## **Schnitzler Hofmannsthal And The Austrian Theatre:**

**Schnitzler, Hofmannsthal, and the Austrian Theatre** W. E. Yates, 1992-01-01 Arthur Schnitzler and Hugo von Hofmannsthal were the principal dramatists of Vienna during the period between the intellectual upheaval at the turn of the 20th century and the political upheaval of World War I The Burgtheater and Austrian Identity Robert Pyrah, 2017-12-02 The collapse of the Habsburg monarchy in 1918 galvanized discussion about national identity in the new Republic of Austria As Robert Pyrah shows in this thoroughly documented study the complex identity politics of interwar Austria were played out in the theatres of Vienna which enjoyed a cultural prominence rarely matched in other countries By 1934 productions across the city were being co-opted to serve the newly patriotic cause of the Dollfuss and Schuschnigg regimes and the Burgtheater once known as the first German stage had been transformed into a national theatre for Austria Using case studies of key productions and a wealth of previously unseen archival material Pyrah sheds new light on artistic and ideological developments throughout the period including the neglected earlier years He documents previously unexplored overlaps in the cultural programmes of Left and Right and unearths evidence that key institutions were subverted by the Right well before the suspension of parliamentary rule in 1933 Austrian Exodus Edward Timms, Ritchie Robertson, 1995 Following the German annexation of Austria in 1938 and the intensified persecution of the Jews the British and American governments relaxed their restrictions on immigration and issued entry visas to tens of thousands of German speaking refugees The resulting exodus can be seen as the most significant cultural migration of modern times For the majority of the refugees from National Socialism came from educated backgrounds and they included some of the most gifted members of the cultural elite The remarkable contributions made by refugees from Austria to the cultural life of the English speaking world form the subject of this book which reviews the achievements both of refugee organisations and of outstanding individual authors including Stefan Zweig Erich Fried Hilde Spiel Josef Fraenkel Felix Pollak and Elias Canetti Their commitment to the struggle against fascism exemplified by the political cartoons of Joseph Otto Flatter also provided an inspiration for the restoration of Austrian independence after the defeat of Nazi Germany Book Jacket **A Companion to the Works of Hugo Von Hofmannsthal** Thomas A. Kovach, 2002 The Viennese poet dramatist and prose writer Hugo von Hofmannsthal 1874-1929 was among the most celebrated men of letters in the German language at the turn of the 19th to the 20th century His early poems established his reputation as the child prodigy of German letters and a few remain among the most anthologized in the German language His early lyric dramas prompted no less a judge than T S Eliot to pronounce him along with Yeats and Claudel one of the three European writers who had done the most to revive verse drama in modern times His critical essays attest to the subtle powers of discrimination that marked him as one of the most discerning literary critics of the day And yet he underwent a crisis of cognition and language around 1900 and from then on turned away from poetry and lyric drama almost entirely concentrating instead on more public forms of drama such as the libretti for Richard Strauss

operas the plays written for the Salzburg Festival of which he was a co founder and on discursive and narrative prose The body of work that Hofmannsthal left behind at his premature death is matched in its variety breadth and quality by that of only a handful of German writers And yet posterity has not been kind to his reputation those who admired the early work for its aesthetic refinement disdained his turn to more popular forms whereas many of those who might have been receptive to the more committed and public stance of his later work were put off by his conservative politics This volume of new essays by top Hofmannsthal scholars re examines his extraordinarily rich and complex body of work assessing his stature in German and world literature in the new century Contributors Katherine Arens Judith Beniston Benjamin Bennett Nina Berman Joanna Bottenberg Douglas A Joyce Thomas A Kovach Ellen Ritter Hinrich C Seeba Andreas Thomasberger W Edgar Yates Professor Thomas Kovach is Head of the Department of German Studies at the University of Arizona *Jews and the Making of Modern German Theatre* Jeanette R. Malkin, Freddie Rokem, 2010-04-15 While it is common knowledge that Jews were prominent in literature music cinema and science in pre 1933 Germany the fascinating story of Jewish co creation of modern German theatre is less often discussed Yet for a brief time during the Second Reich and the Weimar Republic Jewish artists and intellectuals moved away from a segregated Jewish theatre to work within canonic German theatre and performance venues claiming the right to be part of the very fabric of German culture Their involvement especially in the theatre capital of Berlin was of a major magnitude both numerically and in terms of power and influence The essays in this stimulating collection etch onto the conventional view of modern German theatre the history and conflicts of its Jewish participants in the last third of the nineteenth and first third of the twentieth centuries and illuminate the influence of Jewish ethnicity in the creation of the modernist German theatre *Theodor Herzl and the Origins of Zionism* Ritchie Robertson, Edward Timms, 1997 This volume commemorates Theodor Herzl the Viennese journalist and writer who incongruously founded Zionism as a political movement which led ultimately to the founding of the State of Israel The contributors look at Herzl and seek to place him in historical context In particular they examine his relations with Viennese contemporaries his use of his position as a prominent journalist to obtain audiences with world leaders his negotiations with Germany and Britain to obtain a national territory for the Jews and his attempts to analyze and reshape the Jewish character in his fictional writings

