions of the land in Joshua

and other books of the Hebrew and Greek Bible In the second part the focus shifts to the land in history and theology reception history of biblical texts dealing with the land archaeology of Palestine and theological hermeneutical implications of taking the land traditions of the Bible seriously The result is a rich collection of articles on one of the main themes of the Old Testament a theme that has a fascinating although not always unproblematic reception history **With All the Fullness of God** Jared Ortiz, 2021-01-12 Christians confess that Christ came to save us from sin and death But what did he save us for One beautiful and compelling answer to this question is that God saved us for union with him so that we might become partakers of the divine nature 1 Pet 2 4 what the Christian tradition has called deification This term refers to a particular vision of salvation which claims that God wants to share his own divine life with us uniting us to himself and transforming us into his likeness While often thought to be either a heretical notion or the provenance of Eastern Orthodoxy this book shows that deification is an integral part of Catholicism Orthodoxy and many Protestant denominations Drawing on the resources of their own Christian heritages eleven scholars share the riches of their respective traditions on the doctrine of deification In this book scholars and pastor scholars from diverse Christian expressions write for both a scholarly and lay audience about what God created us to be adopted children of God who are called even now to be filled with all the fullness of God Eph 3 19 **The Ten Commandments** Patrick D. Miller, 2009-08-06 In this volume Patrick D Miller studies the Ten Commandments as ancient document and as contemporary guide With careful attention to each commandment in its original context this book shows the reader the modern relevance of these basic principles as well as how the ideas of each commandment influenced the New Testament More than an intellectual exercise The Ten Commandments applies the call of the commandments to modern day issues Westminster John Knox Press is proud to introduce an exciting new phase in the renowned Interpretation commentary series Instead of focusing on individual books of the Bible these new volumes will focus on the Bible's most enduring passages and most vital themes bringing to these topics the insight and faithful wisdom that are longtime hallmarks of the Interpretation series This expanded Interpretation series will be an excellent resource for all those who teach preach and study the Bible **Theosis in the Theology of Thomas Torrance** Myk Habets, 2016-02-17 Torrance's vision of Theosis deification divinisation is explored through his doctrine of creation and anthropology his characterisation of the incarnation his accounts of reconciliation and union with Christ and his theology of church and sacraments Myk Habets study distinguishes Torrance's Reformed vision of theosis from other possible accounts of salvation as divinisation as they are found for instance within patristic thought and Eastern Orthodoxy This book presents the first critique of the theology of T F Torrance to focus on theosis and examines a model of theosis within the realm of reformed theology built upon Western theology **Missiological Research** Marvin Gilbert, Alan R. Johnson, Paul W. Lewis, 2018-01-15 Interdisciplinary Foundations Methods and Integration This comprehensive volume is one you will pull off your shelf again and again as you delve into missiological study The editors could not have made a more thorough or straight forward volume

Scottish Federalism and Covenantalism in Transition Stephen G Myers,2016-09-29 How freely can salvation be offered to people How do Law and Grace find balance What influence does federal theology have on the overall theological enterprise How does a confessional church interact with both the civil government and other religious communions These are the questions roiling the twenty first century church these were the questions threatening to splinter the Scottish church in the early eighteenth century In those earlier days of mounting theological confrontation within the Scottish church Ebenezer Erskine a parish minister renowned for his evangelistic zeal had a major role to play Through this examination of the theology and ministry of Erskine one therefore gains not only a deeper understanding of a man critically important within Presbyterian history but also insight into the pressing theological disputes of the day By analysing Erskine s contributions to ongoing theological discussion greater clarity is gained on the development of federal theology on the root causes of the Marrow controversy and on the challenges involved as increasing religious diversity penetrated lands once dominated by national churches In these areas and more Erskine serves both to illuminate an obscure era and to refine modern understandings of still controversial theological issues
