Handbook of the Sociology of Education Maureen T. Hallinan,2006-11-24 The aim of the Handbook of Sociology of Education is to present the most theoretically grounded and empirically rigorous sociological analyses of schools to date The authors are distinguished researchers in the field Their contributions to the Handbook offer major theoretical perspectives on the schooling process and describe significant empirical studies of schools and their effects on individuals and society The research presented in the Handbook is built on three fundamental tenets of sociology First the authors adopt the perspective that schools are a central institution in society An understanding of the function of schooling in social life is enhanced by viewing schools as interrelated with other societal institutions The study of how the context of schooling influences education processes is critical to an understanding of school outcomes Rather than being determined solely by ascribed and achieved characteristics an individual s cognitive and social development are influenced heavily by the structures and networks in which the individual is embedded Communities

families schools and social groups are critical elements in the educative process By viewing the school as a societal institution and highlighting the interaction between context and individual behavior the Handbook chapters provide a broader and deeper understanding of the determinants of learning in contemporary society The second sociological insight that guides the research in the Handbook is that the school is a social system Leading Schools in an Era of Declining Resources J. Howard Johnston, Ronald Williamson, 2014-07-11 Every day school leaders across the country are having to make difficult decisions in this economically demanding environment If you are a leader facing this challenge in your own school or district this is the book you need Experienced educators Johnston and Williamson offer practical advice to help you tackle a variety of tough issues including staff reductions and program termination You ll learn how to Wring every bit of performance out of every available dollar Plan innovations and evaluate their effectiveness Engage faculty and the community Streamline operations using digital technology and social media Use four strategies reduce refine restructure and regenerate to make your school more efficient and effective Each chapter is filled with tips tools exercises and mini cases to help you apply these ideas to your own situation You ll gain the confidence and knowledge to manage your budget while ensuring your students get the full benefit of a quality education
