Scandalous Spirits:

Where Are They Going? Stan Dotson, 2023-03-07 Where They Are Going narrates the comings and goings of five Cubans who represent some of the great cultural diversity making up Cuban as the essence of being Cuban with ancestral ties to five different parts of the world. It is an alternative account to the stereotypical storyline about Cuba we often hear in the US media that of refugees fleeing a dictatorship in search of a promised land. The largely untold story is that of people who find promise in their own patria, their homeland, despite the challenging circumstances they find there. Here you will find five Cubans who do not appear to feel trapped in tyranny; each of them has traveled the world and each made the decision to go back to their Cuban homes. The book not only tells their stories but also narrates the imagined backstories of those ancestors who left their own homelands to come and contribute to the rich culture and resilient spirit that defines what it means to be Cuban. Listen to their stories and you might find yourself pulled away from your own patria, attracted to a land and a life that could prove to be well worth whatever challenges it poses. *The Scandal of Pentecost* Wolfgang Vondey, 2023-10-19 Through a systematic analysis of the conflicts emerging when the public church encounters the public world, *The Scandal of Pentecost* argues that the public advent of the church stands in continuity with the public scandal of the incarnate and crucified Christ. The book traces the contours of this scandal in the confrontation of the dominant ruling hermeneutic of authority with a Christian hermeneutic of resistance. This highlights the brokenness of the human condition manifested by the church in the drunkenness of the disciples, the speaking in other tongues, the baptism with the Spirit, the empowerment of the flesh, and its public witness to a scandalized world. The effects of the scandal transform both the disciples individually and communally, witness and their public recognition as the church. Through the lens of a symbolic hermeneutic, the public witness of the church at Pentecost reveals a Christian scandal of anthropological proportions with the outpouring of the Spirit on all flesh; the church emerges as the symbol of humanity. *Condition Other Than Normal* Gary Tetterington, 2014-09-05 Ever blow up a gold mine? This book is about doing hard time in jail. This book is about being out on the street with no money, no friends, nothing. This book is about finding one's self finally. **Secret Sins of Society** C. E. Rogers, 1881 *The Science of Society* William Graham Sumner, Albert Galloway Keller, Maurice Rea Davie, 1927 Vols 1-3 pagged continuously Vol 4 by W G Sumner, A G Keller and M R Davie. Published under the auspices of the Sumner Club on the foundation established in memory of Philip Hamilton McMillan of the class of 1894 Yale College. Bibliographical note v 4 p 1193-1268. **The American Catholic Quarterly Review ...**, 1881 **The Missiological Spirit** Amos Yong, 2015-04-30 The field of the theology of mission has developed variously across Christian traditions in the last century. Pentecostal scholars and missiologists also have made their share of contributions to this area. This book brings the insights of pentecostal theologian Amos Yong to the discussion. It delineates the major features of what will be argued as central to a viable vision and praxis for Christian mission in a postmodern, post-Christendom, post-Enlightenment, post-Western and postcolonial world. What emerges will be a

distinctively pentecostally and evangelically informed missiological theology one rooted in the Christian salvation history narrative of Incarnation and Pentecost that is yet open to the world in its many and various cultural ethnic religious and disciplinary discourses and realities The argument unfolds through dialogical engagements with the work of others concrete case studies and systematic theological reflection Yong's pneumatological and missiological imagination proffers a model for Christian theology of mission suitable for the twenty first century global and pluralistic context even as it exemplifies how a missiological understanding of theology itself unfolds amidst engagements with contemporary ecclesial practices and academic theological impulses

The Doctrine of the Holy Spirit Yacob Godebo, 2025-07-03 The Scriptures teach the church that in biblical times the coming of the Holy Spirit equally entailed objective gift of divine reality and subjective experience of his presence gifts and works There was objective pouring out and imparting of the Holy Spirit from the divine side and subjective experiential demonstration from the receivers side which resulted from the gifts endowed and power imparted along with the Holy Spirit Having given them either verbally uttered or visibly performed gifts the Holy Spirit then moved believers towards practical demonstration through subjective experience Believers subjective experience took place only as a result of the objective gift of the Holy Spirit and the resulting endowment and empowerment Thus in the objective content of his manifestation the Holy Spirit is the objective gift of God to indwell his people In the subjective content of his manifestation the Holy Spirit endows people with audibly uttered or visibly performed gifts The subjective experience of the Holy Spirit's presence therefore is an original theological input from God just like the objective impartation of the Holy Spirit Practitioners were just objects of divine purpose and their subjective experience was divine provided and divine initiated genuine experience beyond their consciousness and calculation Reception of the Holy Spirit therefore means equally an experience of his presence gifts power and works in the church and in with and through believers from Hosanna to Maranatha
