FIND YOUR TRUE SELF AND BECOME THE ALPHA MALE THAT YOU WERE ALWAYS MEANT TO BE TODAY. The Power Trap Nik Kinley, 2025-07-12. We have an entirely messed up relationship with power. It is something that almost everyone wants that promises much and can help us achieve great things. Yet power isn't something we openly talk about or understand, and that's a problem. While power is an essential part of every leadership role, it is also a difficult and sometimes toxic partner that changes everyone who holds it. And often in ways that make being a good leader much harder. Approached carefully, however, the worst of power's negative effects can be avoided and balanced by its positives. This book shows you how. It reveals what power does to people and how it both affects them as leaders and the people they lead. And it shows how in turn leaders can affect the positions of power they hold too.

Incorporating the latest neuroscience the book offers clear lessons for how to successfully manage power For leaders it provides practical advice on how to survive having power avoiding its worst effects For organisations and institutions it is about how to ensure that the people who have power are equipped and supported to thrive with it And for us all as people who choose and follow leaders it is about how we can identify those most at risk of falling to power s dark side Ultimately this book provides a plan for how we can have a healthier relationship with power so that as individuals we can be better leaders and as organisations and societies we can be better led
