Profit from Racing Montague Harold Preston, 1969 The Grand Wheel Barrington J. Bayley, 2003-06 Cheyne Scarne was a gambler and he took the big plunge when he bet his life to get to the inner circle of the Grand Wheel Because the Wheel was the ultimate Syndicate the final Mafia that controlled all that was illegal in all the planets under human control But Cheyne was not to know whether he had won or lost when he gained his point Because the Wheel had plans for him And they made him the historic offer he could not refuse There was it seemed a similar gambling combine in the rest of the galaxy bigger by far than the little group of stars held by Earthlings And the Wheel wanted a cut in this So Cheyne Scarne found himself selected to be humanity's own player in a game in which nobody knew the value of the cards and the rules of the game were infinitely variable **SCARNE GD GAMBLING** John Scarne, *The Pro and Con of Legalized Race Track Gambling* Kentucky Anti-Race Track Gambling Commission, M. Leather-more, Or, Advice Concerning Gaming, 1668 **Black Horse Red Dog** Michael Church, 2008-10 **Texas Hold 'em Exposed** Armando Ang, 2014-07-12 Gambling is a very lucrative business for Pagcor and its franchisees as long as it is run in a monopolistic manner with the backing of the powerful government resources It only takes a small edge for the gambling empires around the world to rake in billions annually By taking advantage of human frailty and covetousness for easy money Pagcor has become the third leading money making machine for the government However it is more obscene when instead of protecting the citizenry from this vicious vice the government is taking advantage of the very people it is supposed to protect Pagcor has through the years and decades has been making its own citizenry its milking cow The original purpose of its creation was to attract tourist instead 99% of its users are gamblers many of them rich government

officials involved a gambling with unexplained wealth Instead of spending time in solving the national woes they are just doing the opposite In most Asian countries with casinos they are set up to attract foreigners and strictly enforced In South Korea where there are eight casinos all of them are catering to foreign tourist except one casino in an old mining town that was set up catering to locals because of the depression caused by the closing down of the mines in order to help the local community In Singapore the two casinos are off limit to locals But in our country these gambling dens are being set up in many places to attract the locals even though few foreigners are patronizing them The evils of gambling with its tentacles have reached to homes through the Internet as Pagcor had licensed one online company for the purpose With its mandate to operate all kinds of gambling in the country it has ant up bingo parlors in almost all malls and commercial centers without letup Bingo with its limited prizes and unlimited tickets is making outrageous income for the operators Most of One players are coming from the low income groups who cannot afford to go to the brick and mortar casinos Pagcor has no qualm about enriching the government coffer at the expense of the poor
