Shake Hands with the Dragon Carl Glick, 1946      **Shake Hands with the Dragon, Etc** Carl GLICK, 1946      **The Color of Success** Ellen D. Wu, 2015-12-29 The Color of Success tells of the astonishing transformation of Asians in the United States from the yellow peril to model minorities peoples distinct from the white majority but lauded as well assimilated upwardly mobile and exemplars of traditional family values in the middle decades of the twentieth century As Ellen Wu shows liberals argued for the acceptance of these immigrant communities into the national fold charging that the failure of America to live in accordance with its democratic ideals endangered the country s aspirations to world leadership Weaving together myriad perspectives Wu provides an unprecedented view of racial reform and the contradictions of national belonging in the civil rights era She highlights the contests for power and authority within Japanese and Chinese America alongside the designs of those external to these populations including government officials social scientists journalists and others And she demonstrates that the invention of the model minority took place in multiple arenas such as battles over zoot suiters leaving wartime internment camps the juvenile delinquency panic of the 1950s Hawaii statehood and the African American freedom movement Together these illuminate the impact of foreign relations on the domestic racial order and how the nation accepted Asians as legitimate citizens while continuing to perceive them as indelible outsiders By charting the emergence of the model minority stereotype The Color of Success reveals that this far reaching politically charged process continues to have profound implications for how Americans understand race opportunity and nationhood      *Dragon Heir Bundle* Ann Gimpel, 2021-02-14 Over 900 pages of dystopian fantasy Odin s realm and the Nine Worlds clash with the Celtic gods in an unforgettable trilogy Dragon s Call After her Celtic kin proved too big a bunch of bastards to bother with Rowan sought solace among witches After the Breaking not much was left I assumed it was a case of magic gone bad until I discovered my goddess mother had broken the world She didn t like it that I d turned my back on the pantheon My long tenure among witches rubbed salt into the wound After a confrontation where Mommy Dearest fessed up and lacked the decency to bat an eyelash about the widespread destruction she d caused I was digesting what to do next when a dragon showed up Yes A dragon I was grateful for the help And suspicious as hell Why a dragon Why here and why now More importantly why was he she helping me Part of me didn t want to know and another part was certain I d find out anyway Dragon s Blood After discovering she s half dragon Rowan figures it can t be any worse than being related to the Celts That s the thing about assumptions though They come round and bite you in the ass I d rather fight than study but I m stuck poring over dusty scrolls I promised I d learn about the dragon part of my magic but I m having a hell of a hard time believing there s some concealed strain of power just waiting for me to kindle it Meanwhile my friends the witches are playing fast and loose with remaining hidden My Celtic kin won t bother them anymore at least I don t think they will But far worse things rove Earth than the Celtic gods The Breaking has developed an energy all its own The longer it runs wild the harder it will be to contain

Soon very soon no magic in the Nine Worlds will be enough to counteract it Once that happens the few remaining mortals will go first but the rest of us won't be far behind them Dragon's Heir Rowan hasn't made a dent in coming to terms with her black to his bones dragon father when she gets pregnant The dragon child isn't even here yet but everyone's already fighting over his future I'm being pulled nine ways at once Brand new mating Brand new pregnancy Stronger magic than I'm used to The Nine Worlds are failing Rot that began on Earth has spread to Vanaheim Odin knows more than he's telling us and no one has any interest in working together The only thing everybody has in common is a sudden weird fascination with my baby The dragons want him raised on Fire Mountain The Celts want us in Inverlochy Castle with them Hel hasn't weighed in but I bet she'd like to see her grandson in Niflheim where she can dandle him on her knees every day If it weren't for the catastrophe looming over our heads Bjorn and I would escape to a distant borderworld and never look back It's always an option Good to preserve as many of those as possible Keep your fingers crossed for me And my son See you on the other side
