Schan Ist Die Jugend

Karl Friedrich Neumann

Schan Ist Die Jugend:

Baldur von Schirach Oliver Rathkolb, 2022-11-04 Though three of his four grandparents were from America and the first language he learned at home was English Baldur von Schirach became one of the Third Reich's most influential individuals. He joined the Nazi Party as early as 1925 at the age of eighteen and three years later became a member of its National Leadership. He also married Henriette, the daughter of Hitler's personal photographer Heinrich Hoffmann. Von Schirach continued to rise through the ranks of the Nazi Party, reaching the rank of SA Gruppenführer. It was as the leader of the Hitler Youth organization, however, for which von Schirach is best remembered, becoming Reichsführer of the Hitler Youth on 16 June 1932 and the following year was given responsibility for all youth organizations in Germany. He also became a member of the Reichstag as a representative of the Party. Despite his influential position, he was called up for military service and served in the French campaign of 1940. Following this, he became Reich Governor and the Nazi's Gauleiter Reichsstatthalter in Vienna, powerful positions he retained until the final collapse of the Third Reich in May 1945. His responsibilities as Gauleiter and Reichsstatthalter included overseeing the deportation of Vienna's Jews to ghettos and concentration camps in occupied Poland. Though a confirmed anti-Semite later in the war, he pleaded for a moderate treatment of the eastern European peoples and criticized the conditions in which Jews were being deported. This caused a breach with Hitler and the Nazi leadership, though he managed to retain his position in Vienna. Following his capture by US troops, von Schirach was among the major war criminals put on trial at Nuremberg. Found guilty of crimes against humanity on 1 October 1946, von Schirach was sentenced to twenty years imprisonment. He served out his time in the company of Rudolf Hess and Albert Speer in Spandau prison. He admitted his crimes and his role in the deportations and in his autobiography *I Believed in Hitler*, he explained how he was drawn into the world of the Nazis. He also said that his aim was to destroy any belief in the rebirth of Nazism as well as blaming himself for not having done more to prevent the concentration camps. This detailed and balanced analysis of Baldur von Schirach reveals the true and ambivalent nature of a complex and fascinating individual who played a key role in the events leading up to and during the Second World War. Charlie Chan und der chinesische Papagei: Krimi Earl Derr Biggers, 2025-05-26 Alexander Eden trat von der nebligen Straße in den großen mit Marmorsäulen versehenen Raum, in dem die Firma Meek und Eden ihre Waren anbot. Hinter Vitrinen, die mit Edelsteinen verziert waren oder mit Silber, Platin und Gold glänzten, standen vierzig prächtige Angestellte stramm. Ihre Morgenmützel waren tadellos ohne den geringsten Verdacht einer Falte, und im linken Revers eines jeden steckte eine rosa Nelke so frisch und perfekt als wäre sie dort gewachsen. Eden nickte freundlich nach rechts und links und setzte seinen Weg fort, wobei seine Absätze fröhlich auf dem makellosen Kachelboden klackten. Er war ein kleiner Mann.
