***Rulership in 1st to 14th century Scandinavia*** Dagfinn Skre, 2019-12-16 This book seeks to revitalise the somewhat stagnant scholarly debate on Germanic rulership in the first millennium AD A series of comprehensive chapters combines literary evidence on Scandinavia's politics kings and other rulers with archaeological

documentary toponymical and linguistic evidence The picture that emerges is one of surprisingly stable rulership institutions sites and myths while control of them was contested between individuals dynasties and polities While in the early centuries Scandinavia was integrated in Germanic Europe profound societal and cultural changes in 6th century Scandinavia and the Christianisation of Continental and English kingdoms set northern kingship on a different path The pagan heroic warrior ethos essential to kingship was developed and refined only to recur overseas embodied in 9th 10th century Vikings Three chapters on a hitherto unknown masonry royal manor at Avaldsnes in western Norway excavated 2017 concludes this volume with discussions of the late medieval peak of Norwegian kingship and its eventual downfall in the late 14th century This book's discussions and results are relevant to all scholars and students of 1st millennium Germanic kingship polities and societies

*The Dating of Beowulf* Leonard Neidorf, 2014 Examinations of the date of Beowulf have tremendous significance for Anglo Saxon culture in general

**Towns and Commerce in Viking-Age Scandinavia** Sven Kalmring, 2024-01-25 This volume offers an interdisciplinary and geographically wide ranging approach to understanding the emergence of towns and commerce in Viking age Scandinavia and their eventual demise by the end of the period It tracks the diverging characteristics of urban communities against the background of traditional social structures in the Viking world

Representing Beasts in Early Medieval England and Scandinavia Michael D. J. Bintley, Thomas J. T. Williams, 2015 Essays on the depiction of animals birds and insects in early medieval material culture from texts to carvings to the landscape itself For people in the early Middle Ages the earth air water and ether teemed with other beings Some of these were sentient creatures that swam flew slithered or stalked through the same environments inhabited by their human contemporaries Others were objects that a modern beholder would be unlikely to think of as living things but could yet be considered to possess a vitality that rendered them potent Still others were things half glimpsed on a dark night or seen only in the mind's eye strange beasts that haunted dreams and visions or inhabited exotic lands beyond the compass of everyday knowledge This book discusses the various ways in which the early English and Scandinavians thought about and represented these other inhabitants of their world and considers the multi faceted nature of the relationship between people and beasts Drawing on the evidence of material culture art language literature place names and landscapes the studies presented here reveal a world where the boundaries between humans animals monsters and objects were blurred and often permeable and where to represent the bestial could be to hold a mirror to the self Michael D J Bintley is Senior Lecturer in Medieval Literature at Canterbury Christ Church University Thomas J T Williams is a doctoral researcher at UCL's Institute of Archaeology Contributors No l Adams John Baker Michael D J Bintley Sue Brunning L szl S ndor Chardonnes Della Hooke Eric Lacey Richard North Marijane Osborn Victoria Symons Thomas J Williams

**Ancestor Worship and the Elite in Late Iron Age Scandinavia** Triin Laidoner, 2020-01-14 Ancestor worship is often assumed by contemporary European audiences to be an outdated and primitive tradition with little relevance to our societies past and present This book questions

that assumption and seeks to determine whether ancestor ideology was an integral part of religion in Viking Age and early medieval Scandinavia. The concept is examined from a broad socio-anthropological perspective which is used to structure a set of case studies which analyse the cults of specific individuals in Old Norse literature. The situation of gods in Old Norse religion has been almost exclusively addressed in isolation from these socio-anthropological perspectives. The public gravemound cults of deceased rulers are discussed conventionally as cases of sacral kingship and more recently religious ruler ideology both are seen as having divine associations in Old Norse scholarship. Building on the anthropological framework this study introduces the concept of superior ancestors employed in social anthropology to denote a form of political ancestor worship used to regulate social structure deliberately. It suggests that Old Norse ruler ideology was based on conventional and widely recognised religious practices revolving around kinship and ancestors and that the gods were perceived as human ancestors belonging to elite families.

