Providence Their Guide David L. Lloyd Owen, 1980 Here at last is the full story of perhaps the most renowned and effective of those sometimes odd but always inspired formations born out of the desert during the Second World War The author was in the Long Range Desert Group for most of its existence and commanded the unit from 1943 till its disbandment in 1945 He covers not only the justly famed activities of the group in the deserts of North Africa but also for the first time its later operations in the Aegean Italy and different parts of the Balkans Yugoslavia and Albania particularly where its adventures were appropriately colourful and often bizarre Throughout his account he describes and illustrates with hitherto unpublished photographs many of the personalities British New Zealanders and Rhodesians who contributed so much to the LRDG's character and success Inside front cover *The Long Range Desert Group, 1940-1945* David Lloyd-Owen, 2009-05-29 A very engaging and fine tribute to a small band of men whose impact on the North African campaign in particular was quite immense Pegasus Archive This splendid record takes the reader behind enemy lines not only in North Africa but in Italy the Aegean and the Balkans The author who commanded the LRDG paints a vivid picture of the unit's colorful characters for example Ralph Bagnold who put to good use the knowledge he gained from

The Long Range Desert Group in the Aegean

Brendan O'Carroll,2020-09-30 A history of the British Army unit s deployment to and defense of a group of islands between Greece and Turkey during World War II Shortly after the invasion of Sicily in order to distract German attention from the Italian campaign Churchill ordered the occupation of the Dodecanese Islands in the Aegean The Long Range Desert Group retraining in Lebanon were now part of Raiding Forces Middle East along with the Special Boat Service and No 30 Commando In support of 3 000 regulars in 234 Brigade the LRDG landed covertly on Leros establishing observation posts reporting movement of enemy shipping and aircraft In October the LRDG were ordered to assault the island of Levitha losing forty highly skilled men killed or captured The Germans invaded Leros with overwhelming force on 12 November 1943 five days later the battle was over While many British troops were captured most of the LRDG and SBS escaped Their individual stories make for enthralling reading A measure of the intensity of the fighting is the fact that the LRDG lost more men in three months in the Aegean than in three years in the desert operating behind enemy lines The author an acknowledged expert on the LRDG uses official sources both British and German and individual accounts to piece together the full story of this dramatic costly but little known campaign It is a valuable addition to the history of special forces in the Second World War Praise for The Long Range Desert Group in the Aegean O Carroll provides an interesting and informative read about a little known action by a World War II era special operations unit and an important part of SOF history SOF News

Lrdg tracks - June 2024 Kuno Gross,Patrick Adaimi,Sam Watson,Charlie Down,Brendan O'Carroll,Alan F. Hall,Anthony Rogers,bob Amos Jones,Ian Chard,Jonathan Pittawy,2024-04-29 Most probably the readers of this magazine have never heard of the original TRACKS I was in the very same situation until by the end of 2020 when NZ LRDG historian Brendan OCarroll has provided me with a hardly readable copy of the June 1941 issue of TRACKS I was immediately fascinated by these windows into the past and just thought We should revive TRACKS The editor of the original Tracks was that time 20 years old TA Sgt N A Moore a clerk attached to LRDG Group HQ The June 1941 issue was created by him when the LRDG HQ was located at Kufra There he got the idea to create a house paper for the unit He recalled in a letter which was published in the 1991 Newsletter of the LRDG Association that there were only a very limited number of people who were willing to contribute and that this first edition was mainly launched thanks to the contribution of Lieut Col Bagnold and Captain Kennedy Shaw And indeed the June 1941 remained the single and only issue of Tracks it was never published again until today

Long Range Desert Group Patrolman Tim Moreman,2010-07-20 Osprey s study of patrolmen of the Long Range Desert Group of World War II 1939 1945 Nicknamed the Libyan Desert Taxi Service by the SAS the Long Range Desert Group was tasked with strategic reconnaissance and raiding operations deep inside the enemy held deserts of North Africa Armed with light weapons only and equipped with specially converted light cars and trucks capable of withstanding the harsh conditions the LRDG quickly proved it could operate in parts of the desert which other troops

including the enemy found impassable This new Warrior title examines the soldiers of the LRDG from the group's formation through training to combat in vast lonely and deadly deserts of North Africa

Special Operations in World War II

Andrew L. Hargreaves, 2013-10-28 British and American commanders first used modern special forces in support of conventional military operations during World War II Since then although special ops have featured prominently in popular culture and media coverage of wars the academic study of irregular warfare has remained as elusive as the practitioners of special operations themselves This book is the first comprehensive study of the development application and value of Anglo American commando and special forces units during the Second World War Special forces are intensively trained specially selected military units performing unconventional and often high risk missions In this book Andrew L Hargreaves not only describes tactics and operations but also outlines the distinctions between commandos and special forces traces their evolution during the war explains how the Anglo American alliance functioned in the creation and use of these units looks at their command and control arrangements evaluates their impact and assesses their cost effectiveness The first real impetus for the creation of British specialist formations came in the desperate summer of 1940 when having been pushed out of Europe following defeat in France and the Low Countries Britain began to turn to irregular forces in an effort to wrest back the strategic initiative from the enemy The development of special forces by the United States was also a direct consequence of defeat After Pearl Harbor Hargreaves shows the Americans found themselves in much the same position as Britain had been in 1940 shocked outnumbered and conventionally defeated they were unable to come to grips with the enemy on a large scale By the end of the war a variety of these units had overcome a multitude of evolutionary hurdles and made valuable contributions to practically every theater of operation In describing how Britain and the United States worked independently and cooperatively to invent and put into practice a fundamentally new way of waging war this book demonstrates the two nations flexibility adaptability and ability to innovate during World War II
