[A Clubbable Man](#) Anthony W. Lee,2022-06-17 Samuel Johnson famously referred to his future biographer the unsociable magistrate Sir John Hawkins as a most unclubbable man Conversely this celebratory volume gathers distinguished eighteenth century studies scholars to honor the achievements professional generosity and sociability of Greg Clingham taking as its theme textual and social group formations Here Philip Smallwood examines the mirrored minds of Johnson and Shakespeare while David Hopkins parses intersections of the general and particular in three key eighteenth century figures Aaron Hanlon draws parallels between instances of physical rambling and rhetorical strategies in Johnson's Rambler while

Cedric D. Reverand dissects the intertextual strands uniting Dryden and Pope. Contributors take up other topics significant to the field including post feminism, travel, and seismology. Whether discussing cultural exchange or textual reciprocities, each piece extends the theme building on the trope of relationship to organize and express its findings. Rounding out this collection are tributes from Clingham's former students and colleagues including original poetry.

The Merchant of Venice William Shakespeare, 2015-01-08. The Merchant of Venice is best known for its complex and ambiguous portrait of the Jewish moneylender Shylock and of European anti-Semitism. Fascinating in its engagement with prejudice, the play is also a comedy of cross dressing and disguise and a dramatic exploration of justice, mercy, and vengeance. This volume contains the full text of the play with explanatory footnotes and marginal glosses for contemporary readers. An extensive introduction and well rounded selection of background materials not only illuminate anti-Semitism in early modern England but also provide context for other facets of the play including its comic plot of love and marriage, its examination of commerce and international trade, and its themes of revenge and the law.
