

Sexually Victimized Children

DAVID FINKELHOR

Sexually Victimized Children

Randall Easton Wickham, Janet West

Sexually Victimized Children:

Sexually Victimized Children David Finkelhor, 2010-05-11 Based on a large scale survey and in light of demographic and cultural factors the author examines why children are sexually victimized the sources of trauma differences between reported and unreported cases of assault and possible increases in sexual victimization Therapeutic Work with Sexually Abused Children Randall Easton Wickham, Janet West, 2002-05-24 This book is a practical and supportive guide for the professionals facing this traumatic subject It is easily readable Journal of Child and Adolescent Mental Health Therapeutic Work With Sexually Abused Children locates the practice experience of the authors within a rigorous theoretical framework and is a readable and useable guide to the complexities of helping children and adolescents who have suffered the trauma of sexual abuse Youth Policy It is refreshing to find child therapists ready to engage with sexually abused children by incorporating trauma theory and research addressing child protection and seeing themselves as part of a team that includes the carers The authors provide an overview of phases of treatment theoretical considerations and essential skills They emphasize the importance of relationship and explore its impact on the therapist Their approach is creative and child centered Case vignettes poems and exercises promote empathy with the child s perspective There is a useful chapter on cultural issues and the needs of children in alternative care this is an excellent primer for the child s helping network Community Care This is an excellent book for workers seeking to respond more effectively to child victims of abuse David Pearson Caring Magazine Therapeutic Work with Sexually Abused Children is a creative and practical guide for professionals working directly with those who have suffered sexual abuse and for their carers The trauma of sexual abuse experienced in childhood can be severe and enduring Therapeutic support is offered to help both the child and the family cope with psychological or emotional difficulties both currently and in later life Therapists must be able to respond effectively to the child victim in a sensitive and timely way which prioritizes the needs of each child Drawing on their experience as practitioners the authors explore the reactions which children commonly experience following abuse and examine the tasks of the therapist in responding to them This book explores the counselling of children who have been abused rather than adult survivors of child abuse The book will benefit from the combined experiences of one US author and one UK author

Preventing the Sexual Victimization of Children Charles Patrick Ewing, 2014 Preventing the Sexual Victimization of Children is the first book to critically evaluate national and international efforts to reduce child sexual abuse and ameliorate its effects Psychological Assessment of Sexually Abused Children and Their Families William N Friedrich, 2002 Designed for professionals in the field of child maltreatment this authoritative book presents a compelling theoretical framework that guide s assessment of children and adolescents who have been sexually abused and their parents The book is designed to make it easier for clinicians to select a number of measures or procedures across three dimensions that have considerable clinical relevance attachment dysregulations and self perception Psychological Assessment of Sexually Abused Children and

Their Families features in particular the assessment of sexually aggressive children and an extensive set of interview formats checklists and other forms that clinicians will find especially useful in evaluating children and their families The book is also richly illustrated with case studies Group Work with Sexually Abused Children Lynn Grotzky, Caryl Camerer, Lynn Damiano, 2000 This easy to follow manual presents techniques for working with groups of children who have been sexually abused It begins with an overview of the theory and literature of group therapy with children and then offers seven sections on psycho social skill building techniques trust building self esteem identifying and expressing feelings healing the inner child relationships boundary setting and prevention skills Child Abuse: Short- and long-term effects Byrgen Finkelman, 1995 Comprehensive Handbook of Personality and Psychopathology, Child Psychopathology Robert T. Ammerman, 2006-01-03 Child Psychopathology presents an overview of the classification and diagnosis genetic sociological and neuropsychiatric influences and research and behavioral considerations of psychopathology in infants and children This state of the art volume also includes the latest research on the major childhood disorders and discusses the three most popular treatment approaches **Evaluation of the Sexually Abused Child** Astrid M. Heger, S. Jean Emans, David Muram, 2000-09-07 Written by a group of nationally recognized physicians Evaluation of the Sexually Abused Child 2E is a comprehensive and authoritative resource that provides a step by step discussion of how to interview and clinically evaluate suspected child sexual abuse cases The contributors draw on their extensive experience to provide sensitive and practical guidance on psychological aspects of abuse conducting the medical interview and physical exam to make a diagnosis sexually transmitted disease and the role of the physician in court This new edition includes updated information on lab techniques revised protocols for intervention programs and a host of new data from several recently released longitudinal studies that followed abused children into adolescence and adulthood A key feature of the first edition a photographic atlas documenting and classifying ambiguous signs of abuse has been expanded by more than 40% to incorporate new photos on the sexual abuse of adolescents patterns of healing trauma and additional examples of normal variations and medical conditions

