**Sexual Behavior. Sexual Behavior. Current Issues. An Interdisciplinary Perspective. Edited by Leonard Gross, Etc** SEXUAL BEHAVIOR.,1974 **Current Catalog** National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),1971 Rape Joanna Bourke,2009-06-30 Joanna Bourke takes the issue of rape out from the academic ghettos and distills the truth so often exploited to sell newspapers Neither prurient nor overly sympathetic she investigates rape from a historical standpoint examining the history of sexual aggression the idea of rape as a social construct and the often ignored idea of embodiment and analyzes the physical response of rapists as well as the often cited rape is about power theories Indebted to a growing body of sophisticated feminist analyses about rape victims Bourke here shifts the emphasis from the victims to the perpetrators in order to place rapists in their historical context An invaluable study this book delivers the hard truth that if we are to imagine a world free of unwanted sexual violence then we must consider the issue of rape from every angle

*Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1977 **An Evolutionary Leap** Colin Stanley,2018-03-26 When the existential philosopher Colin Wilson died in December 2013 it was suggested by one perceptive obituary writer that despite the seemingly diverse subject matter of his books his true legacy lay in the field of Consciousness Studies This is particularly apparent when studying his many essays and books on psychology and taking into consideration his close association with the celebrated American psychologist Abraham Maslow whose concept of Peak Experiences PEs became for Wilson an important link to experiencing enhanced consciousness Maslow however felt that PEs could not be induced at will Wilson thought otherwise and through his work sought to encourage his readers and students to live more vital and appreciative lives thereby paving the way toward an evolutionary leap for mankind in consciousness indeed a change in consciousness that would potentially change everything In this study Colin Stanley Wilson s bibliographer and author of Colin Wilson s Outsider Cycle A Guide for Students and Colin Wilson s Occult Trilogy A Guide for Students provides an illuminating essay on each of Wilson s nine major books on psychology **American Journal of Public Health** ,2004

**Journal of Quantitative Anthropology** ,1996 *Connections Between Sexuality and Aggression* Dolf Zillmann,2021-02-25 This is the only available comprehensive monograph on interrelations and interdependencies between agonistic and sexual behaviors Integrating theory and research from biology anthropology neurophysiology endocrinology psychophysiology and psychology this book focuses on the mechanisms that govern the mutual influences between sexuality and aggression in behavior sequences and especially in admixtures of aggressive sexual behaviors This book places human agonistic and sexual behaviors into an evolutionary context It offers a Weltbild of human aggressive sexual behaviors by tracing their biological and developmental origins and examines the plasticity and manipulability of connections between

agonistic and sexual behaviors Strategies for the maximization of sexual pleasures are elaborated and intervention treatments aiming at the control of violent behaviors are considered Coercive sexuality is given special attention Prevalent motive ascriptions to rape are called into question and the motivation that dominates rape is reinterpreted in the context of pleasure maximization This second edition brings the coverage of pertinent research up to date It advances the exploration of aggressive sexual behaviors by further integrating the research contributions from various disciplines and by refining and unifying theory capable of explaining the behavioral phenomena under consideration COPY FOR ZILLMANN MAILER

Zillmann examines issues such as sexual access through aggression the involvement of agonistic behavior within sexuality sex aggression fusion the consequences of anticipatory imagination concerning sexuality and aspects of libido loss due to excitatory habituation This book also traces connection between sexuality and aggression in nonhuman species especially in nonhuman primates subjects human behavior to comparative and evolutionary analysis examines connectedness in neurological and endocrinological terms details both central and autonomic commonalities between sexual and aggressive behaviors outlines sexual dimorphism and chromosomal endocrine aberrations pays special attention to adrenal commonalities in sexual and aggressive behaviors and the fusion of these behaviors and examines aggressive sexual connectedness in the analysis of motivation and emotion Zillmann finally proposes new explanations for the numerous documented associations between sexuality and aggression These proposals combine biological neuroendocrine autonomic and cognitive aspects of aggressive and sexual behaviors A trichotomy of excitatory interdependencies is developed for fight flight and coition In the nomenclature of emotion this trichotomy concerns the interdependencies between aggressiveness fear and sexual impulsion A considerable amount of research evidence is aggregated in support of these interdependencies The author ultimately examines the exploitation of the existing connections between sexual and aggressive behaviors especially the exploitation that serves the enhancement of sexual pleasure In this context he arrives at novel and perhaps distressing characterizations of sexual coercion However he also explores sexual boredom and discusses remedies in the framework of his theorizing Last but not least sexual aggression and sexual and aggressive behaviors independently are placed into an evolutionary context Recognition and acknowledgment of the archaic nature of many aspects of sexual and aggressive behaviors in contrast to the comparatively vernal development of behavior guiding contemplation leads him to a unique and provocative proposal of the function of aggression in the realm of sexuality

*Clinical Perspectives on Elderly Sexuality*  
Jennifer L. Hillman, 2013-03-14 Throughout my clinical training and practice I have been surprised by the number of times that sexual issues have emerged as an unexpectedly central feature in my work with older adults I can vividly remember my own internal reaction on hearing one of my elderly female patients tell me that she was date raped a few years after the death of her elderly husband when she was 68 years old I can see in my mind's eye the blood splattered on the floor of an inpatient unit from an elderly man who smashed his arm through a window furious that his antidepressant medication made it impossible to climax through masturbation On a much less dramatic but equally important note I think about the elderly amputee who told me softly about his fears of resuming sexual activity with his wife of 25 years I also think about the elderly woman whose inability to take herself shopping to find fashionable comfortable clothes to fit over her hunched shoulders and large breasts helped precipitate a serious depression In sum I learned early on that elderly sexuality is not just about how many times a week someone makes love It is my hope that sharing these experiences and introducing the related theories research and interventions will assist other clinicians in dealing with these often challenging and clinically demanding situations Without my patients this text would not have been possible
