Sexual Rhythms Paul Milenski, Marilyn Grande, 1990-01-01 *Female Sexuality in Modernist Fiction* Elaine Wood, 2020-10-04 *Female Sexuality in Modernist Fiction* Literary Techniques for Making Women Artists provides a chronological investigation of the innovative writing styles of canonical modernist writers to reveal a shift in gendered representations of sexual subjectivity Positioned at the nexus of studies on the body and sexuality in modernist literature this book addresses the complex ways that constructions of female sexuality are understood culturally politically and epistemologically Using close reading strategies to identify how modernist authors challenge representations of female positionality as passive case studies consider how canonical modernist authors Virginia Woolf W B Yeats James Joyce and Samuel Beckett found new ways to represent women as embodied sexual desired and desiring subjects through prose poetry and drama This book addresses Woolf's *Orlando* A Biography 1928 Yeats *The Winding Stair and Other Poems* 1933 Joyce's *Finnegans Wake* 1939 Beckett's *Not I* 1972 and other dramatic works By rendering sexuality more obviously as a component of female character these works of modernist literature shape our understanding of the artistic body as a structure for thinking about woman as a linguistic construct and material reality This study is will be of great interest to scholars in English literature women and gender studies and sexuality studies *Gestural Politics* Christy L. Burns, 2000-06-22 *Gestural Politics* explores James Joyce's use of parody and humor in his representation of women gays and Irish nationalism Author Christy L Burns also discusses how Joyce's complex attitude toward parody and stereotyping is related to his aesthetic vision She offers a comprehensive overview of all of Joyce's writings with a special emphasis on *Portrait of the Artist as a Young Man* *Ulysses* and *Finnegans Wake* **The Science/Fiction of Sex** Annie Potts, 2014-02-25 What can we learn from exploring the differences in male and female orgasmic experience Is the penis an entity with a mind of its own These issues and others such as the popular portrayals of male sexuality as active and outwardly focused and female sexuality as passive and internally located are discussed in *The Science Fiction of Sex* Contemporary feminist and poststructuralist theories of sex and gender are explored alongside an investigation of how people make sense of such concepts as heterosexuality orgasm sexual dysfunction femininity and masculinity and safer sex practice Potts asks men and women about their actual experiences of heterosex This interview material combined with excerpts from sexological and medical texts and features from film and television draws attention to the ways in which western cultural constructs influence our ideas and experiences of the body sex and gender Potts also uses deconstructive theory as a textual tool concentrating on how binary oppositions such as inside outside and mind body impact on our understandings of heterosex and affect the power relations between women and men She also examines how the radical postmodern theories of the body and sexuality proposed by Irigaray Lyotard and Deleuze and Guattari disrupt such dualistic modes of understanding and experiencing sexualized bodies *The Science Fiction of Sex* will be of interest to those studying women and psychology as well as gender studies cultural studies

feminist studies sociology philosophy public health and education **A Directory of American Poets and Fiction Writers**, 1995 *A Directory of American Poets and Fiction Writers, 1994-1996* Poets & Writers, Inc, 1994-12 Names and addresses of contemporary poets and fiction writers whose work has been published in the United States Fiction and Repetition J. Hillis Miller, 1985-10-15 In *Fiction and Repetition* one of our leading critics and literary theorists offers detailed interpretations of seven novels Emily Brontë's *Wuthering Heights* Thackeray's *Henry Esmond* Hardy's *Tess of the d'Urbervilles* and *The Well Beloved* Conrad's *Lord Jim* and Woolf's *Mrs Dalloway* and *Between the Acts* Miller explores the multifarious ways in which repetition generates meaning in these novels repetition of images metaphors motifs repetition on a larger scale of episodes characters plots and repetition from one novel to another by the same or different authors While repetition creates meanings it also Miller argues prevents the identification of a single determinable meaning for any of the novels rather the patterns made by the various repetitive sequences offer alternative possibilities of meaning which are incompatible He thus sees undecidability as an inherent feature of the novels discussed His conclusions make a provocative contribution to current debates about narrative theory and about the principles of literary criticism generally His book is not a work of theory as such however and he avoids the technical terminology dear to many theorists his book is an attempt to interpret as best he can his chosen texts Because of his rare critical gifts and his sensitivity to literary values and nuances his readings send one back to the novels with a new appreciation of their riches and their complexities of form **The Coupling Convention : Sex, Text, and Tradition in Black Women's Fiction** Ann duCille Associate Professor of English and African American Studies Wesleyan University, 1993-10-19 What does the tradition of marriage mean for people who have historically been deprived of its legal status Generally thought of as a convention of the white middle class the marriage plot has received little attention from critics of African American literature In this study Ann duCille uses texts such as Nella Larsen's *Quicksand* 1928 and Zora Neale Hurston's *Their Eyes Were Watching God* 1937 to demonstrate that the African American novel like its European and Anglo American counterparts has developed around the marriage plot what she calls the coupling convention Exploring the relationship between racial ideology and literary and social conventions duCille uses the coupling convention to trace the historical development of the African American women's novel She demonstrates the ways in which black women appropriated this novelistic device as a means of expressing and reclaiming their own identity More than just a study of the marriage tradition in black women's fiction however *The Coupling Convention* takes up and takes on many different meanings of tradition It challenges the notion of a single black literary tradition or of a single black feminist literary canon grounded in specifically black female language and experience as it explores the ways in which white and black male and female mainstream and marginalized traditions and canons have influenced and cross fertilized each other Much more than a period study *The Coupling Convention* spans the period from 1853 to 1948 addressing the vital questions of gender subjectivity race and the canon that inform literary study today In this original work duCille offers a new

paradigm for reading black women's fiction **The Politics of Color in the Fiction of Jessie Fauset and Nella Larsen** Jacquelyn Y. McLendon, 1995 A critical examination of Fauset's Plum Bun and Comedy American Style and Larsen's Quicksand recovering a subversive element in the Harlem Renaissance writers whose work was revived by feminists in the late 1970s McLendon English College of William and Mary explores how the white writers' 19th-century stereotype of the tragic mulatto is reinvented in the work of the two writers and transformed into a concept of doubleness representing African American experience Annotation copyright by Book News Inc Portland OR **A Directory of American Poets and Fiction Writers, 1993-1994**, 1992-12 *Fiction*, 1972 *The Encyclopedia of Contemporary American Fiction, 2 Volumes* Patrick O'Donnell, Stephen J. almost always wrong to yield to desire in the second characters are frequently wrong not to and in fact are seen less as the sum of their ethical choices than as the process of their longings His conclusion modern fiction is as overbalanced toward pathos as Victorian fiction was toward ethos but the continued dialectic between the two is a tension that ought not be resolved
