## **Sex Versus Civilization:**

**Sex Versus Civilization** Elmer Pendell, 1967      *Sex in Civilization* Victor Francis Calverton, Samuel Daniel Schmalhausen, 1929 Several pages on homosexuality see index      [Sexual Truths Versus Sexual Lies, Misconceptions, and Exaggerations](#) William Josephus Robinson, 1919      *Gender and Sexuality in Russian Civilisation* Peter I. Barta, 2013-06-17

*Gender and Sexuality in Russian Civilisation* considers gender and sexuality in modern Russia in the nineteenth and early twentieth centuries. Chapters look individually at gender and sexuality through history, art, folklore, philosophy, or literature but are also arranged into sections according to the arguments they develop. A number of chapters also consider Russia in the Soviet and post-Soviet periods. Thematic sections include Gender and Power, Gender and National Identity, Sexual Identity, and Artistic Impression. Literary Discourse of Male and Female Sexualities, Sexuality and Literature in Contemporary Russian Society      [Pornography, Sex Work, and Hate Speech](#) Karen Maschke, 2024-11-01

Multidisciplinary focus. Surveying many disciplines, this anthology brings together an outstanding selection of scholarly articles that examine the profound impact of law on the lives of women in the United States. The themes addressed include the historical, political, and social contexts of legal issues that have affected women's struggles to obtain equal treatment under the law. The articles are drawn from journals in law, political science, history, women's studies, philosophy, and education and represent some of the most interesting writing on the subject. The law in theory and practice. Many of the articles bring race, social, and economic factors into their analyses, observing, for example, that black women, poor women, and single mothers are treated by the wielders of the power of the law differently than middle-class white women. Other topics covered include the evolution of women's legal status, reproduction rights, sexuality, and family issues, equal employment and educational opportunities, domestic violence, pornography, and sexual exploitation, hate speech, and feminist legal thought. A valuable research and classroom aid, this series provides in-depth coverage of specific legal issues and takes into account the major legal changes and policies that have had an impact on the lives of American women.

**The Sexual Contract** Carole Pateman, 2018-06-05. Carole Pateman is one of the foremost political theorists writing in English today. In this outstanding new work, she presents a major reinterpretation of modern political theory. She shows how standard discussions of social contract theory tell only half the story. The sexual contract, which establishes modern patriarchy and the political right of men over women, is never mentioned. In a wide-ranging and scholarly discussion, Pateman examines the significance of the political fictions of the original contract and the slave contract. She also offers a sweeping challenge to conventional understandings of both left and right of actual contracts in everyday life: the marriage contract, the employment contract, the prostitution contract, and the new surrogacy contract. By bringing a feminist perspective to bear on the contradictions and paradoxes surrounding women and contract and the relation between the sexes, she is able to shed new light on the fundamental problems of freedom and subordination. *The Sexual Contract* will become a classic text in the politics of gender and will be of major interest to students of social and

political theory and philosophy women s studies sociology and jurisprudence *Indian Sex Life* Durba Mitra,2020-01-07

During the colonial period Indian intellectuals philologists lawyers scientists and literary figures all sought to hold a mirror to their country Whether they wrote novels polemics or scientific treatises all sought a better understanding of society in general and their society in particular Curiously female sexuality and sexual behavior play an outside role in their writing The figure of the prostitute is ubiquitous in everything from medical texts and treatises on racial evolution to anti Muslim polemic and studies of ancient India In this book Durba Mitra argues that between the 1840s and the 1940s the new science of sexuality became foundational to the scientific study of Indian social progress The colonial state and an emerging set of Bengali male intellectuals extended the regulation of sexuality to far reaching projects that sought to define what society should look like and how modern citizens should behave An exploration of this history of social scientific thought offers new perspectives to understand the power of paternalistic and deeply violent claims about sexual norms in the postcolonial world today These histories reveal the enduring authority of scientific claims to a tradition that equates social good with the control of women s free will and desire Thus they managed to dramatically reorganize their society around upper caste Hindu ideals of strict monogamy

**Knowledge And Civilization** Barry Allen,2018-02-15 Offers a new original way of framing questions about knowledge Knowledge and Civilization advances detailed criticism of philosophy s usual approach to knowledge and describes a redirection away from textbook problems of epistemology toward an ecological philosophy of technology and civilization Rejecting theories that confine knowledge to language or discourse Allen situates knowledge in the greater field of artifacts technical performance and human evolution His wide ranging considerations draw on ideas from evolutionary biology archaeology anthropology and the history of cities art and technology

*Why Civilizations Self-Destruct* Elmer Pendell ,1977 Dr Pendell s book is of major importance because it explains more simply more clearly and more accurately than any other work the reasons for the decline not only of our own civilization but for all previous civilizations

**Sex and Society** Marshall Cavendish Corporation,2010-09 Moving beyond a partial view of only biology and psychology this work also examines the wide sociological dimensions of sex

