cultural pursuit of Irish independence and 2016 which marked the centenary of the Easter 1916 rebellion against English rule are discussed with the aim of demonstrating the development of a pattern of retrieving re telling remembering and re imagining myths in Irish children s literature In doing so it examines the reciprocity that exists between imagination memory and childhood experiences in this body of work [Irish Literature](#) Mary Ketsin,2004 Irish literature s roots have been traced to the 7th 9th century This is a rich and hardy literature starting with descriptions of the brave deeds of kings saints and other heroes These were followed by generous veins of religious historical genealogical scientific and other works The development of prose poetry and drama raced along with the times Modern well known Irish writers include William Yeats James Joyce Sean Casey George Bernard Shaw Oscar Wilde John Synge and Samuel Beckett [A Dictionary of Writers and their Works](#) Christopher Riches,Michael Cox,2015-01-29 Over 3 200 entries An essential guide to authors and their works that focuses on the general canon of British literature from the fifteenth century to the present There is also some coverage of non fiction such as biographies memoirs and science as well as inclusion of major American and Commonwealth writers This online exclusive new edition adds 60 000 new words including over 50 new entries dealing with authors who have risen to prominence in the last five years as well as fully updating the entries that currently exist Each entry provides details of a writer s nationality and birth death dates followed by a listing of their titles arranged chronologically by date of publication

[Re-imagining Cultural Studies](#) Andrew Milner,2002-06-12 His wealth of scholarship and sharp insights make this a very fine book indeed It is probably the fullest statement of Raymond Williams s enduring influence upon cultural studies Jim McGuigan University of Loughborough An accessible engaging book TOPIA Canadian Journal of Cultural Studies This important book traces the continuing influence on contemporary cultural studies of the kinds of cultural materialism developed by Raymond Williams and his successors Williams now often appears in cultural studies as a vaguely remembered founding father rather than a theorist whose work is still actively relevant to our present condition Milner s book restores Williams to a central position in relation to the formation and development of cultural studies It stresses the differences between Williams and that other founding father Richard Hoggart arguing that the label culturalism cannot properly be applied to both It argues that Williams stands in an essentially analogous relation to the British culturalist tradition as do Foucault and Bourdieu to French structuralism and Habermas to German critical theory and that his cultural materialism is not so much culturalist as positively post culturalist To those who have complained that contemporary cultural studies is insufficiently concerned with history embeddedness and political economy Milner suggests that this is so in part because Williams has become such a neglected resource The book is a much needed reappraisal of the Williams approach correcting misinterpretations and demonstrating its singular relevance to the problems and potentials facing cultural studies today What emerges most powerfully is a logically consistent and penetrating way of doing cultural studies that successfully challenges many of the dominant approaches in the field [Terry Eagleton](#) James Smith,2013-04-25 Terry Eagleton is one of

the most influential contemporary literary theorists and critics His diverse body of work has been crucial to developments in cultural theory and literary critical practice in modern times and for a generation of humanities students his writing has been a source of both provocation and enjoyment This book undertakes a lucid and detailed analysis of Eagleton s oeuvre It gives close attention to the full range of Eagleton s major publications examining their arguments and implications as well as how they have intervened in wider debates in cultural theory It also investigates his less familiar works such as his early writing on the Catholic left as well as other as yet unpublished material showing how these works can be understood alongside the more prominent areas of his thought Through this this book offers a cohesive overview of Eagleton s career to date tracing the development of his theoretical positions and an assessment of Eagleton s wider contributions to fields such as Marxist literary criticism and cultural theory It will be essential reading for students of literary criticism cultural theory and intellectual history

The Task of the Critic Terry Eagleton,2020-05-05 Terry Eagleton occupies a unique position in the English speaking world today He is not only a productive literary theorist but also a novelist and playwright He remains a committed socialist deeply hostile to the zeitgeist Over the last forty years his public interventions have enlivened an otherwise bland and conformist culture His pen as many colleagues in the academy including Harold Bloom Gayatri Spivak and Homi Bhabha have learned is merciless and unsparing As a critic Eagleton has not shied away from confronting the high priests of native conformity as highlighted by his coruscating polemic against Martin Amis on the issue of civil liberties and religion This comprehensive volume of interviews covers both his life and the development of his thought and politics Lively and insightful they will appeal not only to those with an interest in Eagleton himself but to all those interested in the evolution of radical politics modernism cultural theory the history of ideas sociology semantic inquiry and the state of Marxist theory

William Maginn and the British Press David E. Latané,2016-02-11 The first scholarly treatment of the life of

