Media **Unjust Enrichment and Public Law** Rebecca Williams, 2010-06-30 This book examines claims involving unjust enrichment and public bodies in France England and the EU Part 1 explores the law as it now stands in England and Wales as a result of cases such as Woolwich EBS v IRC those resulting from the decision of the European Court of Justice ECJ in Metallgesellschaft and Hoechst v IRC and those involving Local Authority swaps transactions So far these cases have been viewed from either a public or a private law perspective whereas in fact both branches of the law are relevant and the author argues that the courts ought not to lose sight of the public law issues when a claim is brought under the private law of unjust enrichment or vice versa In order to achieve this a hybrid approach is outlined which would allow the law access to both the public and private law aspects of such cases Since there has been much discussion particularly in the context of public body cases of the relationship between the common law and civilian approaches to unjust enrichment or enrichment without cause Part 2 considers the French approach in order to ascertain what lessons it holds for England and Wales And finally as the Metallgesellschaft case itself makes clear no understanding of such cases can be complete without an examination of the relevant EU law Thus Part 3 investigates the principle of unjust enrichment in the European Union and the division of labour between the European and the domestic courts in the ECJ s so called remedies jurisprudence In particular it examines the extent to which the two relevant issues public law and unjust enrichment are defined in EU law and to what extent this remains a task for the domestic courts Cited with approval in the Court of Appeal by Beatson LJ in Hemming and others v The Lord Mayor and Citizens of Westminster 2013 EWCA Civ 5912 Cited with approval in the Supreme Court by Lord Walker in Test Claimants in the Franked Investment Income Group Litigation Appellants v Commissioners of Inland Revenue and another 2012 UKSC 19 Interactive Storytelling Rebecca Rouse, Hartmut Koenitz, Mads Haahr, 2018-11-26 This book constitutes the refereed proceedings of the 11th International Conference on Interactive Digital Storytelling ICIDS 2018 held in Dublin Ireland in December 2018 The 20 revised full papers and 16 short papers presented together with 17 posters 11 demos and 4 workshops were carefully reviewed and selected from 56 respectively 29 submissions The papers are organized in the following topical sections the future of the discipline theory and analysis practices and games virtual reality theater and performance generative and assistive tools and techniques development and analysis of authoring tools and impact in culture and society *A look at development* , **Annotated Companies Legislation** Nigel Boardman, 2010 A comprehensive guide to companies legislation in a convenient paperback volume Written from the perspective of the 2006 regime it gives detailed section by section commentary alongside the Companies Act 2006 and surviving parts of the previous legislation as well as including the text of relevant statutory instruments **Think Big Paint Small** Joyce Washor, 2017-01-06 Discover the pleasures of creating big art on a small canvas There are plenty of reasons to paint small Smaller canvases allow you to enjoy everything you love about oil painting with less expense less mess less space and less time What could be better Think Big Paint Small previously published as Big Art Small Canvas and updated with new
