**Schleiermacher the Theologian** Robert R. Williams, 1978      *Schleiermacher's Plato* Julia A. Lamm, 2021-11-08

Friedrich Schleiermacher's Platons Werke 1804/28 changed how we understand Plato. His translation of Plato's dialogues remained the authoritative one in the German speaking world for two hundred years but it was his interpretation of Plato and the Platonic corpus set forth in his Introductions to the dialogues that proved so revolutionary for classicists and philosophers worldwide. Schleiermacher created a Platonic question for the modern world. Yet in Schleiermacher studies surprisingly little is known about Schleiermacher's deep engagement with Plato. Schleiermacher's Plato is the first book length study of the topic. It addresses two basic questions: How did Schleiermacher understand Plato? In what ways was Schleiermacher's own thought influenced by Plato? Lamm argues that Schleiermacher's thought was profoundly influenced by Plato or rather by his rather distinctive understanding of Plato. This is true not only of Schleiermacher's philosophy Hermeneutics Dialectics but also of his thinking about religion and Christian faith during the first decade of the nineteenth century. Christmas Dialogue Speeches on Religion. Schleiermacher's Plato should be of interest to classicists philosophers theologians and scholars of religion.

Nineteenth Century Religious Thought in the West Ninian Smart, 1988. This is the first of a set of three volumes which provide a fresh appraisal of the most important thinkers of the nineteenth century in the West. Some essays centre on major figures of the period others cover topics trends and schools of thought between the French Revolution and the First World War. The contributors are among the leading scholars in their field in Europe and North America. They seek to engage their subjects not only in order to see what was said but also why it was said and explore what is of lasting value in it. Readers therefore will find the essays not only highly informative about their subject matter but also distinctively personal contributions to the task of re-evaluating the thought of the nineteenth century. Contributions are sufficiently clear to be of use to students in religious studies and cognate disciplines but have enough depth and detail to appeal to scholars.

Schleiermacher's Influences on American Thought and Religious Life, 1835-1920 Jeffrey A. Wilcox, Terrence N. Tice, Catherine L. Kelsey, 2014-10-23. Here freshly researched unprecedented stories regarding modern American thought and religious life show how the scholar Friedrich Schleiermacher 1768-1834 provides ongoing influence still. They describe his influence on universal rights American religious life theology philosophy history psychology interpretation of texts community formation and interpersonal dialogue. Schleiermacher is an Einstein like innovator in all these areas and more. This work contrasts chiefly evangelical liberal figures with others between circa 1835 and the 1920s. It also looks ahead to several careers extended well into the twentieth century and offers numerous characterizations of Schleiermacher's thought. In six tightly organized parts fourteen expert historians chronologically discuss the following: 1 Methodist leaders 1766-1924 2 Stuart Bushnell Nevins and Hodge 3 Restorationists Transcendentalists women leaders Schaff and Rauschenbusch 4 Clarke Mullins Carus and Bowne 5 Dewey Royce Ames Knudson Brown Fosdick Cross Jones and

Thurman within contemporary contexts Unexpectedly John Dewey lies at the epicenter of the narrative and Harry Emerson Fosdick and Howard Thurman bring it to its climax Recently evidence displays a broadening influence advancing rapidly The sixth part of the book surveys modern historiography Schleiermacher on history and comparative method and on psychology as a basic scientific and philosophical field That section also provides a critical survey of histories of modern theology and offers concluding questions and answers The three editors contribute twenty of the thirty one chapters

*The Vocation of Theology Today* Tom Greggs, Rachel Muers, Simeon Zahl, 2013-02-08 What is the task of theology in a complex religious and secular world What are theologians called to contribute to society the churches and the academy Can theology be both fully faithful to Christian tradition and Scripture and fully open to the challenges of the twenty first century In this book an international team of contributors including some of the best known names in the field respond to these questions in programmatic essays that set the direction for future debates about the vocation of theology David Ford in whose honor the collection is produced has been for many years a key figure in articulating and shaping the role of contemporary theology The contributors are his colleagues collaborators and former students and their essays engage in dialogue with his work The main unifying feature of this exciting collection is not Ford s work per se however but a shared engagement with the pressing question of theology s vocation today

**The Bible in Theology and Preaching** Donald K. McKim, 1999-05-05 *Wrath Among the Perfections of God's Life* Jeremy J. Wynne, 2010-08-26 Late modern theology is marked by persistent and widespread uncertainty as to how the wrath of God can be taken up as a legitimate theme within dogmatics Rather than engage the most fundamental task of clarifying the inner logic by which God's identity is revealed in scripture privilege has been ceded either to cultural and textual criticism to ostensibly self evident moral sensibilities or to the thematization of religious experience The present work sets out to rectify this misstep The result is a rigorous proposal for understanding wrath expressly within the doctrine of God as a redemptive mode of divine righteousness