Sexually Abused Children & Their Families P. B. Mrazek, C. H. Kempe, 2014-06-28 This volume of 18 articles provides information about a diversity of issues recognition legal codes evaluation psychodynamics treatment prognosis and outcome Included are reports on an extensive survey of professional recognition in England and an examination of European criminal law relating to child sexual abuse theoretical models of psychosexual development within the family and incest as an expression of a dysfunctional family system Attention is given to special problems of treatment along with reports on three on going treatment programmes Two useful features of the book are a comprehensive bibliography and a critique of available audio visual materials **Caring for Sexually Abused Children** Dr. R. Timothy Kearney, 2001-04-17 In this practical handbook for families and churches Dr R Timothy Kearney shows how the healing touch of God can come frequently through God s people to children who have experienced sexual abuse Parenting the Sexually Abused Child , 1991 **Child**

Sexual Abuse Beverly Gomes-Schwartz, Jonathan M. Horowitz, Albert P. Cardarelli, 1990 When a child has been sexually abused where should a parent or guardian turn for treatment What legal issues are involved when sexual abuse occurs What impact does child sexual abuse have on family functioning These are questions all parents guardians or counselors encounter during the initial stages of child sexual abuse Child Sexual Abuse offers a wealth of information on available treatment programs the impact of sexual abuse on the family and other factors associated with abuse and treatment outcomes This volume is based on the results of the Tufts study that until now have not been readily available describing the background of the study the research framework and the selection of the treatment sample The authors then examine the nature of child sexual abuse its initial effects the myth of the mother as accomplice and the affects of abuse 18 months after disclosure A final section presents conclusions and recommendations associated with the research and appendixes detail the statistical test results Researchers and practitioners will benefit from the important issues and information contained in Child Sexual Abuse This study was a pathbreaking one on the road to understanding the immediate impact of sexual abuse It is a great welcome to have it available It is indispensable to any researcher wishing to understand how sexual abuse affects children David Finkelhor University of New Hampshire The research described in the book is outstanding in its breadth and accessibility Readers will find this book to be immensely interesting and useful whether they are researchers or clinicians Kathleen A Kendall Tackett University of New Hampshire This book is worth reading Issues in Child Abuse Accusations Offers a concise description of the development of child abuse theory as well as interesting data on the kinds of children who are sexually abused the nature and effects of the abuse and the effects of crisis intervention There is a wealth of information succinctly presented Readings A Journal of Reviews and Commentary in Mental Health An impressive initial study in the field of child sexual abuse Archives of Sexual Behavior The research in this book addresses the information needs of practitioners Topics covered include whether to remove a sexually abused child from the home where the abuse took place whether intense psychotherapeutic treatment is needed for the victim or family and whether to intervene at all for the best interest of a child The authors of this book referred to many experts in the field to compile the empirical research This book is arranged in a manner which makes these findings easily accessible to the reader whether the individual creates policies of frequently treats child sexual abuse cases for readers interested the appendix gives complete statistical test results Child Sexual Abuse is excellent for anyone working in this field or who is interested in gathering information about child sexual abuse The trauma and impact sexual abuse has upon a child and the family is well addressed Family Violence Sexual Assault Bulletin It contains a wealth of information about the nature and effects of abuse This book is a useful data base Child Abuse Review

Encyclopedia of Women and Gender, Two-Volume Set Judith Worell, 2001-09-13 Covers the psychology of women the psychology of men and gender differences while discussing psychological differences in personality cognition and behavior as well as biologically based differences and how those differences impact behavior The Use of Art in Counselling Child and

Adult Survivors of Sexual Abuse Maralynn M. Hagood, 2000 Based on clinical work this book presents a discussion on the use of art in counselling sexually abused children their families and sex offenders Current theoretical models such as the trauma model have been effective in therapy The author s clinical experience will provide valuable insight to therapists using art therapy techniques

