Shakespeare In Opera Ballet Orchestral Music And Song

Alexander J. Morin

Shakespeare In Opera Ballet Orchestral Music And Song:

Shakespeare in Opera, Ballet, Orchestral Music, and Song Arthur Graham, 1997 This work is unique in the field the reader is introduced to music from several centuries and to five of the most popular plays in great detail Macbeth Romeo Juliet The Merry Wives of Windsor Othello A Midsummer Night's Dream Other plays are discussed 1 2 Henry IV Henry V The Taming of the Shrew The Merchant of Venice It contains no musical notation and assumes no previous knowledge of music or of Shakespeare It can be used in the classroom by a professor of English or of music Suggested CD and video recordings are listed and keyed by page number to examples in the book Shakespeare on screen : Macbeth Sarah HATCHUEL, Nathalie VIENNE-GUERRIN, Victoria BLADEN, 2013-12-20 This addition to the Shakespeare on Screen series reveals the remarkable presence of Macbeth in the global Shakespearean screenscape What is it about Macbeth that is capable of extending beyond Scottish contexts and speaking globally locally and globally Does the extensive adaptive reframing of Macbeth suggest the paradoxical irrelevance of the original play After examining the evident topic of the supernatural elements the witches and the ghost in the films the essays move from a revisitation of the well known American screen versions to an analysis of more recent Anglophone productions and to world cinema Asia France South Africa India Japan etc Questions of lineage and progeny are broached then extended into the wider issues of gender Finally ballet remediations filmic appropriations citations and mises en abyme of Macbeth are examined and the book ends with an analysis of a Macbeth script that never reached the screen Ce nouvel ouvrage de la série Shakespeare l'écran révèle la présence remarquable de Macbeth dans le paysage filmique shakespearien l'échelle mondiale Comment expliquer qu'une pièce dont l'intrigue est ancrée dans une nation l'écrit ait pu être absorbée par des cultures aussi diverses Les multiples adaptations de Macbeth suggèrent-elles de manière paradoxale une moindre pertinence de la pièce originelle Après avoir exploré la représentation des éléments surnaturels les sorcières et le fantôme le volume revisite les films américains canoniques les productions anglophones plus récentes et les versions d'autres aires culturelles Asie France Afrique du Sud Inde Japon etc Les questions de lignée et de descendance sont abordées puis prolongées dans des articles sur la représentation du genre Les versions dans les appropriations les citations et les mises en abyme de Macbeth sont ensuite analysées et ce parcours mène un étrange objet un scénario non film Hamlet: The State of Play Sonia Massai, Lucy Munro, 2021-03-25 This collection brings together emerging and established scholars to explore fresh approaches to Shakespeare's best known play Hamlet has often served as a testing ground for innovative readings and new approaches Its unique textual history surviving as it does in three substantially different early versions means that it offers an especially complex and intriguing case study for histories of early modern publishing and the relationship between page and stage Similarly its long history of stage and screen revival creative appropriation and critical commentary offer rich materials for various forms of scholarship The essays in Hamlet: The State of Play explore the play from a variety of different angles drawing on contemporary approaches to gender sexuality race the history of emotions

memory visual and material cultures performativity theories and histories of place and textual studies They offer fresh approaches to literary and cultural analysis offer accessible introductions to some current ways of exploring the relationship between the three early texts and present analysis of some important recent responses to Hamlet on screen and stage together with a set of approaches to the study of adaptation

Dancing Shakespeare Iris Julia Bührle, 2024-11-29 Dancing Shakespeare is the first history of ballets based on William Shakespeare's works from the birth of the dramatic story ballet in the eighteenth century to the present It focuses on two main questions How can Shakespeare be danced and How can dance shed new light on Shakespeare The book explores how librettists and choreographers have transposed Shakespeare's complex storylines multifaceted protagonists rhetoric and humour into non verbal means of expression often going beyond the texts in order to comment on them or use them as raw material for their own creative purposes One aim of the monograph is to demonstrate that the study of wordless performances allows us to gain a deeper understanding of Shakespeare's texts It argues that ballets based on Shakespeare's works direct the audience's attention to the bare bones of the plays their situations their characters and the evolution of both Moreover they reveal and develop the choreographies that are written into the texts and highlight the importance of movements and gestures as signifiers in Shakespeare's plays This book will be of interest to students and scholars of literature dance and music as well as to an international readership of lovers of Shakespeare ballet and the arts

