Escobar, 2009-03-03 As discipleship demands new perspectives and priorities these homilies articulate relationships in a variety of settings images and lifestyles of being in the world with others Though they help us understand the presence of God in our lives living with our own mystery and spirituality becomes like a dependable compass that is always there to guide us God sees what is in each human heart and we give ourselves the space and the time to nourish it with the mystery of his love for us It is our road map as we walk by faith and not by sight alone Jesus life teaching and ministry in a particular place time and culture have great significance to our journey as far as our mission is concerned He identifies himself with the people across cultures and he enters into solidarity with those in need St Augustine once said Faith is to believe what we do not see and the reward of this faith is to see what we believe We may not know where our journey takes us because there is not much of a plan but it is our faith that sustains us to complete a journey through thick and thin It provides us with the opportunity to let the mind wander and watch and listen to God in prayer Hence whether it is a daily walk or the journey through daily life these homilies are offered to help us continue with confidence with enthusiasm to move on and in every sense be men and women of the Gospel After all as the late Mother Teresa of Calcutta once wrote We cannot all do great things but can do small things with great love **Paperbound Books in Print 1995** Reed Reference Publishing, R5ference Reed, 1995-12 **Subject Guide to Books in Print**, 2001 **International Mission Bibliography** Norman E.
