## **Scenes For Mature Actors:**

**Duo!: The Best Scenes for Mature Actors** Stephen Fife, 2015-08-01 Applause Acting Series This foray into the deeply serious and deeply funny sometimes at the same time world of life after 40 focuses primarily on scenes that depict the struggles of contemporary characters to come to terms with disappointment and obsolescence or to redeem their lives from the mistakes or miscalculations of their youth It draws heavily on American classics like Long Day's Journey into Night Death of a Salesman The Price Glengarry Glen Ross Fences and Who's Afraid of Virginia Woolf as well as more recent classics in the making like August Osage County Good People and God of Carnage There is also ample representation from British playwrights like Harold Pinter Tom Stoppard Simon Gray and Peter Nichols whose work also explores this territory of growing older in a society obsessed by youth and novelty

Duo! Stephen Fife, 2008-06-01 While contemporary American culture may be fixated on youthful sex appeal the truth is that the most complex and interesting characters in dramatic literature have been and still are those over 40 years old Whether it's James and Mary Tyrone in Long Day's Journey into Night or Willy Loman in Death of a Salesman or Polly Wyeth and her sister Silda in Other Desert Cities the richest characters are those over 40 whose wealth of experience often helps little when it comes to making the difficult decisions This volume will mine the deep and fertile vein of world drama with an emphasis on lesser known contemporary work as it relates to scenes for mature actors The result is certain to be a surprising and enriching one for both the dedicated professional and the inquisitive amateur

Demastes, 2015-04-01. *Best American Short Plays*. Sticks and stones may break my bones, but words will never hurt me. Really, words can break spirits, destroy confidence. They can also build hope and incite great acts of heroism. Playwrights know this, and so do theater audiences. Otherwise, why go? Words matter and carry clout every bit as dangerous as a hammer or crowbar. This too, playwrights know. The monologues in this volume are full of such blows striking at our imaginations and our memories, generating responses such as joyful laughter or chilling surprise. Others squeeze us into worlds we've never experienced or perhaps experienced at the furthest edges of memory and recollection. Still others may help us alter the way we see certain things, people, or beliefs. *Best Monologues from The Best American Short Plays, Volume Three* is a collection of monologues drawn from the popular *Best American Short Plays* series, an archive of works from many of the best playwrights active today. Long or short, serious or not, excerpts or entireties, this collection abounds in speech acts that may trigger physical reactions and almost certainly will transform an attitude or two, drawing out lost memories, creating new ones, and definitely entertaining, engaging, amusing us all along the way. **Acting Shakespeare** John Gielgud, John Miller, 2000-02. The renowned actor draws on his experiences with Shakespeare's plays as both actor and director to illuminate the challenges of staging Shakespeare's works. **Ernst Lubitsch's *The Student Prince in Old Heidelberg*** John W. Fawell, 2018-06-20. This book takes a close look at a film that has heretofore been significantly undervalued by film scholars. Ernst Lubitsch's *The Student Prince in Old Heidelberg*. In so doing, it not only advocates for the elevation of the film within the canon of Lubitsch's films but also for an appreciation of the certain kind of filmmaking that it represents, one favored in the classical era of

Hollywood which is characterized by aesthetics meticulous structure and delicate understatement over explicit content or social relevance This book argues that The Student Prince in Old Heidelberg has perhaps been neglected because of the tendency in contemporary film criticism to devalue films that are not overtly serious in their subject matter The Student Prince in Old Heidelberg represents a master class in classical Hollywood technique a kind of filmmaking that is characterized by charm beauty and elegant form and which chooses not to express its ideas explicitly but to encase them in the substance structure and very experience of the film

**Scene Construction** Hannah Martin, AI, 2025-02-19 Scene Construction explores the captivating world of set design revealing how cinematic environments are meticulously crafted It examines the convergence of artistic vision construction techniques and technology that brings believable spaces to life on screen The book highlights the crucial role of production design and art direction where every element from set decoration to structural components contributes to the narrative s emotional impact Did you know that practical considerations like budget and location constraints significantly influence set design and that the book also addresses the ongoing debates regarding the balance between practical set construction and CGI This book uniquely focuses on the practical often unseen aspects of film making It adopts a conversational yet informative tone making complex topics accessible through detailed case studies and behind the scenes insights Beginning with the historical evolution of set design and basic architectural principles the book progresses through conceptual design physical construction and the integration of virtual sets and special effects It delves into the roles of various crew members such as production designers and set decorators while also discussing the impact of digital technologies on cinematic environments
