## **Shadows Of Total War:**

The Shadows of Total War Roger Chickering, Stig Förster, 2003-01-16 The period between the two world wars of the twentieth century was one of the most challenging in the history of war In anticipation of another conflict military planners and civilian thinkers struggled after 1918 with the painful implications of World War I Given its scope the wholesale mobilisation of civilian populations and the targets of civilians via blockades and strategic bombing many observers regarded this titanic conflict as a total war They also concluded that any future conflict would bear the same hallmarks and they planned accordingly The essays in this collection the fourth in a series on the problem of total war examine the inter war period They explore the consequences of World War I the intellectual efforts to analyse this conflict s military significance the attempts to plan for another general war and several episodes in the 1930s that portended the war that erupted in 1939

**The Shadows of Total War** Roger Chickering, Stig Förster, 2003      *Fighting the Future War* Frederic Krome, 2012-03-22 The period between World War I and World War II was one of intense change Everything was modernizing including our technology for making war witness machine guns trench warfare biological agents and ultimately The Final Solution This modernization and eye toward the future was reflected in many facets of pop culture including fashion home wear design and the popular literature of the time In sci fi a specific genre emerged that of the future war Fred Krome has collected many of these future war stories together for the first time in *Fighting the Future War* Bolstered by a comprehensive introduction and introduced with historical information about both the authors of the stories and the historical time period these stories provide a view into the field of pulp science fiction writing the issues that informed the time period between the world wars and the way people envisioned the wars of tomorrow Revealing anxieties about society technology race and politics the genre of the future war story is important material for students of history and literature

**Trauma and Survival in the Contemporary Church** Jonathan S. Lofft, Thomas P. Power, 2021-03-24 Drawing on a wide diversity of sources this volume constitutes an additional layer to the phenomenon of trauma by exemplifying its experience within the context of the church specifically the worldwide Anglican Communion a family of churches rooted in the English appropriation of the Reformation As shown here a wide variety of analytic techniques can be deployed to examine trauma in the context of the church At an uncertain moment characterized by institutional breakup and decline in several Anglican churches this volume addresses an urgent need in the literature of church history as constituencies both within the church and without come to terms with ongoing and wide ranging experiences of trauma The variety of traumas and the responses official and otherwise documented in this collection reflect the wide ranging testimony of the contributors Shedding light for the first time on significant traumatic episodes these narratives examine a difficult and seemingly inexhaustible topic      *The Literature of Absolute War* Nil Santiáñez, Nil Santiáñez-Tió, 2020-05-28 This is the first comparative transnational approach to the language of absolute war and the literature on World War II      **New Approaches in Teaching History** Frederic

Krome,2024-02-14 Science fiction literature and film are an underappreciated source for the teaching of history Finding material that can excite a student s curiosity can be a key towards greater student engagement especially among students who are taking history as a requirement rather than from interest The discovery that they can read or watch science fiction as part of their classwork often comes as a pleasant surprise Beyond its popularity however utilizing science fiction for class assignments has certain pedagogical advantages it introduces students to new vistas in historical thought helps them learn how literature and film can be applied as a primary source and can encourage participation in projects that are enjoyable Each chapter provides case studies focusing on a different subject in the modern history curriculum and in addition to providing an analysis of specific texts and or cinematic sources gives suggestions on assignments for the students
