*The Scandalous Penton* Patrick Buckridge,1994-01-01 An intriguing biography which tackles many of the enigmas surrounding Brian Penton's life and writing career A novelist journalist and newspaper editor Penton was a significant public figure from the 1920s to his untimely death in 1951 **The Holocaust and Australian Journalism** Fay

Anderson,2024-03-18 This book explores the Australian press reporting of the persecution and genocide of European Jews and the extent to which the news of the Holocaust was known and believed revealed and hidden and acknowledged and minimised Spanning the coverage of Hitler's political ascent in the 1920s through to the Nazis extermination campaign it culminates in the accounts of the trials of Nazi war criminals and the post war transnational migration to Australia of Holocaust survivors to a country far from universally welcoming in its reception of them The book also tells the story of the journalists who reported on these tragic events and the editors who published them along with the political social and cultural context in which they worked in an environment influenced by exclusionary ideas about race and nationality that did not necessarily inspire sympathy for Jews and their trauma This book sheds light on the ethics of reporting human suffering violence and genocide and centrally on the role of the press in shaping Australia's collective memory of the Holocaust It encourages readers to think critically about media power public apathy advocacy and the importance of truth Disturbing evidence of increasing antisemitism in Australia as elsewhere along with continuing Holocaust denial provide an additional urgency to this study **By the Book** Patrick Buckridge,Belinda McKay,2007-09 Queensland a place of barren land and

political inertia and mediocrity His book *The Lucky Country* was profoundly influential and without doubt one of the most significant shots ever fired in Australia's endless culture war Ryan Cropp's landmark biography positions Horne as an antipodean Orwell a lively independent and distinct literary voice searching for the temper of the people accepting it and moving on from there Through the eyes and unforgettable words of this preternaturally observant and articulate man we see a recognisable modern Australia emerge Shortlisted for the 2024 National Biography Award A compulsive read about a writer who shaped the way we Australians think about ourselves Judith Brett Unmissable for anybody interested in the intellectual life of this country Sean Kelly Ryan Cropp's thoughtful life of Donald Horne charted the restless and provocative habits of his subject with care and elegance and animated decades of faded news and current affairs with colour and poise Patrick Mullins *Australian Book Review Books of the Year 2023* In his accomplished and insightful biography Cropp has captured a full life well lived that was a tribute to the importance of paying attention and making a difference Julianne Schultz *The Conversation* **Australia's Boldest Experiment** Stuart Macintyre, 2015-06-01 In this landmark book Stuart Macintyre explains how a country traumatised by World War I hammered by the Depression and overstretched by World War II became a prosperous successful and growing society by the 1950s An extraordinary group of individuals notably John Curtin Ben Chifley Nugget Coombs John Dedman and Robert Menzies re-made the country planning its reconstruction against a background of wartime sacrifice and austerity The other part of this triumphant story shows Australia on the world stage seeking to fashion a new world order that would bring peace and prosperity This book shows the 1940s to be a pivotal decade in Australia At the height of his powers Macintyre reminds us that key components of the society we take for granted work welfare health education immigration housing are not the result of military endeavour but policy planning politics and popular resolve *The Cambridge Companion to Australian Literature* Elizabeth Webby, 2000-08-21 An indispensable reference for the study of Australian literature *Her Brilliant Career* Jill Roe, 2009 Stella Miles Franklin became an international publishing sensation in 1901 with *My Brilliant Career* a portrayal of an ambitious and independent woman defying social expectations that still captivates readers In a magisterial biography Roe details Miles extraordinary life **Lionel Murphy** Jenny Hocking, 2000-08-30 Now available in paperback this new version includes an epilogue by the author *Writing the Lives of Writers* Warwick Gould, T. Osborne, 2018-07-02 *Australian Books and Authors in the American Marketplace 1840s 1940s* explores how Australian writers and their works were present in the United States before the mid twentieth century to a much greater degree than previously acknowledged Drawing on fresh archival research and combining the approaches of literary criticism print culture studies and book history David Carter and Roger Osborne demonstrate that Australian writing was transnational long before the contemporary period In mapping Australian literature's connections to British and US markets their research challenges established understandings of national imperial and world literatures Carter and Osborne examine how Australian authors editors and publishers engaged productively with their American counterparts and how American readers and reviewers responded to Australian works They consider the role played by British publishers and agents in taking Australian writing to America and how the international circulation of new literary genres created new opportunities for novelists to move between markets Some of these writers such as Christina Stead and Patrick White remain household names others who once enjoyed international fame such as Dale Collins and Alice Grant Rosman have been largely forgotten The story of their books in America reveals how culture commerce and copyright law interacted to create both opportunities and obstacles for Australian writers