Philosophy, Theology, and Hegel's Berlin Philosophy of Religion, 1821-1827 Philip M. Merklinger, 1993-08-24 This book examines Hegel's contribution to the debate about the relationship between philosophy and theology reason and faith The author locates the debate within the philosophy of religion displaying that there is a need for philosophy to enter into dialogue with and to reflect upon the contents of theology Utilizing the recently published critical editions of Hegel's Berlin Lectures on the Philosophy of Religion the author substantiates this insight by tracing dialectically the development of Hegel's notion of the philosophy of religion through the 1821 1824 and 1827 lecture series on religion Not only does the author demonstrate that philosophy needs to incorporate theology in its thinking but he also establishes that such incorporation means that the philosophy of religion will be a continuously developing mode of reflection Indeed the author notes this developing philosophy of religion can for Hegel only take place through dialectical interaction with the leading theologies and theologians of one's time The book shows that this inner development of the philosophy of religion is also the inner development of the Spirit itself

**The Progressive Mystery** Myk Habets, 2019-05-22 A careful exploration of how the identity and mission of the Holy Spirit have been progressively revealed throughout Holy Scripture and then interpreted by the Church The Progressive Mystery describes how the Spirit has been revealed understood and interpreted throughout the sweep of Holy Scripture and the ways in which the orthodox understanding of the mission of the Holy Spirit has developed An ideal entrance into the study of pneumatology it introduces readers to the complex history of the theology of the Holy Spirit Ideal for students it takes its place among other introductions to pneumatology as a readable and reliable guide to an elusive topic

**Scripture in the Theologies of W. Pannenberg and D.G. Bloesch** Frank M. Hasel, 2004-03-01 Scripture has always played an important role in Christian theology This study provides an issue oriented overview of the concepts of Scripture in Protestant theology from the 16th century Reformation onward It then sets forth the concepts of Scripture in the theologies of two contemporary systematic theologians W Pannenberg and D G Bloesch It analyzes compares and evaluates the theological and anthropological presuppositions that have influenced their concept of Scripture Despite fundamentally different starting points and other significant distinctions Pannenberg and Bloesch reveal surprising similarities This seems to suggest that for both the concept

of Scripture is determined ultimately by presuppositions that are derived and shaped extra scripturam

**God's Being Towards Fellowship** Justin Stratis, 2019-07-11 Justin Stratis explores the meaning of the biblical phrase God is love through an examination of two quintessentially modern Protestant theologians Friedrich Schleiermacher and Karl Barth This book contains both a detailed engagement with Schleiermacher's untranslated lectures on Dialektik and their relation to his more well known work as well as a new assessment of Barth's doctrine of God which both respects his radical innovations and yet places him within the stream of traditional catholic trinitarianism After considering the complexities of theological predication and comparing several classical and contemporary approaches to the implication of love Stratis presents and ultimately commends the distinct approaches of Schleiermacher and Barth for their tendency to treat divine love as a conclusion to the doctrine of God rather than as a conceptual starting point In contrast to many contemporary approaches Stratis concludes with the suggestion that God's love is best conceived as his being toward fellowship rather than as the eminent instance of loving fellowship understood according to human experiences of love

**Making Christ Real** Samuel J. Youngs, 2022-10-27 Kenosis or self emptying poses a fundamental question to any theological discussion about Jesus Christ In becoming human did God empty himself of any divine qualities Many variations on kenotic Christology have emerged over the past 200 years most of them claiming to both preserve and highlight the true humanity and ecclesial significance of Jesus Christ While there is much to commend in these efforts Samuel Youngs contends that nearly all such kenotic attempts have against their best intentions fallen into an echo chamber of abstraction and metaphor rendering their talk about Jesus Christ and analysis of the Gospels fundamentally unreal and lacking in material significance for today's living church Most fundamentally many kenotic accounts pay inadequate attention to Christ's lived accomplishment his current presence and the modes of praxis that he makes real in the world In dialogue with the important movement known as Transformation Theology Youngs unfolds a detailed critique of method and discourse in kenotic christologies Turning then to the vibrant christological thought of Jürgen Moltmann a different outlook on kenosis is articulated and defended one that is relational concrete and praxiological

**A Virtue Ethical View of Trinitarian Sanctification** Ronald M. Rothenberg, 2014-07-02 The thesis of this book is that virtue ethics is key to understanding Trinitarian progressive sanctification The thesis is supported by four reasons why virtue ethics is key to understanding Trinitarian progressive sanctification 1 the Trinity virtue ethics and sanctification are historically and conceptually interconnected in the tradition

and Scripture 2 virtue ethics based on metaphysical realism is the most biblically consistent ethical framework for Trinitarian progressive sanctification 3 Jesus active roles as a teacher and example of virtue play an important part in Trinitarian sanctification and 4 Jesus priestly heavenly intercession aimed at manifesting virtue in believers is crucial to understanding how the Trinity progressively sanctifies believers The active roles of Jesus in sanctification ordered by the Triune premise indicate that the Trinity sanctifies such that 1 the value having its source from the Father is revealed through the teaching of the Son to motivate believers who are empowered to be motivated by the Spirit 2 the character that is from the Father is revealed through the Son s example that is to be imitated by the believer through habituation and reciprocity by the Spirit s leading and 3 believers are led by the Spirit s intercession into prayer Rom 8 14 16 26 27 to be helped through the Son s priestly intercession in order to receive an answer from the Father with the aim of manifesting the virtues of endurance and hope in the lives of believers
