Reframing The Theory Of The Sublime Pillars And Modes:

Reframing the Theory of the Sublime Cliff McMahon, 2004 The discourse of the sublime in this study becomes positioned in new perspectives when an amalgamation is made between major classical theorists and contemporary theorists leading to something like an anatomy of the sublime presented here as a theory of modes This amalgamation blends the sublimicist concepts of Longinus Burke Kant Nietzsche Herbert Weiskel Paul Crowther Jean Francois Lyotard Frances Ferguson Slavoj Zizek Terry Eagleton Harold Bloom David Nye Jeremy Gilbert Rolfe Sartre and Jung The treatment of Sartre and Jung shows that they generated major changes in the thought climate which established new modes of sublime experience recognized in modern art This study seeks to elucidate not only the standard core concepts of the theorists but also to bring to new prominence certain neglected religious Offering important innovative enlargements of the basic terminology for the discourse field this study opens new doors to the analysis of sublime experiences and sublime objects and thus new doors to the analysis of art works and artists programs as well as new extensions of aesthetic theory **Lucan and the Sublime** Henry J. M. Day, 2013-01-24 This is the first comprehensive study of the sublime in Lucan Drawing upon renewed literary critical interest in the tradition of philosophical aesthetics Henry Day argues that the category of the sublime offers a means of moving beyond readings of Lucan's *Bellum Civile* in terms of the poem's political commitment or alternatively nihilism Demonstrating in dialogue with theorists from Burke and Kant to Freud Lyotard and Ankersmit the continuing vitality of Longinus' foundational treatise *On the Sublime* Day charts Lucan's complex and instructive exploration of the relationship between sublimity and ethical discourses of freedom and oppression Through the *Bellum Civile*'s cataclysmic vision of civil war and metapoetic accounts of its own genesis through its heated linguistic texture and proclaimed effects upon future readers and most powerfully of all through its representation of its twin protagonists Caesar and Pompey Lucan's great epic emerges as a central text in the history of the sublime **The Sublime Today** Gillian B. Pierce, 2013-01-04 *The Sublime Today* considers contemporary applications of aesthetic philosophy and earlier theories of the sublime from Longinus Boileau Burke Kant and Hegel to current literary and cultural contexts Today aesthetic experience itself seems to be changing given the rise of new media and new conditions for the viewing and the reception of works of art How might the rhetoric of the sublime be used to both describe our current situation and help formulate constructive responses to it *The Sublime Today* collects the work of scholars in literature film art and media studies and provides a forum for investigating the contemporary relevance of the sublime both as it has been understood historically and as it has been formulated by more recent theorists such as Jameson Lyotard Kristeva and others The volume includes essays on literary readings of the sublime in Coetzee Eggers Lahiri and Auster essays on film and the visual arts in the work of Francois Ozon and in recent participatory art and essays on how new technologies and media as in media representations of 9/11 reframe our relationship to the aesthetics of the sublime especially as they intersect with questions of gender the postcolonial and the

uneasy politics of terror Beauty, Violence, Representation Lisa A. Dickson, Maryna Romanets, 2014-05-09 This volume explores the relationship among beauty violence and representation in a broad range of artistic and cultural texts including literature visual art theatre film and music Charting diversifying interests in the subject of violence and beauty dealing with the multiple inflections of these questions and representing a spectrum of voices the volume takes its place in a growing body of recent critical work that takes violence and representation as its object This collection offers a unique opportunity however to address a significant gap in the critical field for it seeks to interrogate specifically the nexus or interface between beauty and violence While other texts on violence make use of regimes of representation as their subject matter and consider the effects of aestheticization beauty as a critical category is conspicuously absent Furthermore the book aims to rehabilitate beauty implicitly conceptualized as politically or ethically regressive by postmodern anti aesthetics cultural positions and further facilitate its come back into critical discourse **Satirizing Modernism** Emmett Stinson, 2017-06-01 Satirizing Modernism examines 20th century novels that satirize avant garde artists and authors while also using experimental techniques associated with literary modernism These novels such as Wyndham Lewis s *The Apes of God* William Gaddis s *The Recognitions* and Gilbert Sorrentino s *Imaginative Qualities of Actual Things* were under recognized and received poor reviews at the time of publication but have increasingly been acknowledged as both groundbreaking and deeply influential Satirizing Modernism analyzes these novels in order to present an alternative account of literary modernism which should be viewed neither as a radical break with the past nor an outmoded set of aesthetics overtaken by a later postmodernism In self reflexively critiquing their own aesthetics these works express an unconventional modernism that both revises literary history and continues to be felt today Victorian Periodicals Review ,2005 Book Review Index Cumulation Dana Ferguson, 2005-09 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year **Books In Print 2004-2005** Ed Bowker Staff, Staff Bowker, Ed, 2004 Landschaft um 1800 Thomas Noll, Urte Stobbe, Christian Scholl, 2012-07-24 Die Wahrnehmung von Landschaft als eines bildhaft aufgefassten Welt und Naturausschnitts erlangte in der zweiten H lfte des 18 Jahrhunderts einen nie zuvor gekannten Stellenwert Zugleich vollzogen sich in der Landschaftswahrnehmung die nicht gleichbedeutend mit Naturwahrnehmung zu verstehen ist tiefgreifende Ver nderungen die bis in unsere Gegenwart hinein pr gend geblieben sind Dies betrifft vor allem die Vorstellung einer unmittelbaren affektiven Beziehung zwischen dem Charakter der Landschaft und dem sie betrachtenden Subjekt Nun erst werden Landschaften gleichsam zum Sprechen gebracht aber auch ihre wissenschaftliche Erkundung und