*The Cambridge History of Ireland: Volume 1, 600-1550* Brendan Smith, Thomas Bartlett, 2018-04-26 The thousand years explored in this book witnessed developments in the history of Ireland that resonate to this day. Interspersing narrative with detailed analysis of key themes, the first volume in the Cambridge History of Ireland presents the latest thinking on key aspects of the medieval Irish experience. The contributors are leading experts in their fields and present their original interpretations in a fresh and accessible manner. New perspectives are offered on the politics, artistic culture, religious beliefs and practices, social organisation and economic activity that prevailed on the island in these centuries. At each turn the question is asked to what extent were these developments unique to Ireland. The openness of Ireland to outside influences and its capacity to influence the world beyond its shores are recurring themes. Underpinning the book is a comparative outward-looking approach that sees Ireland as an integral but exceptional component of medieval Christian Europe.

**Writing Battles** Máire Ní Mhaonaigh, Rory Naismith, Elizabeth Ashman Rowe, 2020-05-14 Battles have long featured prominently in historical consciousness as moments when the balance of power was seen to have tipped or when aspects of collective identity were shaped. But how have perspectives on warfare changed? How similar are present-day ideologies of warfare to those of the medieval period? Looking back over a thousand years of British, Irish and Scandinavian battles, this significant collection of essays examines how different times and cultures have reacted to war, considering the changing roles of religion and technology in the experience and memorialisation of conflict. While fighting and killing have been deplored, glorified and everything in between across the ages, *Writing Battles* reminds us of the visceral impact left on those who come after.

**The Evolution of Social Institutions** Dmitri M. Bondarenko, Stephen A. Kowalewski, David B. Small, 2020-09-12 This book presents a novel and innovative approach to the study of social evolution using case studies from the Old and the New World from prehistory to the present. This approach is based on examining social evolution through the evolution of social institutions. Evolution is defined as the process of structural change. Within this framework, the society or culture is seen as a system composed of a vast number of social

institutions that are constantly interacting and changing As a result the structure of society as a whole is also evolving and changing The authors posit that the combination of evolving social institutions explains the non linear character of social evolution and that every society develops along its own pathway and pace Within this framework society should be seen as the result of the compound effect of the interactions of social institutions specific to it Further the transformation of social institutions and relations between them is taking place not only within individual societies but also globally as institutions may be trans societal and even institutions that operate in one society can arise as a reaction to trans societal trends and demands The book argues that it may be more productive to look at institutions even within a given society as being parts of trans societal systems of institutions since despite their interconnectedness societies still have boundaries which their members usually know and respect Accordingly the book is a must read for researchers and scholars in various disciplines who are interested in a better understanding of the origins history successes and failures of social institutions     **A**

**Cumulative Bibliography of Medieval Military History and Technology, Update 2003-2006** Kelly DeVries,2008-01-31 This is the second update of A Cumulative Bibliography of Medieval Military History and Technology which appeared in 2002 It is meant to do two things to present references to works on medieval military history and technology not included in the first two volumes and to present references to all books and articles published on medieval military history and technology from 2003 to 2006 These references are divided into the same categories as in the first two volumes and cover a chronological period of the same length from late antiquity to 1648 again in order to present a more complete picture of influences on and from the Middle Ages It also continues to cover the same geographical area as the first and second volume in essence Europe and the Middle East or again influences on and from this area The languages of these bibliographical references reflect this geography     **The Vikings in History** F. Donald Logan,2013-11-05 Completely updated to include

important primary research archaeological findings and debates from the last decade this third edition of F Donald Logan s successful book examines the Vikings and their critical role in history The author uses archaeological literary and historical evidence to analyze the Vikings overseas expeditions and their transformation from raiders to settlers Focusing on the period from 800 1050 it studies the Vikings across the world from Denmark and Sweden right across to the British Isles the North Atlantic and the New World This edition includes a new epilogue explaining the aims of the book updated further reading sections maps and photographs By taking this new archaeological and primary research into account the author provides a vital text for history students and researchers of this fascinating people     **The Viking World** Stefan Brink,Neil

