John Brunner Jad Smith, 2013-01-30 Under his own name and numerous pseudonyms John Brunner 1934 1995 was one of the most prolific and influential science fiction authors of the late twentieth century During his exemplary career the British author wrote with a stamina matched by only a few other great science fiction writers and with a literary quality of even fewer importing modernist techniques into his novels and stories and probing every major theme of his generation robotics racism drugs space exploration technological warfare and ecology In this first intensive review of Brunner's life and works Jad Smith carefully demonstrates how Brunner's much neglected early fiction laid the foundation for his classic *Stand on Zanzibar* and other major works such as *The Jagged Orbit* *The Sheep Look Up* and *The Shockwave Rider* Making extensive use of Brunner's letters columns speeches and interviews published in fanzines Smith approaches Brunner in the context of markets and trends that affected many writers of the time including Brunner's uneasy association with the New Wave of science fiction in the 1960s and 70s This landmark study shows how Brunner's attempts to cross fertilize the American pulp tradition with British scientific romance complicated the distinctions between genre and mainstream fiction and between hard and soft science fiction and helped carve out space for emerging modes such as cyberpunk slipstream and biopunk

Urban Infrastructuring Deljana Iossifova, Alexandros Gasparatos, Stylianos Zavos, Yahya Gamal, Yin Long, 2022-04-18 This book is about urban infrastructuring as the processes linking infrastructural configurations and their components with other social ecological political or otherwise defined systems as part of urbanisation and globalisation in the Global South It suggests that infrastructuring is essential to urbanisation and that it is entangled with socio spatio ecological transformations that often have negative outcomes over time Furthermore it argues that infrastructuring requires an ethical positioning in research and practice in order to enhance infrastructural sustainability in the face of intersecting environmental social and economic crises Urban Infrastructuring is developed in three parts First it identifies infrastructural entanglements across various urban and urbanising settings in the Global South Second it highlights some of the damaging processes and outcomes of urban infrastructuring and argues that the absence presence and transformation of infrastructure in the Global South re produces socioecological injustice in the short and long term Third the book argues for a shift of infrastructuring agendas towards more just and sustainable interventions It suggests that an ethico politics of care should be embedded in systems approaches to infrastructuring in both research and practice The edited volume contains contributions from authors with backgrounds in a variety of academic disciplines from the natural and social sciences engineering and the humanities It provides valuable insights for anyone concerned with the study design planning implementation and maintenance of urban infrastructures to enhance human well being and sustainability It will be of interest to researchers and urban decision

makers alike *Science Fiction and Fantasy Book Review* Neil Barron,R. Reginald,2009-11-01 Science Fiction Fantasy Book Review was founded in 1979 to provide comprehensive coverage of all the major and minor books being released in the genre at that time This was the golden era of SF publishing with a thousand titles old and new hitting the stands and the bookshelves each and every year From the older classics to the newest speculative fiction this was the period when the best and the brightest shined forth their talents SF FBR included reviews by writers in the field by amateur critics and by litterateurs and University professors Over a thousand books were covered during the single year of publication many of them having been reviewed no where else before or since The January 1980 issue includes a comprehensive index of all the works featured during the preceding year This reprint will be a welcome addition to the literature of science fiction and fantasy criticism Neil Barron is a retired bibliographer and literary critic editor of the acclaimed Anatomy of Wonder series Robert Reginald was the publisher for twenty five years of Borgo Press and has authored over 110 books of his own The Publishers Weekly ,1891 **The Rise of the Cyberzines: The Story of the Science-Fiction Magazines from 1991 to 2020** Mike Ashley,2022-02-15 Shortlisted for the Locus Science Fiction Foundation Non Fiction Award 2023 The Rise of the Cyberzines concludes Mike Ashley s five volume series which has tracked the evolution of the science fiction magazine from its earliest days in the 1920s to its current explosion via the internet This series has traced the ways in which the science fiction magazine has reacted to the times and often led the way in breaking down barriers for example in encouraging a greater contribution by women writers and stimulating science fiction globally Magazines have continued to build upon past revolutions such as the new wave and cyberpunk producing a blend of high tech science fiction and expansive speculative fiction that has broadened the understanding of science and its impact on society This final volume which covers the years 1991 2020 shows how the online magazine has superseded the print magazine and has continued to break down barriers especially for the LGBTQ community and for writers of colour
