anniversary edition addresses the on going debate surrounding feminism and sexuality highlighting the major events that have shaped public debates around sexuality since 1995 including Lawrence vs Texas and the rights of same sex couples in Massachusetts [Framing the Sex Scene: A New Take on Israeli Film History](#) Naomi Rolef,2021-02-22 This book retells the history of Israeli film in the 1960s and 1970s in sex scenes Through close readings of the first sex scenes in mainstream Israeli movies from this period it explores the cultural and social contexts in which these movies were made More specifically it discusses how notions of collective identity individual agency and the public and private spheres are inscribed into and negotiated in sex scenes especially in light of the historical events that marked these decades This study thus pushes away from the traditional academic perception of Israeli film and opens up new ways of understanding how it has developed in recent decades It draws on a growing international body of academic literature on the cinematic representation of sex in order to illuminate the particularities of the Israeli context in the 1960s and 1970s Apart from film scholars and scholars of Israeli film this study also addresses readers interested in Israeli cultural history more broadly

Selling Sex on Screen

Karen A. Ritzenhoff,Catriona McAvoy,2015-07-16 Whether in mainstream or independent films depictions of female prostitution and promiscuity are complicated by their intersection with male fantasies In such films issues of exploitation fidelity and profitability are often introduced into the narrative where sex and power become commodities traded between men and women In Selling Sex on Screen From Weimar Cinema to Zombie Porn Karen A Ritzenhoff and Catriona McAvoy have assembled essays that explore the representation of women and sexual transactions in film and television Included in

these discussions are the films *Breakfast at Tiffany's*, *Eyes Wide Shut*, *L.A. Confidential*, *Pandora's Box* and *Shame* and such programs as *Buffy the Vampire Slayer* and *Gigolos*. By exploring the themes of class differences and female economic independence the chapters go beyond textual analysis and consider politics, censorship, social trends, laws, race and technology as well as sexual and gender stereotypes. By exploring this complex subject *Selling Sex on Screen* offers a spectrum of representations of desire and sexuality through the moving image. This volume will be of interest not only to students and scholars of film but also researchers in gender studies, women's studies, criminology, sociology, film studies, adaptation studies and popular culture.

Modernism and the Theater of Censorship Adam Parkes, 1996-02-22 Adam Parkes investigates the literary and cultural implications of the censorship encountered by several modern novelists in the early twentieth century. He situates modernism in the context of this censorship, examining the relations between such authors as D.H. Lawrence, James Joyce, Radclyffe Hall and Virginia Woolf and the public controversies generated by their fictional explorations of modern sexual themes. These authors located obscenity at the level of stylistic and formal experiment. *The Rainbow*, *Lady Chatterley's Lover*, *Ulysses* and *Orlando* dramatized problems of sexuality and expression in ways that subverted the moral, political and aesthetic premises on which their censors operated. In showing how modernism evolved within a culture of censorship *Modernism and the Theater of Censorship* suggests that modern novelists while shaped by their culture attempted to reshape it.

Sex, Power and the Folly of Marriage in Women's Novels of the 1920s Judy Cornes, 2015-10-02 The Americans experienced great social change in the decade following World War I. They were restless, often discontented, searching for the good life, the one promised to the generation who cheered on by patriotic slogans and propaganda enlisted to fight on European battlefields. While young writers such as Hemingway and Fitzgerald romanticized the lives of Americans in postwar Europe and the U.S., a number of women authors in the 1920s looked through a darker lens. The novels of Edith Wharton, Willa Cather, Margaret Wilson, Edna Ferber, Ellen Glasgow, Dorothy Scarborough and Dawn Powell set mainly in the 19th century, searched the past for the origins of postwar upheaval, especially with respect to the status of women. Today a few iconic male novelists of the 1920s are synonymous with the spirit and culture of the Jazz Age. This book focuses on their female contemporaries, largely neglected by both critics and readers who remain relevant for their exploration of timeless social and psychological themes: the battle of the sexes and its tragic consequences.

[Crime Scene London](#) Mike Hutton, 2025-04-28 Chronicles London's 1500 year history of crime from poverty driven acts to notorious figures and scandals shaping the city's dark legacy London has a history that emerges from the mist of time some 1500 years ago and is one that evolves yet never ends It has always been a breeding ground for crime as people from around the world are drawn by its numerous attractions and opportunities Each generation has produced its own colourful cast of robbers murderers and fraudsters Much of the crime was prompted by poverty and foul living conditions but the main driver has always been the desire or need for money by whatever means and the risks involved Until the eighteenth century this often involved a trip to perform the Tyburn jig in front of a baying crowd of thousands For a time Londoners staggered around in a gin induced haze Mothers often abandoned or even sold their children just for a chance to block out the horrors of a seething London The

lanes and alleys around Covent Garden were lined with prostitutes many still children Famous beauties were kept by aristocrats and royalty and referred to as courtesans although in many cases the dividing line between them and their less fortunate sisters lining the streets was thin indeed The ending of the Great War saw the appearance of drugs although at this stage they were mainly confined to the rich and influential as London entered the jazz age The second world war and the Blitz was not all about the spirit and bravery of Londoners as gangs plundered wrecked houses and even stole from corpses After the war the likes of the violent Jack Spot and Billy Hill were superseded by the Kray twins and the sadistic Richardson brothers as they fought for control of London s drinking clubs A little light relief was offered throughout the years by a succession of sexual scandals Those particularly welcome involved senior politicians A heady brew indeed covering centuries of crimes and indiscretions brought together this very readable account by author and social historian Mike Hutton *Sex Cultures* Amin Ghaziani,2017-04-03 Why is it so hard to talk about sex and sexuality In this crisp and compelling book Amin Ghaziani provides a pithy introduction to the field of sexuality studies through a distinctively cultural lens Rather than focusing on sex acts which make us feel flustered and blind us to a bigger picture Ghaziani crafts a conversation about sex cultures that zooms in on the diverse contexts that give meaning to our sexual pursuits and practices Unlike sex which is a biological expression the word sexuality highlights how the materiality of the body acquires cultural meaning as it encounters other bodies institutions regulations symbols societal norms values and worldviews Think of it this way sex culture sexuality Sex Cultures offers an introduction to sexuality unlike any other Its case study and debate driven approach animated by examples from across the globe and across disciplines upends stubborn assumptions that pit sex against society The elegance of the arguments makes this book a pleasurable read for beginners and experts alike **South-east Asian Archaeology ...** European Association of Southeast Asian Archaeologists. International Conference,1997 **Shadow of Spirit** Philippa Berry,Andrew Wernick,2006-04-27 By illuminating the striking affinity between the most innovative aspects of postmodern thought and religious mystical discourse Shadow of Spirit challenges the long established assumption that western thought is committed to nihilism This collection of essays by internationally recognised scholars explores the implications of the fascination with the sacred divine or infinite which characterizes much contemporary thought It shows how these concerns have surfaced in the work of Derrida Baudrillard Lyotard Kristeva Irigaray and others Examining the connection between this postmodern turn and the current search for a new discourse of ethics and politics it also stresses the contribution made by feminist thought to this unexpected intellectual direction