Price,2008-10-31 Filling a gap in the literature for an academically oriented volume on the Viking period this unique book is a one stop authoritative introduction to all the latest research in the field and the most comprehensive book of its kind ever attempted     **Cross and Scepter** Sverre Bagge,2016-02-09 A concise history of medieval Scandinavia Christianity and

European style monarchy the cross and the scepter were introduced to Scandinavia in the tenth century a development that

was to have profound implications for all of Europe Cross and Scepter is a concise history of the Scandinavian kingdoms from the age of the Vikings to the Reformation written by Scandinavia's leading medieval historian Sverre Bagge shows how the rise of the three kingdoms not only changed the face of Scandinavia but also helped make the territorial state the standard political unit in Western Europe He describes Scandinavia's momentous conversion to Christianity and the creation of church and monarchy there and traces how these events transformed Scandinavian law and justice military and administrative organization social structure political culture and the division of power among the king aristocracy and common people Bagge sheds important new light on the reception of Christianity and European learning in Scandinavia and on Scandinavian history writing philosophy political thought and courtly culture He looks at the reception of European impulses and their adaptation to Scandinavian conditions and examines the relationship of the three kingdoms to each other and the rest of Europe paying special attention to the inter Scandinavian unions and their consequences for the concept of government and the division of power Cross and Scepter provides an essential introduction to Scandinavian medieval history for scholars and general readers alike offering vital new insights into state formation and cultural change in Europe

**Authority and Gender in Medieval and Renaissance Chronicles** Juliana Dresvina, Nicholas Sparks, 2012-12-18 This volume is an attempt to discuss the ways in which themes of authority and gender can be traced in the writing of chronicles and chronicle like writings from the early Middle Ages to the Renaissance With major contributions by fourteen authors each of them specialists in the field this study spans full across the compass of medieval and early modern Europe from England and Scandinavia to Byzantium and the Crusader Kingdoms embraces a variety of media and methods and touches evidence from diverse branches of learning such as language and literature history and art to name just a few This is an important collection which will be of the highest utility for students and scholars of language literature and history for many years to come

**Ancient Scandinavia** T. Douglas Price, 2015-06-12 Scandinavia a land mass comprising the modern countries of Denmark Sweden and Norway was the last part of Europe to be inhabited by humans Not until the end of the last Ice Age when the melting of huge ice sheets left behind a fresh barren land surface about 13 000 BC did the first humans arrive and settle in the region The archaeological record of these prehistoric cultures much of it remarkably preserved in Scandinavia's bogs lakes and fjords has given us a detailed portrait of the evolution of human society at the edge of the inhabitable world In this book distinguished archaeologist T Douglas Price provides a history of Scandinavia from the arrival of the first humans to the end of the Viking period ca AD 1050 The first book of its kind in English in many years Ancient Scandinavia features overviews of each prehistoric epoch followed by illustrative examples from the region's rich archaeology An engrossing and comprehensive picture of change across the millennia emerges showing how human society evolved from small bands of hunter gatherers to large farming communities to the complex warrior cultures of the Bronze and Iron Ages cultures which culminated in the spectacular rise of the Vikings at the end of the prehistoric period The material evidence of these past

societies arrowheads from reindeer hunts megalithic tombs rock art beautifully wrought weaponry Viking warships give vivid testimony to the ancient peoples of Scandinavia and to their extensive contacts with the remote cultures of the Arctic Circle Western Europe and the Mediterranean

