Scheler Thinkers Of Our Time Paperback By Dunlop Frances:

Thinkers of Our Time Francis Dunlop, 1991 **The Philosopher's Index**, 1995 An international index to philosophical periodicals *Values in Education and Education in Values* Mark Halstead, Monica J. Taylor, 2005-10-26 An investigation into how schools can influence the developing values of young people is given in this book The authors first look from the perspective of educationalists and policy makers at values within contemporary education in particular moral spiritual democratic and environmental values together with arts and health education Secondly they focus on the values of pupils and schools examining school aims and mission statements the formal curriculum school ethos and assessment of children s development Insights are provided with guidance on how values may be most effectively incorporated into the activities of the schools This book is intended to be of use as a practical and informative guide to all those involved in primary and secondary education and those interested in values education generally **Whitaker's Book List**, 1991 The Salisbury Review, 1994 A quarterly magazine of conservative thought **Thinkers of Our Time** Francis Dunlop, 1991-01-01 **The Life and Thought of Aurel Kolnai** Francis Dunlop, 2017-11-22 This title was first published in 2002 I sincerely believe that Dr Kolnai is one of the most original and stimulating thinkers in the field of political philosophy alive today Karl Popper Kolnai s moral and political thought was developed against the background of Liberal and then Bolshevik revolutions in Hungary the gradual move towards fascism in twenties and thirties Vienna and the progress of the Second World War as seen from the USA Born a Jew he became a Roman Catholic and lived successively in Hungary Austria France the USA Canada and England He remained throughout his extraordinary life a passionate believer in reason and common sense and the sworn enemy of all philosophical and political systems Study of Kolnai has been hampered by political developments his own peripatetic life and the fact that his writings appeared in five different languages yet interest in Kolnai is now growing This book offers the first comprehensive picture of Kolnai s complete works and life Dunlop presents Kolnai the man in his social and political setting and offers an accessible exploration of all his writings whether published or not including translated passages from papers and letters in Kolnai s various languages Including a selective bibliography of Kolnai s works this book presents an important study of this unique political and moral philosopher showing his relevance in contemporary philosophical thought The British National Bibliography Arthur James Wells, 1992 *JBSP* British Society for Phenomenology, 1978 The Downside Review, 1981 **The Mind of Max Scheler** Manfred S. Frings, 1997 This book is designed to fill a long standing gap in the general literature of 20th century philosophy in that it offers a comprehensive view of the philosophy of Max Scheler 1874 1928 and opens up substantial discussions that have hitherto been largely overlooked The book is solely based on the original texts of the German Collected Edition as well as posthumous and untranslated materials References to English translations have been made whenever available The Mind of Max Scheler familiarizes the reader with strains of European thought that are rapidly gaining interest in the Americas Asia and Europe

itself Already the pivotal questions Who are we What is a human being reveal the relevance Scheler s thought has to the self questioning stance that appears to mark this century s philosophy as a whole He also presents us with a cosmic view of what it means to be human and one is amazed at the scope of his approach that goes beyond his better known European contemporaries Heidegger Husserl Ortega or philosophers of our present time He addresses spurious value patterns that suffuse the age of capitalism and provides answers among them the gleaning of historical textures that are emerging toward the future and through which a lingering awareness of the eternal will eventually surface from the depths of human existence

Max Scheler Manfred S. Frings,1996 *Max Scheler, 1874-1928* John Raphael Staude,1967
