John J. Marshall

Long Shadows At Noon:

Long Shadows at Noon John J. Marshall, 2002-03-27 Long Shadows at Noon is a short collection of poetry and prose that addresses the richness and tragedies of life. Life has its many rewards that are often overshadowed by the pace at which modern life has captured our minds, time, and attention. The shortest and darkest day of the year is the winter solstice that occurs on the 21st of December. This dark period often seems to sneak up on us with little notice or warning, and we find ourselves longing for more pleasant times. Often we reflect during the deepest days of darkness on how we let another year slip through our fingertips without enjoying the recently departed summer and autumn. Life is similar. During the dark periods of our lives, we often look back at happier times and long for their return. During these dark days of the solstice and of life, we must remember that each new day is a little brighter and warmer. Better times are ahead, and life is far too sweet not to enjoy. Unlike other poetry books, Long Shadows proceeds with each poem accompanied by a short essay as to its nature and motivation for being written. Life, death, love, and passion are addressed in various styles and forms. Both the simplicities and entanglements of living from a man's perspective are brought forth with an emphasis on taking a truthful and deep exploration of the soul.

Geography Journeys in Distant Lands Harlan Barrows, Edith Putnam Parker, 1924 **LONGSHADOWS** Kent White, 2017-10-15 It is 1969 and the Vietnam War has been raging for over five years. The North Vietnamese Army has increased their cross-border attacks on American troops from their hidden jungle sanctuaries in Laos and Cambodia. Operating deep inside Laos and Cambodia, elite Green Beret Studies and Observation or SOG reconnaissance teams routinely infiltrate enemy strongholds to gather valuable intelligence on the NVA troop and equipment build-up. Longshadows is the riveting story of a six-man SOG recon team led by Special Forces Sergeant Steve McShane. His team comprised of one other American Green Beret and four indigenous mercenaries discovers the existence of a Caucasian fighting alongside enemy NVA soldiers. Russian army advisor, foreign mercenary, American deserter. A 10,000 reward has been offered to any SOG team capturing a Caucasian, dead or alive. Sergeant McShane must pit his intelligence, courage, and strength against a cunning enemy in a series of deadly clashes in the treacherous jungles of Laos. The compelling, bone-chilling action of Kent White's novel promises to both terrify and excite, wrapping the reader in a suspenseful web of intrigue. Inspired by actual events, Longshadows is the saga of one man's obsession to learn the truth that lies behind enemy lines. [The Archaeological Studies of Chinese Palaces](#) Hongxun Yang, 2025-10-25 This book presents a systematic, authoritative, and in-depth exploration of the archaeological restoration and historical evolution of Chinese palace architecture, drawing on methodologies from archaeology, history, and architecture. It fills the gap left by the scarcity of architectural remains and research predating the Tang dynasty, reinforcing the foundations of Chinese architectural archaeology and introducing innovative theoretical perspectives. Adopting a multidisciplinary and interdisciplinary approach, the study synthesizes historical analysis with diverse technical approaches. It is further enriched by extensive charts and visual materials which substantiate and

contextualize the textual arguments enhancing both scholarly rigor and readability Notably the work establishes the epistemological and methodological framework for ancient Chinese palace archaeology delivering a systematic archaeological analysis of palace structures from the Stone Age through the late Qing dynasty **Rural readers** Vincent Thomas Murché,1901 **A Compendium of Ancient and Modern Geography, for the use of Eton School.