**Monarchs and Hydrarchs** Christian Coijmans, 2020-03-13 As the politico economic exploits of vikings in and around the Frankish realm remain to a considerable extent obscured by the constraints of a fragmentary and biased corpus of near contemporary evidence this volume approaches the available interdisciplinary data on a cumulative and conceptual level allowing overall spatiotemporal patterns of viking activity to be detected and defined and thereby challenging the notion that these movements were capricious haphazard and gratuitous in character Set against a backdrop of continuous commerce and knowledge exchange this overarching survey demonstrates the existence of a relatively uniform sequential framework of wealth extraction encampment and political engagement within which Scandinavian fleets operated as adaptable ambulant polities or hydrarchies By delineating and visualising this framework a four phased conceptual development model of hydrarchic conduct and consequence is established whose validity is substantiated by its application to a number of distinct regional case studies The parameters of this abstract model affirm that Scandinavian movements across Francia were the result of prudent and expedient decision making processes contingent on exchanged intelligence cumulative experience and the ongoing individual and collective need for socioeconomic subsistence and enrichment Monarchs and Hydrarchs will appeal to both students and specialists of the Viking Age whilst serving as an equally valuable resource to those investigating early medieval Francia Scandinavia and the North Sea world as a whole

*A Companion to the Early Middle Ages* Pauline Stafford, 2012-12-26 Drawing on 28 original essays *A Companion to the Early Middle Ages* takes an inclusive approach to the history of Britain and Ireland from c 500 to c 1100 to overcome artificial distinctions of modern national boundaries A collaborative history from leading scholars covering the key debates and issues Surveys the building blocks of political society and considers whether there were fundamental differences across Britain and Ireland Considers potential factors for change including the economy Christianisation and the Vikings

*Dragon Lords* Eleanor Parker, 2018-05-01 Why did the Vikings sail to England Were they indiscriminate raiders motivated solely by bloodlust and plunder One narrative the stereotypical one might have it so But locked away in the buried history of the British Isles are other far richer and more nuanced stories and these hidden tales paint a picture very different from the ferocious pillagers of popular repute Eleanor Parker here unlocks secrets that point to more complex motivations within the marauding army that in the late ninth century voyaged to the shores of eastern England in its sleek dragon prowed longships Exploring legends from forgotten medieval texts and across the varied Anglo Saxon regions she depicts Vikings who came not just to raid but also to settle personal feuds intervene in English politics and find a place to call home Native tales reveal the links to famous Vikings like Ragnar Lothbrok and his sons Cnut and Havelok the Dane Each myth shows how the legacy of the newcomers can still be traced in landscape place names and local history This book uncovers the remarkable degree to

which England is Viking to its core

### **Scandinavians From The Vendel Period To The Tenth Century Introduction**

Scandinavians From The Vendel Period To The Tenth Century Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Scandinavians From The Vendel Period To The Tenth Century Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Scandinavians From The Vendel Period To The Tenth Century : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Scandinavians From The Vendel Period To The Tenth Century : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Scandinavians From The Vendel Period To The Tenth Century Offers a diverse range of free eBooks across various genres. Scandinavians From The Vendel Period To The Tenth Century Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Scandinavians From The Vendel Period To The Tenth Century Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Scandinavians From The Vendel Period To The Tenth Century, especially related to Scandinavians From The Vendel Period To The Tenth Century, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Scandinavians From The Vendel Period To The Tenth Century, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Scandinavians From The Vendel Period To The Tenth Century books or magazines might include. Look for these in online stores or libraries. Remember that while Scandinavians From The Vendel Period To The Tenth Century, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Scandinavians From The Vendel Period To The Tenth Century eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Scandinavians From The Vendel Period To The Tenth Century full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Scandinavians From The Vendel Period To The Tenth Century eBooks, including some popular titles.

### FAQs About Scandinavians From The Vendel Period To The Tenth Century Books

**What is a Scandinavians From The Vendel Period To The Tenth Century PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Scandinavians From The Vendel Period To The Tenth Century PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Scandinavians From The Vendel Period To The Tenth Century PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Scandinavians From The Vendel Period To The Tenth Century PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Scandinavians From The Vendel Period To The Tenth Century PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
