Massenkommunikation, 2001 **My Son is an Alien** Marcel Danesi, 2003 My Son Is an Alien is an entertaining informative look at cultural influences on today's youth Based on interviews with hundreds of teens pre teens and parents the book sketches out facets of the adolescent's cultural portrait from body image and slang to peer pressure and drugs Filled with facts commentaries anecdotes and resources it also includes numerous features on topics like teen expressions and the least family friendly TV shows Danesi proposes strategies for changing the prevailing mindset on youth including reconnecting adolescents to adult society **Growing Good Hearts** Candace A. Croft, 2005 Regardless of age we each live simultaneously as a child and a parent while at home work and play Receiving divine instruction daily each person remains forever a child in the universe If you have children if you have employees or colleagues if you have friends and family if you have a spouse or partner if you aspire to align with Self you are also a parent nurturing growth According to the sacred contract each of us is charged to nourish the heart of any child entrusted into our care support every child's development count the blessings each child brings cultivate goodness and light remain true to the divine plan and facilitate lush growth Integrating expertise in child development parenting and spirituality the author discusses parenting moments from infancy through the toddler years Each moment is divided into three sections an anecdote illustrating a teachable moment in a child's development a discussion of the developmental concept involved and an application of the life lesson at a higher level In addition prayers are interspersed throughout the book to provide wishes guidance and encouragement from the child at

heart A parenting mantra is repeated as a reminder to relax breathe and realize that teachable moments are a part of healthy development Activities are provided to assist the reader s personal development Each child holds the seed of a parent Within each parent is the heart of a child May this book guide you to learn the lessons of child heart and parent wisely nurturing the spirit of those entrusted into your care according to the sacred contract A book from The Heart of Tabankhu Forever Young Marcel Danesi, Director of the Program in Semiotics and Communication Theory Marcel Danesi, PH.D., 2003-01-01 The excessive worship of adolescence and its social empowerment by adult institutions is the deeply rooted cause of a serious cultural malaise So argues semiotician Marcel Danesi in *Forever Young* an unforgiving and controversial look at modern culture s incessant drive to create a teen aging of adult life Written for the general reader and based on five year s worth of interviews with over 200 adolescents and their parents Danesi begins by asserting that one of the early causes of this crystallization of adolescence as an age category can be traced back to theories of psychology at the turn of the twentieth century Since then the psychological view of adolescence as a stressful period of adjustment has become a self fulfilling prophecy This in tandem with the devaluation of the family by the media and society at large has led to a maturity gap a fissure in family dynamics that is eagerly and ably exploited by the mass media Unlike many academic digressions into the malaise of modern culture *Forever Young* provides concrete answers on how the forever young syndrome can be addressed One solution is to dispel the myth that experts and professionals are the people best equipped to give advice on raising children The second is to recognize the value of family in all its different combinations as the primary institution of child rearing The third is to challenge the pervasive notion that teen culture is a sophisticated endeavour that for example pop music can claim to have produced some of the best musical art in the world surpassing Mozart or Bach By laying bare the misguided tenets that have brought about and continue to promote a forever young mentality Marcel Danesi demonstrates that the teen aging of culture has come about because it is simply put good for business Teen tastes have achieved cultural supremacy because the western economic system requires a conformist and easily manipulated market and has thus joined forces with the media entertainment oligarchy to promote a deterministic forever young market
