The Dawn of the Pacific Century William McCord, 2020-03-04 This book is a bold affirmation of the Asian miracle of development an explanation of reasons for its success and a review of its implications As McCord reminds us understanding why and how these nations have propelled themselves so far so fast is a key to anticipating the destiny of much of the rest of the world Despite their interest analysis have been confounded in attempts to explain Asian Development without resources and colonies without internal violence and broadly distributing wealth as they have grown Existing theories of development offer little guidance Even explanations that look to the special circumstances of Asian countries have their weaknesses Reviewing all of these explanations McCord identifies a common group of socioeconomic values and policies shared by most of these nations And these he shows tell us much The Dawn of the Pacific Century convincingly makes the case for a genuinely Asian model of development one that must be understood on its own terms It should find a broad professional social science readership In addition those general readers who wish to learn from and understand the Asian challenge will find this book a good beginning

Making Foreign Investment Safe Louis T. Wells, Rafiq Ahmed, 2006-12-21 With real case stories Wells and Ahmed bring to life both the hopes for and the failures of international guarantees of property rights for investors in the developing world Their cases focus on infrastructure projects but the lessons apply equally to many other investments In the 1990 s inexperienced firms from rich countries jumped directly into huge projects in some of the world s least developed countries Their investments reflected almost unbridled enthusiasm for emerging markets and trust in new international guarantees Yet within a few years the business pages of the world press were reporting an exploding number of serious disputes between foreign investors and governments As the expected bonanzas proved elusive and the protections weaker than anticipated many foreign investors became disenchanted with emerging markets So bad were the outcomes in some cases that a few notable infrastructure firms came close to bankruptcy several others hurriedly fled poor countries as projects soured In this book Louis Wells and Rafiq Ahmed show why disputes developed point out how investments and disputes have changed over time explore why various firms responded differently to crises and question the basic wisdom of some of the enthusiasm for privatization The authors tell how firms countries and multilateral development organizations can build a conflict management system that balances the legitimate economic and social concerns of the host countries and those of investors Without these changes multinational corporations will lose profitable opportunities and poor countries will not gain the contributions that foreign investment can make toward alleviating poverty

[The 21st Century Maritime Silk Road](#) Keyuan Zou, Shicun Wu, Qiang Ye, 2019-07-09 This book explores the opportunities and challenges that both Europe and Asia face under the framework of the 21st Century Maritime Silk Road Initiative The 21st Century Maritime Silk Road Initiative MSR Initiative put forward by the Chinese government together with the Silk Road Economic Belt reflects China s

ambition and vision to shape the global economic and political order The first step and priority under the MSR Initiative according to documents issued by China is to build three Blue Economic Passages linking China with the rest of the world at sea two of which will connect China with Europe This initiative however still faces enormous challenges of geopolitical suspicion and security risks This book seeks to assess these risks and their causes for the cooperation between the Eurasian countries under the framework of MSR and puts forward suggestions to deal with these risks in the interdisciplinary perspectives of international relations and international law Featuring a global team of contributors this book will be of much interest to students of Asian politics maritime security international law and international relations
