morality with consumerism America's elites prey on our innermost insecurities about who we really are They sell us cheap social causes and skin deep identities to satisfy our hunger for a cause and our search for meaning at a moment when we as Americans lack both This book not only rips back the curtain on the new corporatist agenda it offers a better way forward America's elites may want to sort us into demographic boxes but we don't have to stay there Woke Inc begins as a critique of stakeholder capitalism and ends with an exploration of what it means to be an American today a journey that begins with cynicism and ends with hope
