Wake Up Counselors! William L. Fibkins,2013-06-20 Providing individual and group counseling for secondary school students was once a major priority for secondary school counselors However many guidance programs have abandoned this role and counselors have become quasi administrators who spend most of their time scheduling students for classes managing mandated testing programs resolving discipline issues and advising students on college admissions Counseling students on personal and well being issues takes up a very small part of the time In many school districts social workers student assistance counselors and school psychologists

have taken over the counseling duties Critical issues are now causing school leaders to consider reorganizing school guidance staff so there is a cadre of counselors trained and charged with the mission of providing individual and group counseling for troubled teens First the number of troubled teens arriving at the schoolhouse door looking for help has exploded Second budget cuts have eliminated or drastically curtailed many of the services of social workers student assistance counselors and psychologists The result Many once open doors for help are now closed and schools counseling services are failing many students parents and educators in need of intervention This book provides a new model in which well trained counselors can once again regain their historic role in counseling troubled teens parents and training staff and students on the front lines to act not look the other way when they observe a student heading towards the margins of school life

Strengths-Based School Counseling JohnP. Galassi, 2017-07-05 Despite calls for a more preventive and developmental mode of functioning school counseling has tended to be driven by a reactive and sometimes crisis orientation Like social workers and school counseling and clinical psychologists school counselors typically function to alleviate deficits often in a small percentage of the students they serve Although this orientation has served school counselors well in many instances it is not empowering it does not serve all students and it does not replace those deficits with the type of positive characteristics and abilities that schools are attempting to develop This is the first book to provide a comprehensive look at the theory research and intervention strategies that comprise a strengths based developmental approach to school counseling In keeping with ASCA recommendations the Strengths Based School Counseling SBSC framework discusses academic personal social and career development outcomes for all students at the elementary middle and secondary school levels Other key features include integrative framework SBSC builds upon contemporary research from a variety of areas school counseling developmental psychology school psychology education positive psychology resiliency and social work evidence based interventions detailed examples of successful evidence based interventions and environments are presented at the elementary middle and high school levels for each major developmental area academic personal social and career identified in ASCA s National Model readability and pedagogy beautifully written the text includes lists of key points tables of student strengths illustrative examples and student exercises