Group Treatment for Sexually Abused Children, 1989-09-01 The treatment of sexually abused children between the ages of 7 and 12 present a unique clinical challenge These victims are in the developmental phase of latency where post traumatic discomfort and internal conflict are often manifested in self destructive sexually inappropriate and aggressive behavior toward adults and peers Often unresponsive to interventions that require direct verbal communication these children need special therapeutic approaches to master feelings of shame helplessness responsibility anger and sadness which are concomitant with sexual abuse and disclosure Group treatment has been shown to be an important component of healing for these children This volume is the first book on the treatment of sexual abuse that is devoted exclusively to a group treatment approach GROUP TREATMENT FOR SEXUALLY ABUSED CHILDREN considers the impact of sexual molestation and disclosure on latency aged children and provides a step by step guide to a comprehensive program for victims and their non offending caretakers Establishing a therapeutic framework that enables both children and adults to deal with anxiety producing material themes addressed in a sequence of progressive difficulty More than a description of a program this manual offers actual interventions to be used with children and their non offending caretakers including guidelines for anticipating and responding therapeutically to expected resistances The structured curriculum which consists of ten modules presents a variety of activities that assist children and adults to begin to identify and express their conflicts and feelings Each module delineates the Purpose Objectives Therapeutic Considerations Activities and Treatment Challenges for children and their caretakers Each activity for children incorporates group topics for the caretakers group which parallel the material presented in the children s group This approach integrates the treatment increasing the likelihood of a successful experience for the children Illustrative case examples are offered to demonstrate how children and adults respond to the activities Unique features of this program include its attention to the important developmental tasks for children as well as the sequelae of sexual molestation its respect for the ways in which boys and girls respond differently to sexual trauma and its inclusion of over 40 original handouts for children and caretakers which may be photocopied for use in your practice An ideal resource the structure and variety of original materials in this outstanding volume provide direction and focus for all therapists who are dedicated to the recovery of sexually abused children and their families Further many of the handouts are useful for individual and family treatment and with some modifications can also be used in work with adolescents As an added convenience all the forms in this manual may be photocopied for use in your practice

Play Therapy with Abused Children Ann Cattanach, 2008-03-15 This second edition explores the use of play therapy with abused children as a way of helping them heal their distress and make sense of their experiences through expanding their

own creativity in play The book provides practical ways of starting play therapy with abused children and explains how the child can use this process for healing *Psychotherapy of Abused and Neglected Children* John W. Pearce, Terry D. Pezzot-Pearce, 2007-01-01 This widely used guidebook and text combines theory research and practical clinical strategies Provided is a thoughtful framework for understanding the developmental impact of maltreatment assessing the unique needs of each child and family building a strong therapeutic relationship and implementing a variety of effective interventions

Encyclopedia of Women and Gender , Introduction to Child and Adolescent Psychopathology Robert Weis, 2025-10-21 Introduction to Child and Adolescent Psychopathology provides a comprehensive and practical guide to understanding mental disorders and their evidence based treatments The Fifth Edition includes updated research throughout with special attention to developments since the COVID 19 pandemic and features case studies and pedagogy designed to help students understand and retain the material *Medical Evaluation of Physically and Sexually Abused Children* Carol Jenny, 1996-06-24 This volume serves as both a very good translation of medical terms as well as a guide pointing to which aspects of the findings in a medical examination are significant and which are not In addition the book provides extensive bibliographies of a variety of topics associated with child physical and sexual abuse Anne Boydston Park Cabrini College As a health professional working with sexually abused children your goal is to obtain the most thorough and accurate assessment of a child's condition Medical Evaluation of Physically and Sexually Abused Children introduces the current spectrum of knowledge on physical and sexual abuse in the medical literature In addition this resource serves as an integral reference to find specific information among the vast amount available Balanced coverage features citations to the literature from both sides of issues that remain controversial and a glossary of medical terms provides accessible definitions This vital study guide covers critical issues surrounding the accurate diagnosis and evidence taking in suspected physical child abuse and it provides the necessary assessment guidelines specific to a forensic examination of the sexually assaulted child and sexually transmitted diseases in children
