## **Sg Rel Est Prin For New Econ:**

Competitiveness of the Singapore Economy Mun Heng Toh, 1998 This volume provides an intensive review of the economic competitiveness of Singapore's economy. It identifies and analyses the strategies which will allow the economy to retain its competitive advantage in the years ahead in an increasingly globalised economic environment considerably liberalised international trading and investment climate and with regional economies challenging the country's competitive edge as a regional transportation hub, international financial centre and a primary regional centre for technology and education. Dialogues and interviews with managers and CEOs of industries in the private and public sectors are also included.

**Digital Economy** Harbhajan S. Kehal, Varinder P. Singh, 2005-01-01 Annotation: Digital Economy provides information about the socioeconomic aspects of the digital economy. This set of eighteen essays covers the effects of digital economy on business transactions, technology and culture as well as on education. It also covers various aspects of global production, trade and investment and the effects of the Internet.

**The New Economics of Sovereign Wealth Funds** Massimiliano Castelli, Fabio Scacciavillani, 2012-09-14 A complete guide to sovereign wealth funds written by and for industry practitioners. Sovereign wealth funds (SWFs) aren't new but they are often misunderstood. As they've attracted more attention over the last decade and grown greatly in size, the need for a new and thorough resource on SWFs has never been greater. These funds will only grow more important over the coming years. In this book, expert authors who work in the industry present a comprehensive look at SWFs from the perspective of western investors.

*Mobile Services in the Networked Economy* Jarkko Vesa, 2005-01-01 This book provides new insight into the structure and dynamics of the mobile services industry by combining novel ideas from complexity theory from the research of vertical integration strategies and from the theories of networked organizations. These ideas and theories are then applied to the context of three different types of mobile services markets. Provided by publisher.