William Maginn 1794-1842 David Latan's meticulously researched biography follows Maginn's life from his early days in Ireland through his career in Paris and London as political journalist and writer and finally to his sad decline and incarceration in debtor's prison. A founding editor of the daily Standard 1827 Maginn was a prodigal author and editor. He was an early and influential contributor to Blackwood's Edinburgh Magazine and a writer from the Tory side for The Age, New Times, English Gentleman, Representative John Bull and many other papers. In 1830 he launched Fraser's Magazine for Town and Country, the early venue for such Victorians as Thackeray and Carlyle and he was intimately involved with the poet L. E. L. In 1837 he wrote the prologue for the first issue of Bentley's Miscellany edited by Dickens. Through painstaking archival research into Maginn's surviving letters and manuscripts as well as those of his associates, Latan restores Maginn to his proper place in the history of nineteenth-century print culture. His book is essential reading for nineteenth-century scholars, historians of the book and periodical and anyone interested in questions of authorship in the period. **Literature**

and the Irish Famine 1845-1919 Melissa Fegan, 2002-08-08 The impact of the Irish famine of 1845-1852 was unparalleled in both political and psychological terms. The effects of famine-related mortality and emigration were devastating in the field of literature no less than in other areas. In this incisive new study, Melissa Fegan explores the famine's legacy to literature, tracing it in the work of contemporary writers and their successors down to 1919. Dr Fegan examines both fiction and non-fiction, including journalism, travel narratives and the Irish novels of Anthony Trollope. She argues that an examination of famine literature that simply categorizes it as minor or views it only as a silence or an absence misses the very real contribution that it makes to our understanding of the period. This is an important contribution to the study of Irish history and literature, sharply illuminating contemporary Irish mentalities. Screening Enlightenment

Hiroshi Kitamura, 2017-03-31 During the six and a half year occupation of Japan 1945-1952, U.S. film studios in close coordination with Douglas MacArthur's Supreme Command for the Allied Powers launched an ambitious campaign to extend their power and influence in a historically rich but challenging film market. In this far-reaching enlightenment campaign, Hollywood studios disseminated more than six hundred films to theaters, earned significant profits and showcased the American way of life as a political, social and cultural model for the war-shattered Japanese population. In Screening Enlightenment, Hiroshi Kitamura shows how this expansive attempt at cultural globalization helped transform Japan into one of Hollywood's key markets. He also demonstrates the prominent role American cinema played in the reeducation and reorientation of the Japanese on behalf of the U.S. government. According to Kitamura, Hollywood achieved widespread results by turning to the support of U.S. government and military authorities, which offered privileged deals to American movies while rigorously controlling Japanese and other cinematic products. The presentation of American ideas and values as an emblem of culture, democracy and sophistication also allowed the U.S. film industry to expand. However, the studios' efforts would not have been nearly as extensive without the Japanese intermediaries and consumers who interestingly served as the program's best publicists.

Drawing on a wide range of sources from studio memos and official documents of the occupation to publicity materials and Japanese fan magazines Kitamura shows how many Japanese supported Hollywood and became active agents of Americanization A truly interdisciplinary book that combines U S diplomatic and cultural history film and media studies and modern Japanese history *Screening Enlightenment* offers new insights into the origins of this unique political and cultural transpacific relationship

Irish Novelists and the Victorian Age James H. Murphy, 2011-01-13 This is the first comprehensive study of the Irish writers of the Victorian age some of them still remembered most of them now forgotten Their work was often directed to a British as well as an Irish reading audience and was therefore disparaged in the era of W B Yeats and the Irish Literary Revival with its culturally nationalist agenda This study is based on a reading of around 370 novels by 150 authors including still familiar novelists such as William Carleton the peasant writer who wielded much influence and Charles Lever whose serious work was destroyed by the slur of rollicking as well as Joseph Sheridan LeFanu George Moore Emily Lawless Somerville and Ross Bram Stoker and three of the leading authors from the new woman movement Sarah Grand Iota and George Egerton James H Murphy examines the work of these and many other writers in a variety of contexts the political economic and cultural developments of the time the vicissitudes of the reading audience the realities of a publishing industry that was for the most part London based the often difficult circumstances of the lives of the novelists and the ever changing genre of the novel itself to which Irish authors often made a contribution Politics history religion gender and particularly land over which nineteenth century Ireland was deeply divided featured as key themes for fiction Finally the book engages with the critical debate of recent times concerning the supposed failure of realism in the nineteenth century Irish novel looking for more specific causes than have hitherto been offered and discovering occasions on which realism turned out to be possible
