Owens, 2013-08-21 A clear introduction to the idea of the canon exploring the process by which certain works and not others receive high cultural status The work of Shakespeare and Aphra Behn is used to illustrate and challenge this process Shakespeare on screen: The Henriad Nathalie Vienne-Guerrin (éd.), Sarah Hatchuel (éd.), Filming plays from a tetralogy of history plays implies specific problems and strategies The papers in this volume show that the plays are parts of a series and can hardly be staged or filmed without referring to one another What does the big screen bring to the representation of history battles and national issues When do ideological interpretations stop being triggered by the text itself By deciphering the different ways in which meaning is created and ideology is conveyed whether it be through specific aesthetics performances intertextuality or cultural codes the papers in this volume all take part in the on going exploration of what Shakespeare's contrasting afterlives keep saying not only about the dramatic texts but also about ourselves **1590s Drama and Militarism** Nina Taunton, 2017-03-02 1590s Drama and Militarism is a fascinating interdisciplinary study of various textual interventions into the military realities of the late Elizabethan period Its major strength is its insistence on the discursive nature of militarism and the author convincingly uses literary and non literary texts including manuals and contemporary military correspondence to reconstruct the particular anxieties which surrounded the military exigencies of the 1590s a particularly fraught and unstable period of the aging queen's reign The literature of the art of war has been little studied by literary scholars despite

their richly rhetorical nature Dr Taunton's analysis thus brings to light a neglected but culturally significant form of Renaissance textuality In doing so she is able to shed new light on the Renaissance drama which she shows to have responded sensitively and sometimes critically to these textual constructions of actual warfare and problematised the anxious idealisations of the military manuals The particular readings of plays here are richly rewarding for the scholar of Renaissance drama the significance of Henry's nocturnal surveillance of his own camp on the eve of the battle of Agincourt for example benefits immeasurably from being contextualised in the light of contemporary theories of encampment The role of the women in Tamburlaine's camp in Marlowe's plays is also given particular significance when viewed in the light of the contemporary proscriptions regarding the presence of women in camps during the military campaigns in the Low Countries In this study Dr Taunton makes appropriate and critically inflected use of Foucault's theories of surveillance Lefebvre's theories about the ideological production of social space and Michel de Certeau s theories of social practice are put to good use in her analysis of military strategy These theoretical perspectives are usefully combined with highly specific and well documented historical Changing Styles in Shakespeare Ralph Berry, 2013-10-16 First published in 1981 Each of Shakespeare's plays is in a continuous state of development in performance This book examines major changes whilst focusing on six plays in detail Coriolanus Measure for Measure Troilus and Cressida Henry V Hamlet and Twelfth Night Changing Styles in Shakespeare looks at representative and key productions to trace the evolution of each play on today s stage illustrating how production changes relate to a changed perception of the play and thus to shifts in social attitudes It singles out the salient features of many productions paying special attention to reviews and prompt books **The Whirligig of Time** Zdeněk Stříbrný, 2007 Zdenek Stribrny an internationally respected Shakespeare scholar was Professor of English and American Studies at Charles University Prague until the Russian occupation of 1968 He was reinstated after the Velvet Revolution of 1989 This volume prefaced by a new autobiographical introduction collects papers on Shakespeare most of which were written originally in English from various periods of his eventful career Their two main themes are the role of Time and the Czech critical and theatrical response to Shakespeare with special emphasis on the various ways in which during an era of censorship productions offered coded political readings of the plays Zdenek Stribrny is Professor Emeritus of English and American Studies at Charles University Prague Lois Potter is Ned B Allen Professor of English at the University of Delaware Henry IV James N. Loehlin, 2008-05-08 This engaging double volume Handbook explores the Henry IV plays as texts for performance as they unfold moment by moment on the stage With scene by scene commentary and including an account of their life on stage film and in criticism this guide illuminates two plays that together rank as one of Shakespeare's greatest achievements Books in Motion, 2005-01-01 Books in Motion addresses the hybrid interstitial field of film adaptation The introductory essay integrates a retrospective survey of the development of adaptation studies with a forceful argument about their centrality to any history of culture any discussion that is of the transformation and transmission of texts and meanings

in and across cultures The thirteen especially composed essays that follow organised into four sections headed Paradoxes of Fidelity Authors Auteurs Adaptation Contexts Intertexts Adaptation and Beyond Adaptation variously illustrate that claim by problematising the notion of fidelity highlighting the role played by adaptation in relation to changing concepts of authorship and auteurism exploring the extent to which the intelligibility of film adaptations is dependent on contextual and intertextual factors and making a claim for the need to transcend any narrowly defined concept of adaptation in the study of adaptation Discussion ranges from adaptations of established classics like A Tale of Two Cities Frankenstein Henry V Le temps retrouv Mansfield Park Pride and Prejudice The Dead or Wuthering Heights to contemporary popular texts films like Bridget Jones s Diary Fools The Governess High Fidelity The Hours The Orchid Thief Adaptation the work of Doris D rrie the first Harry Potter novel film or the adaptations made by Alfred Hitchcock Stanley Kubrick and Walt Disney This book will appeal to both a specialised readership and to those accessing the dynamic field of adaptation studies for the first time Shakespeare from Richard II to Henry V Ace G. Pilkington, 1991 This book applies the videocassette to the study of Shakespeare on television and film The result is that the films become texts and Shakespeare in performance can be examined with the scholarly care that has been reserved for printed books The British Library General Catalogue of **Printed Books to 1975** British Library,1985 Joyce / Shakespeare Laura Pelaschiar, 2015-06-09 Shakespeare s presence in Joyce's work is tentacular extending throughout his career on many different levels cultural structural lexical and psychological yet a surprisingly long time has passed since the last monograph on this literary nexus was published Joyce Shakespeare brings together fresh work by internationally recognized Joyce scholars on these two icons reinvigorating our understanding of Joyce at play with the Bard One way these essays revitalize the discussion is by moving well beyond the traditional Joycean challenge of thinking Shakespearean by thinking Hamletian redefining the field to include works like Troilus and Cressida Othello and The Tempest This collection also transforms our understanding of how Hamlet works in and for Joyce In compelling essays that introduce new variables to the equation such as Trieste Goethe and Futurism Hamlet's role in Joyce gains fresh mobility The Danish prince s shadow we learn can still cast itself in unpredictable shapes making Joyce Shakespeare as rewarding in its analyses of this well studied pairing as it is when it considers fresh Shakespearean matches General Catalogue of Printed Books British Museum.
