Folios of Shakespeare's Plays Dodd, Mead & Company, 1907 *Four Hundred Years of Shakespeare's First Folio* Thomas Hubeart, 2025-08-12 Shakespeare's First Folio has become one of the most famous books of all time but does not stand alone it followed Ben Jonson's trailblazing publication of his own *Workes* a few years earlier and was closely emulated in 1647 by the so called Beaumont and Fletcher folio In *Four Hundred Years* the story of all three folios is told including the curious afterlife of Shakespeare's with its many reproductions studies of its printing and copy Folio thefts and scholar forger J P Collier's attempt to set up a rival to its authority of his own making Also the author describes an in person encounter with an original Beaumont and Fletcher folio over three and a half centuries old and concludes with his own dramatization of how Shakespeare's Folio came to be 2 **Shakespeare's First Folio** Emma Smith, 2016-03-24 This is a biography of a book the first collected edition of Shakespeare's plays printed in 1623 and known as the First Folio It begins with the story of its first purchaser in London in December 1623 and goes on to explore the ways people have interacted with this iconic book over the four hundred years of its history Throughout the stress is on what we can learn from individual copies now spread around the world about their eventful lives From ink blots to pet paws from annotations to wineglass rings First Folios teem with evidence of its place in different contexts with different priorities This study offers new ways to understand Shakespeare's reception and the history of the book Unlike previous scholarly investigations of the First Folio it is not concerned with the discussions of how the book came into being the provenance of its texts or the technicalities of its production Instead it reanimates in narrative style the histories of this book paying close attention to the details of individual copies now located around the world their bindings marginalia general condition sales history and location to discuss five major themes owning reading decoding performing and perfecting This is a history of the book that consolidated Shakespeare's posthumous reputation a reception history and a study of interactions between owners readers forgers collectors actors scholars booksellers and the book through which we understand and recognise Shakespeare The Four Folios of Shakespeare's Plays Dodd Mead And Company, 2018-03-24 Excerpt from *The Four Folios of Shakespeare's Plays* An Account of the Four Collected Editions Together With a Census of the Known Perfect Copies of the First Folio As a specimen Of typography the volume is no credit to its printers Errors of pagination and signature marks are numerous and inexcusable The headlines of the last two pages of *Two Gentlemen Of Verona* are wrongly *The Merry Wives of Windsor* which is the following play Even the initial letter of the first word of text in the volume *b in bote swaine* was printed upside down though the mistake was corrected in the larger part of the edition The textual misprints in the words of Mr Lee illustrate every phase of typographical carelessness The occasional substitution of actual actors names for those of the characters is evidence of bad editing and shows that play house transcripts were the manuscripts followed About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original
