Shahnama Robert Hillenbrand,2017-07-05 Shahnama The Visual Language of the Persian Book of Kings presents the first comprehensive examination of the interplay between text and image in the celebrated Persian national epic the Shahnama written by the poet Firdausi of Tus The Shahnama is one of the longest poems ever composed and recounts the history of Iran from the dawn of time to the Muslim Arab conquests of the seventh century AD There is no Persian text in prose or poetry which has been so frequently and lavishly illustrated Offering fresh insights through a range of varied art historical approaches to the Shahnama the essays in this volume reveal how the subtle alterations in text and image serve to document changes in taste and style and can be understood as reflections of the changing role of the national epic in the imagination of Iranians and the equally changing messages often political in nature which the familiar stories were made to convey over the centuries **The Image of the Prophet between Ideal and Ideology** Christiane J. Gruber,Avinoam Shalem,2014-10-24 Disziplin re Grenzen berschreitend zielt der Band darauf ab die Visualisierung Mohammeds in der westlichen Welt vis vis mit dessen Darstellung im Islam zu untersuchen Dabei wird das Material weder geographischen oder sprachlichen Sph ren zugeordnet noch werden Textquellen isoliert von bildlichen Darstellungen betrachtet Die Beitr ge er ffnen vielmehr einen thematischen und theoretischen Dialog ber die Frage wie der Prophet in verschiedenen kulturellen Traditionen in Europa und Amerika und in der Welt des Islam vom Mittelalter bis in die Gegenwart vergegenw rtigt wurde

considered a visual communicative system with different means of meaning making or as a medium through which meaning is made and expression is conveyed via a complex grammar This study looks at calligraphy as a systematic means in the field of visual communication rather than as a one dimensional and ad hoc means of providing visual beauty and aesthetic enjoyment Revolving around different insights of multimodal social semiotics the volume relies on the findings of a corpus study of Persian Nastaliq calligraphy The research emphasizes the way in which letterforms regardless of conventions in language are applied as graphically meaningful forms that convey individual distinct meanings This volume on Persian Nastaliq calligraphy will be inspirational to visual artists designers calligraphers writers linguists and visual communicators With an introduction to social semiotics this work will be of interest to students and scholars interested in visual arts media and communication and semiotics   **Text and Image in Medieval Persian Art** Sheila Blair,2014 Focusing on 5 objects found in the main media from the 10th to the 16th century ceramics metalware painting architecture and textiles Sheila S Blair shows how Greater Iranian artisans played with form material and decoration to engage their audiences   The Houghton Shahnameh ,1981   **An Illustrated Dictionary of Visual Arts (architecture, Sculpture, Painting)** Parviz Marzbān,1999   *Mediaeval Persian Painting* Adelʹ Tigranovna Adamova,2008 This book is a survey of the historical evolution of Persian painting and the factors internal as well as external which shaped its development and brought significant changes in the subject matter and forms of representation As these forms changed so did their status and the hierarchies of values they embodied coming to reflect changing views on the status of images and the nature of painterly skill Thus an age when monumental painting largely determined the character of the representational arts gave way to a period when books and book painting defined artistic taste while subsequently a fashion for paintings and drawings on single sheets created a taste for painting in oils on canvas The final chapter of the book is an attempt to reconstruct one of the most famous albums the so called St Petersburg Muraqqa BOOK JACKET   **An illustrated dictionary of visual arts** ,1992
