eastern New Mexico will tell you Cowdens have been ranching here for as long as anyone can remember The Cowdens in fact
have been at the forefront of the cattle business for 150 years Arriving in Texas in the 1850s Cowden men and women raised
and trailed cattle sought out water and better grazing land tangled with Comanches and helped extend the western line of
Anglo settlement as they raised their families They eventually moved to New Mexico where they established the renowned
JAL Ranch Award winning writer Michael Pettit a Cowden descendant and former rancher offers a compelling portrait of this
genuine American ranching family Riding for the Brand spans six generations and two states to serve up a real slice of the
Old West complete with cowboys and Indians cattle and buffalo open range and barbed wire Pettit skillfully blends family
saga with an urbanite s firsthand look at life on today s 50 000 acre Cowden Ranch where the one dependable factor is the
constant wind Riding for the Brand traces the evolution of the Texas and New Mexico cattle business from the era of intimate
ranching communities to today s oil enriched or corporate operations But it s also the story of one man s search for identity
through his connections to a family a place and a way of life Official Inspections Maine Agricultural Experiment