Macbeth Multiplied Christoph Clausen, 2005 In what sense did Shakespeare's representation of the Weird Sisters participate in the rewriting of village witchcraft Was it likely to encourage the Sword Did opera's specific medial conditions offer Verdi special opportunities to justify the presence of stage witches more than three centuries later How valid is the parallel between 19th century opera and the voyeurism of madhouse spectacle Was Shakespeare's play really engaged in the project of exorcizing Queen Elizabeth's cultural memory What does Verdi's chorus of Scottish refugees have to do with shifting representations of the people These are among the questions tackled in this study It provides the first in depth comparison of Shakespeare's and Verdi's Macbeth that is written expressly from the perspective of current Shakespearean criticism whilst striving to do justice to the topic's musicological dimension at the same time Exploring to what extent the play's matrix of possible readings is distinct from Verdi's two operatic versions the book seeks to relate such differences both to the historical contexts of the works' geneses and to their respective medial conditions In doing so it pays particular attention to shifting negotiations of witchcraft gender madness and kingship The study eventually broadens its discussion to consider other Shakespearean plays and their operatic offshoots reflecting on some possible relations between historical and medial difference

Symphonic Program Music and Its Literary Sources Lawrence Casler, 2001 Based on specific literary resources this book provides information on over 260 pieces of orchestral program music up to 1950 Each entry consists of an account of relevant aspects of the author's and composer's life and about the relationship between the music and its source

Classical Music's Evocation of the Myth of Childhood

Ian Sharp,2000 This work seeks to fill an important gap in the music education literature the significance of important music by important composers and the essence of the childhood experience It aims to avoid being yet another teaching methodology Instead Ian Sharp links an analysis of childhood qua childhood with music expressly about childhood

Dictionary of American Classical Composers Neil Butterworth,2013-10-02 The Dictionary of American Classical Composers covers over 650 composers active from the 18th century to today Covering all classical styles it offers the most comprehensive overview of key composers in the United States available Entries include basic biographical information and critical analysis of each composer s key works and ideas Entries also include worklists and bibliographic information Whenever possible the entries will have been checked by the composers themselves to assure greatest possible accuracy This new edition completely updated and expanded from the 1984 edition also includes over 200 historic photographs

Nino Rota, Federico Fellini, and the Making of an Italian Cinematic Folk Opera, Amarcord Franco Sciannameo,2005 Federico Fellini entered the pantheon of 20th Century artists for his path breaking films like La dolce vita 1960 and Otto e mezzo 1963 However it was with Amarcord 1973 that Fellini achieved universal fame That celebration of youth and memory transcends all barriers of ethnic origin and national belonging by simply appealing to human commonalities Similarly Nino Rota s music an integral part of this film eludes cultural boundaries by blending learned and popular musical styles as in a folk opera in which stories or episodes are expressed through song and dance representative of everyday life By juxta posing music and images their own creative personae and their youth as it relates to our collective memories Fellini and Rota made this film about remembering youth an unforgettable experience for generations of viewers and listeners This monograph is of interest to scholars of music cinema and cultural studies This book is packed with information of the most specific and scholarly precision written with clarity and verve a valuable book *Guide to the Literature of Shakespeare in the Library*

[St. Louis Public]. Marie O. Watkins,1916 **The International Cyclopedia of Music and Musicians** Oscar Thompson,1975 **The New Encyclopedia of Music and Musicians** Waldo Selden Pratt,1924 Shakespeare Quarterly,1998 Classical Music Alexander J. Morin,2002 Encompassing more than five hundred classical composers past and present this listener s guide to classical music discusses the best recordings of symphonies operas choral pieces chamber music and more by the world s leading composers as performed by a variety of outstanding musicians and conductors and includes essays on the classical repertory composers instruments and more Original

The Hutchinson Concise Dictionary of Music Barrie Jones,2014-06-03 The Hutchinson Concise Dictionary of Music in 7 500 entries retains the breadth of coverage clarity and accessibility of the highly acclaimed Hutchinson Encyclopedia of Music from which it is derived Tracing its lineage to the Everyman Dictionary of Music now out of print it boasts a distinguished heritage of the finest musical scholarship This book provides comprehensive coverage of theoretical and technical music terminology embracing the many genres and forms of classical music clearly illustrated with examples It also provides core information

on composers and comprehensive lists of works from the earliest exponents of polyphony to present day composers

Cyclopedia of Music and Musicians: Abaco-Dyne John Denison Champlin, William Foster Apthorp, 1888 Musical Structures in Wagnerian Opera Marshall Tuttle, 2000 This monograph presents original research based on Wagner's theoretical writings and demonstrates that there is a precise logic to his tonal structures Austrian Information, 1967
The Musical Leader, 1928 **The Musician**, 1916
