Treating Incest Terry S Trepper, Mary Jo Barrett, 2014-02-04 This timely book provides for the therapist working with cases of intrafamily child sexual abuse both a theoretical background and practical information for the treatment of incest and gives new insight into the complex problems associated with incest With the enactment of more stringent child abuse reporting laws nationwide and increased public education about the problem there has been a dramatic increase in the need for incest related psychotherapy Treating Incest is an important source of information about the assessment and treatment of the family that will enable clinicians to provide appropriate crisis intervention for families and make informed judgments about referrals if necessary The book s central theme is that effective treatment of incest requires a systemic approach because incestuous activity is the product of a problematic family rather than the cause The book is divided into two helpful sections assessment issues and treatment issues and techniques

Families Jane Marchand Lewis, 2012-11-30 My BA in Psychology Stanford in 1954 prepared me for marriage and a family but little more Before marriage I was a Social Worker in Santa Cruz administering AFDC Aid to Families with Dependent Children In the mid sixties when the children were in school I administered AFDC for Santa Clara County In the early seventies I went to San Jose State University for an elementary school credential In 1975 I began the two year masters program in Marriage and Family Counseling at the University of Santa Clara The program was humanistic orientated and the perfect fit for me As an intern I joined the newly formed Child Sexual Abuse Treatment Program As an intern one need 3000 hours of practicum 500 hours of personal therapy and completion of at least one years of a masters program before being eligible for licensure There I stayed in San Jose for 17 years becoming a staff counselor until I went into private practice I still see clients after 37 years The philosophy of Hank Giarretto who founded the treatment program was to treat the whole family The focus was incest families Hank pioneered treating sex offenders along with the rest of the family At the pinnacle there were more than 60 satellite programs around the world patterned after Hanks pilot program All my stories are true although names and places have been scrambled Not all my clients were from incestuous families In all cases there was at least some component present similar to incest families My hope is that people reading this will learn more about themselves and others I remain optimistic that people instinctively drive to become more whole and that there is a flow between their conscious and unconscious selves The first courageous step is to walk into the counseling office to ask for help I know people are making progress when they take what they have learned and practice it at home *Incest* Adele Mayer, 1993
