Integrating Shadow Ann Casement, 2025-09-04 Since its inception the notion of shadow is recognised as one of Jung's major contributions to the world of psychology. Shadow traits are often unconsciously felt to be threats to our self-image so we use defence mechanisms such as repression and denial to dismiss its existence and place it on to others either in the personal or collective sphere. Although there exists considerable overlap between the strands dividing the shadow into three constituent parts: personal, collective and archetypal, helps to fully explore its impact on the world. The personal shadow is usually viewed as the base inferior part of personality although it can also include positive aspects but it needs to be acknowledged and incorporated to make an individual whole. The collective shadow is found in many dark periods of history: witch hunt trials, religious wars, the Holocaust and Rwandan genocide to name but a few. In today's world it is spread at the speed of light by mass media. The archetypal shadow emanates from the realm of the collective unconscious and may be equated with evil. Alongside shadow is the inextricably linked concept of persona, the outer face that is presented to the world which is also explored in detail as well as the role of the shadow in the act of scapegoating and within the professional sphere and Jung's links to the social sciences in particular anthropology and sociology. Shadow is a theme that Ann Casement returned to many times in her decades-long career, always finding new ways to explore and explain it. *Integrating Shadow: Authentic Being in the World* brings together these many years of presentations and research to present a multi-layered and rich discourse on the meaning, importance and consequences of the shadow in all our lives.

*Consorting with the Shadow: Phantasms and the Dark Side of Female Consciousness* Alison Armstrong, 2019-04-02 Incorporating essays, short stories, film and book analyses, *Consorting with the Shadow* examines the psychological bond between women and the archetypal creatures of imagination: the vampires, shape shifters and other monsters we fear, love and wish to emulate.

**Wedding His Takeover Target** Emilie Rose, 2010-11-02 Nothing could stop Aspen resort heir Gavin Jarrod's land grab. Not even the ornery owner's insistence that Gavin marry his granddaughter to seal the deal. Gavin was up to the challenge of wedding perfect stranger Sabrina Taylor since this beautiful stranger was perfect. After a whirlwind seduction he had her wed and bedded to their mutual satisfaction. But what was this new groom to do once his bride announced she was pregnant with his child? It was back to the bargaining table because she wanted a real father for her baby or this merger was off.

**Shadows of Fatherhood, Jung, and Film** Mark Holmwood, 2024-08-23 Every picture tells a story and stories have the power to educate. Looking at two key Jungian archetypes, the father and the shadow, from a challenging perspective, this book investigates the negative shadowy side of fatherhood and its detrimental effect on children by presenting a collection of stories from all over the world. Blurring the line between fiction and fact, art and academic theory, the book travels across a difficult psychosocial landscape discussing family life, mental health and criminality. Mark Holmwood highlights the educational value of these stories whilst exploring the father-child dynamic, adverse childhood experiences, father hunger, asymmetrical power relations.

**On Behalf of the Mystical Fool** John P. Dourley, 2009-09-30 Jung s explanation of the religious tendency of the psyche addresses many sides of the contemporary debate on religion and the role that it has in individual and social life This book discusses the emergence of a new mythic consciousness and details ways in which this consciousness supersedes traditional concepts of religion to provide a spirituality of more universal inclusion On Behalf of the Mystical Fool examines Jung s critique of traditional western religion demonstrating the negative consequences of religious and political collective unconsciousness and their consequent social irresponsibility in today s culture The book concludes by suggesting that a new religiosity and spirituality is currently emerging in the West based on the individual s access to the sense of ultimacy residual in the psyche and seeking expression in a myth of a much wider compass This book will be of interest to scholars and students at all levels who are engaged in the expanding field of Jungian studies It will also be key reading for anyone interested in the theoretical and therapeutic connections between the psyche and religious experience

**Vision, Mental Imagery and the Christian Life** Zoltán Dörnyei,2019-07-03 This book uniquely explores how the notion of vision is presented in modern science and the Bible and how it can be applied to contemporary Christian contexts The word vision our ability to see has been described by an increasing body of scholarship in the social sciences as our capacity for mental

imagery and imagination As such this unique cognitive capability has been utilised in many fields for a variety of purposes from arts and psychotherapy to politics and business management and even for performance enhancement in sports The current book argues that a better understanding of vision can have far reaching practical implications for Christian life and ministry by helping people to align themselves with God s specific purposes After a theoretical overview that integrates scientific and theological insights the final chapters present a variety of strategies that can help believers to discern God s call through the use of mental imagery and then to develop and cultivate the perceived vision The book examines the scientific and biblical principles of vision in a comprehensive manner with a special emphasis on the practical implications of the issue As such it will be of great interest to scholars of Theology Biblical Studies and Church Growth Leadership as well as Organisational Behaviour Business Management and Psychology