Great Moments in the Theatre Benedict Nightingale, 2012-11-01 A magnificently readable tour of theatrical history conducted by our best informed living critic Michael Billington Benedict Nightingale's characteristically witty insightful and enthusiastic reports make you wish you'd been sitting next to him during his greatest moments in the theatre Ian McKellen Starting with the first performance of Aeschylus The Oresteia in 458 BC ending with the premiere of Jez Butterworth's Jerusalem in London of 2009 AD Benedict Nightingale collects in one volume what he believes to be the greatest moments in theatre Each informative and entertaining entry is between 650 and 850 words in length covering a remarkable diversity of theatrical openings and events many of historical interest and importance and many more witnessed by Nightingale himself during his 50 year reviewing career The plays and shows that Nightingale crisply authoritatively and readably brings alive range from Sheridan's School for Scandal to Tom Stoppard's Arcadia from Gogol's Government Inspector to the Ian McKellen Macbeth from Synge's Playboy of the Western World which provoked serious riots in the Dublin of 1907 to Lionel Bart's Twang in 1965 possibly the most disastrous musical ever Throughout the book Nightingale celebrates leading dramatists and performers directors and composers Everywhere he shares the fulfilment and fun he has found in the art form he loves

Welttheater Judith Beniston, 1998 Hugo von Hofmannsthal had a lifelong

fascination with the theatrum mundi topos Judith Beniston analyses his changing responses to it against an unfamiliar backdrop the revival of Catholic drama which from the 1890s onwards accompanied the rise of Austria's Christian Social party The solipsism of Jung Wien and the conservative modernism of the Salzburg Festival are juxtaposed with the career of Richard von Kralik 1852-1934 the key figure in Austria's Catholic literary culture from 1890 to 1934 This study offers close readings of *Das kleine Welttheater* and *Das Salzburger grosse Welttheater* and explores the ramifications of the fascination with the notion of Welttheater which Hofmannsthal and Kralik shared In juxtaposing elite and popular culture Beniston sheds new light on a neglected aspect of Austrian cultural history on the selectivity of Hofmannsthal's approach towards Austria's Baroque tradition and on the difficulties he faced in his attempt to assimilate his own work into it *A History of Modern Drama, Volume I* David Krasner, 2011-11-07 Covering the period 1879 to 1959 and taking in everything from Ibsen to Beckett this book is volume one of a two part comprehensive examination of the plays dramatists and movements that comprise modern world drama Contains detailed analysis of plays and playwrights connecting themes and offering original interpretations Includes coverage of non English works and traditions to create a global view of modern drama Considers the influence of modernism in art music literature architecture society and politics on the formation of modern dramatic literature Takes an interpretative and analytical approach to modern dramatic texts rather than focusing on production history Includes coverage of the ways in which staging practices design concepts and acting styles informed the construction of the dramas The Austrian Lyric Judith Beniston, Robert Vilain, 2004 **The 'Jewish Question' in German Literature, 1749-1939** Ritchie Robertson, 2001-10-18 The Jewish Question in German Literature 1749-1939 is an erudite and searching literary study of the uneasy position of the Jews in Germany and Austria from the first pleas for Jewish emancipation during the Enlightenment to the eve of the Holocaust Trying to avoid hindsight and drawing on a wide range of literary texts Ritchie Robertson offers a close examination of attempts to construct a Jewish identity suitable for an increasingly secular world He examines both literary portrayals of Jews by Gentile writers whether antisemitic friendly or ambivalent and efforts to reinvent Jewish identities by the Jews themselves in response to antisemitism culminating in Zionism No other study by a single author deals with German Jewish relations so comprehensively and over such a long period of literary history Robertson's new work will prove stimulating for anyone interested in the modern Jewish experience as well as for scholars and students of German fiction prose and political culture Who Needs Greek? Simon Goldhill, 2002-04-04 Does Greek matter To whom and why This interdisciplinary study focuses on moments when passionate conflicts about Greek and Greekness have erupted in both the modern and the ancient worlds It looks at the Renaissance when men were burned at the stake over biblical Greek at violent Victorian rows over national culture and the schooling of a country at the shocking performances of modernist opera and it also examines the ancient world and its ideas of what it means to be Greek especially in the first and second centuries CE The book sheds light on how the ancient and modern worlds interrelate and how fantasies and deals

struggles and conflicts have come together under the name of Greece As a contribution to theatre studies Renaissance and Victorian cultural history and to the understanding of ancient writing this book takes reception studies in an exciting alternative direction