**Freud** Philip Rieff,1979-05-15 Now a classic this book was hailed upon its original publication in 1959 as An event to be acclaimed a book of genuine brilliance on Freud s cultural importance a permanently valuable contribution to the human sciences Alastair MacIntyre Manchester Guardian This remarkably subtle and substantial book with its nicely ordered sequences of skilled dissections and refined appraisals is one of those rare products of profound analytic thought The author weighs each major article of the psychoanalytic canon in the scales of his sensitive understanding then gives a superbly balanced judgement Henry A Murray American Sociological Review Rieff s tremendous scholarship and rich reflections fill his pages with memorable treasures Robert W White Scientific American Philip Rieff s book is a brilliant and beautifully reasoned example of what Freud s influence has really been an increasing intellectual vigilance about human nature What the analyst does for the patient present the terms for his new choices as a

human being Mr Rieff does in respect to the cultural significance of Freudianism His style has the same closeness the same undertone of hypertense alertness Again and again he makes brilliant points Alfred Kazin The Reporter *The Coupling Convention : Sex, Text, and Tradition in Black Women's Fiction* Ann duCille Associate Professor of English and African American Studies Wesleyan University,1993-10-19 What does the tradition of marriage mean for people who have historically been deprived of its legal status Generally thought of as a convention of the white middle class the marriage plot has received little attention from critics of African American literature In this study Ann duCille uses texts such as Nella Larsen s Quicksand 1928 and Zora Neale Hurston s Their Eyes Were Watching God 1937 to demonstrate that the African American novel like its European and Anglo American counterparts has developed around the marriage plot what she calls the coupling convention Exploring the relationship between racial ideology and literary and social conventions duCille uses the coupling convention to trace the historical development of the African American women s novel She demonstrates the ways in which black women appropriated this novelistic device as a means of expressing and reclaiming their own identity More than just a study of the marriage tradition in black women s fiction however The Coupling Convention takes up and takes on many different meanings of tradition It challenges the notion of a single black literary tradition or of a single black feminist literary canon grounded in specifically black female language and experience as it explores the ways in which white and black male and female mainstream and marginalized traditions and canons have influenced and cross fertilized each other Much more than a period study The Coupling Convention spans the period from 1853 to 1948 addressing the vital questions of gender subjectivity race and the canon that inform literary study today In this original work duCille offers a new paradigm for reading black women s fiction Readings in Sexualities from Africa Rachel Spronk,Thomas Hendriks,2020-02-04 Images and stories about African sexuality abound in today s globalized media Frequently old stereotypes and popular opinion inform these stories and sex in the media is predominately approached as a problem in need of solutions and intervention The authors gathered here refuse an easy characterization of African sexuality and instead seek to understand the various erotic realities sexual practices and gendered changes taking place across the continent They present a nuanced and comprehensive overview of the field of sex and sexuality in Africa to serve as a guide though the quickly expanding literature This collection offers a set of texts that use sexuality as a prism for studying how communities coalesce against the canvas of larger political and economic contexts and how personal lives evolve therein Scholars working in Africa the U S and Europe reflect on issues of representation health and bio politics same sex relationships and identity transactional economies of sex religion and tradition and the importance of pleasure and agency This multidimensional reader provides a comprehensive view of sexuality from an African perspective The Civilization of the Goddess , **ESCHATOLOGY OR SCATOLOGY -** John O'Loughlin,2022-03-25 ESCHATOLOGY OR SCATOLOGY Judgement at the Crossroads has a developed sense of axial relativity not least in respect of the distinctions between that which sensibly radicalizes the high road and that which

stemming from sensibility radicalizes the low road in such fashion that sensibility is eclipsed by a form of neo sensuality owing more to autocracy than to democracy

**The Conclusion of the Sexual Revolution** Wylark Day, 2004-05-18 This is a book about sexual morality Not a morality based on shame or tradition however but one based on combining the most up to date findings of sex researchers with the most ancient teachings of the Judeo Christian Bible In this book you will find that Private masturbation and public nudity are the two Pillars upon which all healthy attitudes towards Sex must be based Faithful heterosexual monogamy is God s Plan for Sex but a minority who deviate from this Plan such as homosexuals are nonetheless necessary for a whole society And that Virgin Sex for young adults which means enjoying sex play while rejecting intercourse is the Key to true romantic passion equality between the sexes and even to the very Future of Humanity At last A book that tells the truth about Sex and God

**The Philosophy of Civilization** Rutherford Hamilton Towner, 1923

**Collected Short Prose** John O'Loughlin, 2022-03-17 Having already published short stories or as John O Loughlin with his philosophical bias prefers to call them short prose in two volumes of Collected Short Prose viz Two Sides of the Same Coin Tales Side Up the former of which included as per custom back then an aphoristic appendix this author decided to republish them in one volume minus the aphorisms for convenience s sake in the interests one might say of structural and thematic continuity together with a certain prosy purism that sets definite bounds to the scope and style of the contents dovetailed as they are into a somewhat voluminous but nonetheless highly accessible project whose material spans the period 1976 84 during which virtually all of his fictional writings including several novels or works of long prose were composed A Centretruths Editorial

**Black Sabbaticals** John O'Loughlin, 2022-03-08 Few books can have undergone so many re evaluations as this one which has developed a fresh approach to terms which the author was apt to take for granted in recent years never imagining that one day they would undergo such extensive re evaluation as has transpired in this arguably his most comprehensively exacting and philosophically significant work to date the overall significance of which is also due to the way in which certain antitheses like life and death heathen and Christian energy and gravity concrete and abstract etc have been interpreted from a standpoint owing more to philosophical logic than might at first seem to be the case with highly credible conclusions that remind one that dualism in one form or another was always at the core of John O Loughlin s approach to philosophy even if the old class and plane orientated duality between noumenal and phenomenal approximating to ethereal and corporeal has here undergone a reappraisal which relative to other such terms renders it much less general and correspondingly much more particular in relation that is to specific contexts characterized as being either phenomenal or noumenal or in certain other permutations as something else altogether A Centretruths Editorial
