Look Three Ways At Murder Inscribed:

The Inscription of Things Thomas Kelly, 2023-11-14 Why would an inkstone have a poem inscribed on it Early modern Chinese writers did not limit themselves to working with brushes and ink and their texts were not confined to woodblock printed books or the boundaries of the paper page Poets carved lines of verse onto cups ladles animal horns seashells walking sticks boxes fans daggers teapots and musical instruments Calligraphers left messages on the implements ordinarily used for writing on paper These inscriptions terse compositions in verse or epigrammatic prose relate in complex ways to the objects on which they are written Thomas Kelly develops a new account of the relationship between Chinese literature and material culture by examining inscribed objects from the late Ming and early to mid Qing dynasties He considers how the literary qualities of inscriptions interact with the visual and physical properties of the things that bear them Kelly argues that inscribing an object became a means for authors to grapple with the materiality and technologies of writing Facing profound social upheavals from volatility in the marketplace to the violence of dynastic transition writers turned to inscriptions to reflect on their investments in and dependence on the permanence of the written word Shedding new light on cultures of writing in early modern China The Inscription of Things broadens understandings of the links between the literary and the material

The Puritan Way of Death David E. Stannard, 1977-10-13 The Puritan Way of Death is more than a book about Puritans or about death It is also about family community and identity in the modern world Even before publication eminent historians sociologists and religious scholars in the United States and Europe among them Gordon Wood Philippe Ariès William Clebsch and Robert Nisbet hailed it as a pathbreaking provocative and exciting work a terse urbane learned clear humane volume

Confessions of the Flesh Michel Foucault, 2022-01-18 The fourth and final volume in Michel Foucault's acclaimed History of Sexuality completed just before his death in 1984 and finally available to the public One of the most influential thinkers of the twentieth century Michel Foucault made an indelible impact on Western thought The first three volumes in his History of Sexuality which trace cultural and intellectual notions of sexuality arguing that it has been profoundly shaped by the power structures applied to it constitute some of Foucault's most important work This fourth volume posits that the origins of totalitarian self surveillance began with the Christian practice of confession The manuscript had long been secreted away in accordance with Foucault's stated wish that there be no posthumous publication of his unpublished work With the sale of the Foucault archives in 2013 Foucault's nephew felt that the time had come to publish this final volume in Foucault's seminal history Philosophically it is a chapter in his hermeneutics of the desiring subject Historically it focuses on the remodeling of subjectivity carried out by the early Christian Fathers who set out to transform the classical Logos of truthful human discourse into a theologos the divine Word of a pure sovereign What did God will in the matter of righteous sexual practice Foucault parses out the logic of the various responses proffered by theologians over the centuries culminating with Saint Augustine's fascinating discussion of the libido Sweeping and deeply personal Confessions
