Sexuality In Greek And Roman Culture:

Sexuality in Greek and Roman Culture Marilyn B. Skinner, 2013-07-23 This agenda setting text has been fully revised in its second edition with coverage extended into the Christian era It remains the most comprehensive and engaging introduction to the sexual cultures of ancient Greece and Rome Covers a wide range of subjects including Greek pederasty and the symposium ancient prostitution representations of women in Greece and Rome and the public regulation of sexual behavior Expanded coverage extends to the advent of Christianity includes added illustrations and offers student friendly pedagogical features Text boxes supply intriguing information about tangential topics Gives a thorough overview of current literature while encouraging further reading and discussion Conveys the complexity of ancient attitudes towards sexuality and gender and the modern debates they have engendered *Sexuality in Greek and Roman Culture* Marilyn B.

Skinner, 2005 **Sexuality in Greek and Roman Society and Literature** Marguerite Johnson, 2022-08-29 This second edition includes an updated review of sexuality in Greece and Rome an expanded bibliography and numerous new passages with original translations This book provides readers with detailed information notes and original translated passages on the fascinating and multi faceted theme of ancient sexuality The sources range from the era of Homer and Hesiod through to the Graeco Roman world of the Fourth Century CE and explore the diversity of approaches to sexuality and sexual expression as well as how these issues relate to the rest of ancient society and culture *Sexuality in Greek And Roman Society and Literature* is an invaluable resource to students and academics alike providing a detailed series of chapters on all major facets of sexuality in ancient Greece and Rome It will particularly appeal to those interested in sexuality and gender in antiquity as well as ancient literature and social studies *Sexuality in the Age of Shakespeare* W. Reginald Rampone

Jr., 2011-05-18 This book examines the important themes of sexuality gender love and marriage in stage literary and film treatments of Shakespeare s plays The theme of sexuality is often integral to Shakespeare s works and therefore merits a thorough exploration *Sexuality in the Age of Shakespeare* begins with descriptions of sexuality in ancient Greece and Rome medieval England and early modern Europe and England then segues into examinations of the role of sexuality in Shakespeare s plays and poetry and also in film and stage productions of his plays The author employs various theoretical approaches to establish detailed interpretations of Shakespeare s plays and provides excerpts from several early modern marriage manuals to illustrate the typical gender roles of the time The book concludes with bibliographies that students of Shakespeare will find invaluable for further study *The Oxford Handbook of New Testament, Gender, and Sexuality*

Benjamin H. Dunning, 2019 *The Oxford Handbook of Gender and Sexuality in the New Testament* provides a roadmap to the relevant problems debates and issues that animate the study of sex gender sexuality and sexual difference in early Christianity Leading scholars in the field offer original contributions by way of synthesis critical interrogation and proposals for future research trajectories **Sanctified Sexuality** Sandra Glahn, C. Gary Barnes, 2020-09-22 Expert biblical and

practical advice for handling today's most challenging sexual issues. Although modern culture constantly changes its views on sexuality, God's design for sexuality remains the same. Bringing together twenty-five expert contributors in relevant fields of study, Gary Barnes and Sandra Glahn address the most important and controversial areas of sexuality that Christians face today. From a scriptural perspective and with an irenic tone, the contributors address issues such as: The theology of the human body; Male and female in the Genesis creation accounts; Abortion; Celibacy; Sexuality in marriage; Contraception; Infertility; Cohabitation; Divorce and remarriage; Same-sex attraction; Gender dysphoria. An ideal handbook for pastors, counselors, instructors, and students, *Sanctified Sexuality* provides solid answers and prudent advice for the many questions Christians encounter on a daily basis.

Sexuality in World History Peter N. Stearns, 2009-02-18. Expansive and accessible, Peter Stearns' *Sexuality in World History* offers a much-needed introduction to histories of sexuality from a global perspective. Mary Spongberg, Head of Department of Modern History, Macquarie University, USA. This book examines sexuality in the past and explores how it helps explain sexuality in the present. The subject of sexuality is often a controversial one, and exploring it through a world history perspective emphasises the extent to which societies including our own are still reacting to historical change through contemporary sexual behaviours, values, and debates. The study uses a clear chronological structure to focus on major patterns and changes in sexuality, both sexual culture and sexual behaviours, in the main periods of world history, with comparison and discussion across cultures and societies. Topics covered include issues involved in studying the history of sexuality; the sexual implications of the transition from hunting and gathering economies to agricultural economies; sexuality in Classical societies; the post-Classical period and the spread of the world religions; sex in an age of trade and colonies; changes in sexual behaviours and sexual attitudes between 1750 and 1950; sex in contemporary world history. The book is a vital contribution to the study of world history and is the perfect companion for all students of the history of sexuality.

