actions that can be taken which will substantially reduce bullying in the long term The book is an outcome of over 10 years research into bullying The authors draw on their own major studies and international research to provide real workable solutions to the problem of bullying which are illustrated by case study examples throughout The book is essential reading for school managers teachers student teachers and researchers determined to tackle the issues of bullying head on

Bullying and Teasing Gayle L. Macklem, 2012-12-06 Current research demonstrates that bullying affects all children in schools not simply the several students who may be most visibly involved in an individual incident In order to prevent escalation or to stop the action something different must happen The victim or bully must change but this may not be easy Importantly the classmates or the adults who witness the interaction have the power to change the interaction as well *Bullying and Teasing* Social Power in Children s Groups frames bullying and teasing as part of the critical foundations of elementary and middle school planning that will allow children to experience the sense of personal safety needed to learn and grow *Bullying and Teasing* is designed for school psychologists and other school mental health workers including school counselors social workers and school nurses who want to address the ways bullying and teasing impact both individual students and the school as a whole The book will also be of interest to school administrators health coordinators special educators and school board members *Bullying in Youth Sports Training* Miguel Nery, Carlos Neto, António Rosado, Peter K. Smith, 2020-02-13 Based on an extensive national research project with global relevance this pioneering volume draws on unique data on bullying in youth sports training collected from both athletes and coaches using a variety of methodological approaches Nery Neto Rosado and Smith use this research to establish a baseline of the prevalence of bullying among young male athletes offering evidence based strategies for prevention and providing a solid theoretical basis for the development of anti bullying intervention programs *Bullying in Youth Sports Training* explores how often bullying occurs how long it lasts where and when bullying takes place the coping strategies used by victims and the individual roles of victims bystanders and bullies It provides new insights into theories of youth sport bullying and highlights the particular characteristics specific to bullying in sport The backgrounds of bullies and victims are also explored as well as the consequences and practical implications of sustained bullying The book provides both theoretical and practical approaches to bullying in youth sport training providing anti bullying guidelines based on the results of the research The book is essential reading for scholars and students in child development and sport sciences as well as sports coaches and professionals in mental health education and social work Making Sense of Social Development Dorothy Faulkner, Karen Littleton, Martin Woodhead, 2014-07-22 This book explores children s social relationships in and out of the classroom Chapters focus on the growing importance of children s friendships and how these influence social participation and development later on in life Issues such as peer rejection bullying and adolescent development are analysed from both psychological and sociological perspectives The book concludes with a re examination of cultural concepts of childhood child development and the nature of children s autonomy

Helping Troubled Pupils Chris Kyriacou, 2003 Addressing the new standards for newly qualified teachers in the area of helping troubled pupils this book explores the circumstances behind pupils problems and the role that schools can play in meeting their needs

School Bullying Phillip Slee, 2016-12-05 To effectively cope with school bullying it is essential to understand the issues underpinning student peer group dynamics in the school classroom and community and this view lies at the heart of the text While the experience of bullying others or being victimized is identified with an individual or group the solution lies with the systems eg community school classroom or family of which the individual is part Particular emphasis is given to the role of prosocial behavior and a strengths based perspective in addressing how students cope with school bullying within a systemic context The text is strongly informed by the author s experience in developing and conducting national and international school based anti bullying and mental health interventions The book advocates a systems based approach to addressing school bullying as illustrated with a program developed and evaluated by the author called the P E A C E Pack A program for reducing bullying in schools This book translates research into practice with a strong evidence based application drawing on an extensive data base Each chapter contains practical information and research on school classroom community applications trends and issues in the field and practical ideas for implementing anti bullying measures The first two sections consider ways to promote positive peer relations in schools and the dynamics of peer groups Consideration is then given to cyber bullying and to theories explaining violence aggression and bullying Later sections examine the nature and effects of bullying from early childhood through to adolescence on vulnerable groups including students with special educational needs and disabilities and LGBTQ young people The book details information for schools and teachers on ways to collect data and information to inform the interventions and policies of their school School and classroom based resources for teachers counsellors and administrators are identified With school bullying now a matter of international concern not only to children young people and their caregivers but to schools and teachers at the forefront this book will be important reading for all students in psychology education health and social welfare as well as school administrators teachers counsellors and childcare professionals
