Sexual Awareness:

Sexual Knowledge, Sexual Science Roy Porter, Mikulas Teich, 1994-09 This volume is about those who have investigated sex from antiquity to the present day *UNDERSTANDING HUMAN SEXUALITY* ESPHAN

NG'ANG'A, 2009-07-31 Though sexuality is an important subject matter that should be taught in homes and in the church it has been neglected and treated as inconsequential Young and old alike look at sex as a taboo The church and the home should be the most appropriate forums where sexuality could be openly discussed but to the contrary the message we have received from the church and the home is that sex is unholy and shouldn't be discussed These key institutions have little or nothing to discuss about sex This is especially tragic because the believers who have faith in God who created sex and established its proper parameters should be able to speak more intelligibly and confidently about sex than anyone else Yet the community of believers is silent in the public forum in matters relating to sexuality whether because of embarrassment confusion timidity or a sense that the subject of sex is either too personal or not sufficiently spiritual for church to address publicly Mr Ng'ang'a has addressed this subject openly and with ardent scriptural instruction *Understanding Human Sexuality* is helpful to married couples and curious young people who have many questions about sex It is also an instruction manual for parents in guiding their curious children on the subject **Shaping Sexual Knowledge** Lutz Sauerteig, Roger Davidson, 2009-01-13

The history of sex education enables us to gain valuable insights into the cultural constructions of what different societies have defined as normal sexuality and sexual health Yet the history of sex education has only recently attracted the full attention of historians of modern sexuality *Shaping Sexual Knowledge A Cultural History of Sex Education in Twentieth Century Europe* makes a considerable contribution not only to the cultural history of sexual enlightenment and identity in modern Europe but also to the history of childhood and adolescence The essays collected in this volume treat sex education in the broadest sense incorporating all aspects of the formal and informal shaping of sexual knowledge and awareness of the young The volume therefore not only addresses officially sanctioned and regulated sex education delivered within the school system and regulated by the State and in some cases the Church but also the content iconography and experience of sexual enlightenment within the private sphere of the family and as portrayed through the media