The New Testament on Sexuality William Loader, 2012-09-13. This is the fifth and final installment of William Loader's authoritative, acclaimed series on attitudes toward sexuality in the ancient world. Sexual themes are never far beneath the surface where there are human beings. This was certainly the case for Christians in the first century world. Some began in a strongly Jewish context and worked out their faith in dialogue with their scriptural heritage. Others had to work out their sexual ethics in a world strongly influenced by Greco-Roman ideals and practices. In *The New Testament on Sexuality*, William Loader explores the relevant cultural contexts and looks at New Testament texts related to sexuality, highlighting both the warnings about sexual wrongdoing and the affirmations of sexual union. He deals with specific themes such as divorce, same-sex relations, women and men in leadership, and celibacy. Individual behavior, gender roles, and rules, preferences, and hopes also fall under the scope of his investigation. Broad-ranging and thorough, this book engages both the biblical texts and the diverse ways in which they have been interpreted.

Sexuality and the Sacred James B. Nelson, Sandra P. Longfellow, 1994-01-01. This volume is rooted in two convictions: first, sexuality is far more comprehensive and more

fundamental to our existence than simply genital sex and second sexuality is intended by God to be neither incidental nor detrimental to our spirituality but a fully integrated and basic dimension of that spirituality The authors address what our sexual experience reveals about God the ways we understand the gospel and the ways we read scripture and tradition and attempt to live faithfully *Mapping Gender in Ancient Religious Discourses* Todd C. Penner, Caroline Vander Stichele, 2007 A collection of essays on early Christian Jewish and Greco Roman religious discourses in antiquity focusing on the construction of gender in relationship to broader cultural and religious themes argumentation and identity formation in the early centuries of the common era *The Oxford Encyclopedia of the Bible and Gender Studies* Julia M. O'Brien, 2014 As the first major encyclopedia of its kind The Oxford Encyclopedia of the Bible and Gender Studies OEBGS is the go to source for scholars and students undertaking original research in the field Extending the work of nineteenth and twentieth century feminist scholarship and more recent queer studies the Encyclopedia seeks to advance the scholarly conversation by systematically exploring the ways in which gender is constructed in the diverse texts cultures and readers that constitute the world of the Bible With contributions from leading scholars in gender and biblical studies as well as contemporary gender theorists classicists archaeologists and ancient historians this comprehensive reference work reflects the diverse and interdisciplinary nature of the field and traces both historical and modern conceptions of gender and sexuality in the Bible The two volume Encyclopedia contains more than 160 entries ranging in length from 1 000 to 10 000 words Each entry includes bibliographic references and suggestions for further reading as well as a topical outline and index to aid in research The OEBGS builds upon the pioneering work of biblically focused gender theorists to help guide and encourage further gendered discussions of the Bible *Two Views on Homosexuality, the Bible, and the Church* Zondervan, 2016-11-29 Unique among most debates on homosexuality this book presents a constructive dialogue between people who disagree on significant ethical and theological matters and yet maintain a respectful and humanizing posture toward one another Few topics are more divisive today than homosexuality Two Views on Homosexuality the Bible and the Church brings a fresh perspective to a well worn debate While Christian debates about homosexuality are most often dominated by biblical exegesis this book seeks to give much needed attention to the rich history of received Christian tradition bringing the Bible into conversation with historical and systematic theology To that end both theologians and biblical scholars well accomplished in their fields and conversant in issues of sexuality and gender articulate and defend each of the two views Affirming represented by William Loader and Megan K DeFranza Traditional represented by Wesley Hill and Stephen R Holmes The main essays are followed by insightful responses that interact with their fellow essayists with civility Holding to a high view of Scripture a commitment to the gospel and the church and a love for people especially those most affected by this topic the contributors wrestle deeply with the Bible and theology especially the prohibition texts the role of procreation gender complementarity and pastoral accommodation The book concludes with reflections from general editor Preston Sprinkle on

the future of discussions on faith and sexuality The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion

Media, Culture and Human Violence Jeff Lewis, 2015-11-18 Humans of the advanced world are the most violent beings of all times This violence is evident in the conditions of perpetual warfare and the accumulation of the most powerful and destructive arsenal ever known to humankind It is also evident in the devastating impact of advanced world economy and cultural practices which have led to ecological devastation and the current era of mass species extinction one of only six mass extinction events in planetary history and the only one caused by the actions of a single species humans This violence is manifest in our interpersonal relationships and the ways in which we organize ourselves through hierarchical systems that ensure the wealth and privilege of some against the penury and misery of others In this new and highly original book Jeff Lewis argues that violence is deeply inscribed in human culture thinking and expressive systems media Lewis contends that violence is not an inescapable feature of an aggressive human nature Rather violence is laced through our desires and dispositions to communalism and expressive interaction From the near extinction of all Homo sapiens around 74 000 years ago the invention of culture and media enabled humans to imagine and articulate particular choices and pleasures Organized intergroup violence or warfare emerged through the exercise of these choices and their expression through larger and increasingly complex human societies This agitation of amplified desire hierarchical social organization and mediated knowledge systems has created a cultural volition of violent complexity which continues into the present *Media Culture and Human Violence* examines the current conditions of conflict and harm as an expression of our violent complexity

