Scenario: Nascent Christianity Emerges Volume 1 Michael Conley, 2005-10 Scenario Nascent Christianity Emerges twenty chapters and an appendage circa 280 000 words in length Several chapters of this novel are located in my above website There s very substantial research and a care for details in my Scenario which evolved over some ten 10 years of diligent work placing 1 the world of the late First Century C E in the Eastern Mediterranean and 2 a number of interacting personages at the time before my reader Many of them are set upon concocting or interdicting the earliest version of what in the second century became the NT I am very much concerned with placing the narrative in a proper extended first century setting a matter largely restricted to the periphery not only in the four gospels of the New Testament but likewise in a sea of publications since the later nineteenth Correcting this situation means 1 putting the Romans at the center of the pictures rather than ignoring them till they fit the story tellers intentions 2 Accepting the very essential role played by Hellenistic Greeks in both Jewish and Roman life in the first century C E and acknowledging their decisive influence either directly or through Hellenised Jews in the elaboration of Christian dogma and narrative two fields which achieved their zenith only later in the second century C E Rather than speaking of the Judeo Christian sources of one s faith one is closer to the mark when one speaks of its Judeo Hellenistic framework or narrowing in on the essence of the matter to employ the designation Israelite Hellenistic See the four essays on Christianity and the very important essay of Guenter Lueling on the Sabbath in my website www.thecosmiccontext.de 3 understanding an incident in the second quarter of the first century as but a detail in a century long raging interethnic but also interregional struggle that drew in the substantial Greek communities and an array of other largely Semitic but not Jewish peoples in the larger region and 4 alerting the reader not only to attitudes prominent in the period an essential aspect of this novel but likewise to the utterly dissimilar visual world in which the narrative evolves To achieve this end extensive descriptive matter regarding building street scenes and art forms is repeatedly essential Putting it in a nutshell the city of Caesarea pros Sebaste the double name stressed the importance of its distinctive harbor region the location of much of the story reveals profound difference not only to Peoria Illinois or Times Square New York but likewise to Sidney Australia or Cape Town South Africa Scenario is in no case a tedious retelling of the life of Jesus Anything but though his brother Ya acov does lurk in the distance I m oriented towards the several decades following the Greek mythology related in the four gospels and to the extent that this is possible to the world of real humans with their frailties who set the portentous pace The events depicted in the Novel occur over a period of fifteen years 70 to 85 C E in large part in the port town of Caesarea pros Sebaste the seat from which the Romans administered much of the Palestinian territory I ve taken great pains to paint a picture of this lively port town on the Mediterranean well known throughout the Roman world of the First Century But beyond that I describe a society which following a total defeat by the Romans 66 70 71 C E is divided within itself Hellenistic concepts bolstered up by Roman might compete with Hebrew thought roman jurisprudence and

oriental norms for propriety and morality On top of this one is confronted with a series of distinctive personalities impassioned debates and hair raising adventures One is acquainted as an example with Musaeus bar Unni a successful baker in town along with his two wives and their daughters One listens as **The Concise Garland Encyclopedia of World Music, Volume 1** Garland Encyclopedia of World Music,2013-01-11 The Concise Garland Encyclopedia of World Music comprises two volumes and can only be purchased as the two volume set To purchase the set please go to <http://www.routledge.com/9780415972932> The Intellectual World of Late Antique Christianity Lewis Ayres,Michael W. The Blue Period Jesse McCarthy, 2024-04-25 To be a Black writer in the early years of the Cold War was to face a stark predicament On the one hand revolutionary Communism promised egalitarianism and lit the sparks of anticolonial struggle but was hostile to conceptions of personal freedom On the other hand the great force opposing the Soviets at midcentury was itself the very fountainhead of racial prejudice represented in the United States by Jim Crow Jesse McCarthy argues that Black writers of this time were equally alienated from the left and the right and channeled that alienation into remarkable experiments in literary form Embracing racial affect and interiority they forged an aesthetic resistance premised on fierce dissent from both US racial liberalism and Soviet Communism Ranging from the end of World War II to the rise of Black Power in the 1960s from Richard Wright and James Baldwin to Gwendolyn Brooks and Paule Marshall and others Jesse McCarthy shows how Black writers defined a distinctive moment in American literary culture that McCarthy calls the Blue Period

Stewards prophets keepers of the word these roles reflect the hierarchical social structures religious experiences and faithfulness to tradition found in ancient Mediterranean cultures and as Ritva Williams argues influenced the development of early Christianity The linear progression of leadership apostles to bishops or apostles to presbyters or charismatics to office holders etc commonly thought to have emerged in the early church does not appear in early Christian texts from the mid first to early second centuries Instead what these texts reveal is a variety diversity and plurality of ways that Christ followers

adopted and adapted these dynamic roles from antiquity as they struggled to organize and live in their local situations Book jacket **Library Journal** ,2005 *Tolstoy Studies Journal* ,2004 *Bellagio Publishing Network Newsletter* ,1996 An occasional publication concerning publishing and book development in the Third World
