Mississippi could not afford to finance one school system adequately much less two For much of the twentieth century whites fought hard to preserve the dual school system in which the maintenance of one race schools became the most important measure of educational quality Blacks fought equally hard to end segregated schooling realizing that their schools would remain underfunded and understaffed as long as they were not integrated Charles C Bolton is professor and chair of history and co director of the Center for Oral History and Cultural Heritage at the University of Southern Mississippi in Hattiesburg He is the coauthor of Mississippi An Illustrated History and coeditor of The Confessions of Edward Isham A Poor White Life of the Old South Bolton s work has also appeared in the Journal of Southern History Journal of Mississippi History and Mississippi Folklife *Reforming Bilingual Education* United States. Kahlenberg,2004-05-13 This provocative book asks a simple question since we know that middle class schools tend to work best why not give every child in America the opportunity to attend a public school in which the majority of students come from middle class households Economically integrated schools the author argues will do far more to promote achievement and equal opportunity than vouchers standards class size reduction or any of the other leading education proposals on the left and right that seek to make separate but equal schools work Building on two recent education trends the decline in racial desegregation as a legal tool and the movement toward greater public school choice All Together Now provides a blueprint for creating schools that educate children from various backgrounds under one roof Concurring with the concerns of voucher proponents about the unfairness of trapping poor kids in failing schools the book provides a practical viable and legally sound plan for promoting economic and racial integration among public schools **American Educational History** William H.