Sexuality in Premodern Europe Franz X. Eder, 2023-10-19 How did sexual relationships work before in and outside of marriage in the pre modern era What problems did contraception and sexually transmitted diseases pose How did people deal with prostitution and pornography back then What were the possibilities for same sex and queer desire and practice Using numerous examples and sources from across the continent *Sexuality in Premodern Europe* shows that even in earlier centuries sexual life had an elementary significance for the coexistence of couples and communities It was just as decisive for how individuals saw themselves and others as it was for maintaining the social economic and political order Franz X Eder interestingly emphasises the socio historical view of sexuality offering an apt foil for the cultural perspective which is so prevalent in the field In this book sexual behaviour is understood and thought about as social practice From this vantage point Eder deals with the function of the sexual in upbringing and socialization its significance for the image of men and women its role in marriage initiation and the importance of sexual life for marital relationships and concubinage Deviant and discriminated sexual forms such as prostitution pornography and same sex acts are also addressed throughout The book explores the ways in which many people gained sexual experiences before besides or beyond marriage even if these

experiences were forbidden in former societies While research into the history of sexuality has so far dealt with such forms of the sexual primarily from the point of view of regulation and sanctioning here they are understood as positive practices that allowed people to understand and take ownership of their sexual desire Sexual Knowledge, Sexual Science Roy Porter, Mikulas Teich, 1994-09 This volume is about those who have investigated sex from antiquity to the present day The Banishment of Beverland Karen Eline Hollewand, 2019-03-19 In 1679 Hadriaan Beverland 1650 1716 was banished from the province of Holland Why was this humanist scholar exiled from one of the most tolerant parts of Europe in the seventeenth century To answer this question this book places Beverland s writings on sex sin and scholarship in their historical context for the first time Beverland argued that sexual lust was the original sin and highlighted the importance of sex in human nature ancient history and his own society His audacious works hit a raw nerve Dutch theologians accused him of atheism he was abandoned by his humanist colleagues and he was banished by the University of Leiden By positioning Beverland s extraordinary scholarship in the context of the seventeenth century Dutch Republic this book examines how his radical studies challenged the intellectual ecclesiastical and political elite providing a fresh perspective upon the Dutch Republic in the last decades of its Golden Age **The Sexual Constitution of Political Authority** Aleardo Zanghellini, 2015-04-24 While there is no shortage of studies addressing the state s regulation of the sexual research into the ways in which the sexual governs the state and its attributes is still in its infancy The Sexual Constitution of Political Authority argues that there are good reasons to suppose that our understandings of state power quiver with erotic undercurrents The book maintains more specifically that the relationship between ideas of political authority and male same sex desire is especially fraught Through a series of case studies where a statesman s same sex desire was put on trial either literally or metaphorically as a problem for the good exercise of public powers the book shows the resilience and adaptability of cultural beliefs in the incompatibility between public office and male same sex desire Some of the case studies analysed are familiar ground for both political constitutional history and the history of sexuality The Sexual Constitution of Political Authority argues however that only by systematically reading questions of institutional politics and questions of sexuality through each other will we have access to the most interesting insights that a study of these trials can generate Whether they involve obscure public officials or iconic rulers such as Hadrian and James I these compelling fragments of queer history reveal that the disavowal of male same sex desire has been and partly remains central to mainstream understandings of political authority *The Oxford Classical Dictionary* Simon Hornblower, Antony Spawforth, Esther Eidinow, 2012-03-29 The revised third edition of the Oxford Classical Dictionary is the ultimate reference on the classical world containing over 6 200 entries The 2003 revision includes minor corrections and updates and all Latin and Greek words in the text are now translated into English **Human Sexuality** Vern L. Bullough, Bonnie Bullough, 2014-01-14 First Published in 1994 The purpose of an encyclopedia is to gather in one place information that otherwise would be difficult to find Bring together a collection of articles that are authoritative

and reflect a variety of viewpoints The contributors come from a wide range of disciplines from nursing to medicine from biology to history and include sociologists psychologists anthropologists political scientists literary specialists academics and non academics clinicians and teachers researchers and generalists From Shame to Sin Kyle Harper,2013-06-10 The transformation of the Roman world from polytheistic to Christian is one of the most sweeping ideological changes of premodern history At the center was sex Kyle Harper examines how Christianity changed the ethics of sexual behavior from shame to sin and shows how the roots of modern sexuality are grounded in an ancient religious revolution
