## **Shades Of Sin Dangerous Liasons:**

**Dangerous Liaisons** Roger Davidson, 2016-08-22 This book explores the role of Venereal Disease in shaping perceptions of sexuality in twentieth century Scotland and in defining the response of the Modern State to patterns of sexual behaviour It examines how civic medical and political authorities reacted to the Hideous Scourge in times of peace and war and how far policy was informed by anxieties surrounding social change and public morality as much as by the incidence of disease and developments in medical knowledge It focuses in particular on the moral assumptions underpinning epidemiological debate and the various dimensions of stigmatisation and control within VD discourse including gender generation and class This study also highlights the protracted campaign in Scotland for legal controls over those suffering from VD and the enduring problem resurrected by the threat of HIV and AIDS of balancing the demands of public health against those of civil liberties in the regulation of dangerous sexualities

**Dangerous Liaisons** Giorgio Baruchello, Ársæll Már Arnarsson, 2023-10-24 Humor and cruelty can be the best of friends Many cruel domains have facilitated hilarity of all kinds whether experienced directly or vicariously stretching from the torture chamber to the living room or wherever else a screen is to be found Conversely many jests have provided the vehicle with which to dispense cruelty whether callously or gleefully in myriad settings from public events to intimate family dinners Combining the sources and resources of the humanities and social sciences this book investigates the mutually supportive liaisons of humor and cruelty We unearth the brutal aggressive and or sadomasochistic roots of mockery and self mockery sarcasm and satire whilst addressing contemporary debates in humor studies focusing on the thorny ethics and existential challenges arising from the acceptance of the much appreciated yet seldom innocent channel for human interaction called humor Like Aristotle and Dewey Arnarsson and Baruchello do not define their terms at the outset but instead they relentlessly pursue the meanings of two ordinary words that everyone vaguely understads to arrive at a critical insight into the concepts these words represent which are both disparate and interrelated Richard Marc Rubin President George Santayana Society

*The Ironic Filmmaking of Stephen Frears* Lesley Brill,2018-02-22 Stephen Frears has a career approaching over half a century directing films of astonishing variety beauty and daring and yet many often have trouble remembering his name The Ironic Filmmaking of Stephen Frears celebrates this great filmmaker beginning with a short biography of Frears general observations on unifying themes and styles in his oeuvre and the characterization of his manner of directing By focusing on 10 key films Lesley Brill finds coherence in Frears characteristic irony and in his concentration on many kinds of love In movies such as My Beautiful Laundrette Dangerous Liaisons High

Fidelity The Queen Philomena and many others Frears portrays widely varied situations and characters with a combination of insight skepticism and sympathy He has the passionate unjudgmental focus of an artist who stands simultaneously at a distance from his subjects and within their worlds Through Frears work is widely admired Brill argues that he has attracted little scholarly writing because of a combination of the diffidence of his self presentation and the difficulty of explicating the complex ideas and characters of his films The Ironic Filmmaking of Stephen Frears is meant to inspire others to further examine his films individually and his career as a whole
