kingdoms of Old Israel and during our own generation today The latter include the colonial leaders followed by leaders of independent Africa who like Judas Iscariot paradoxically continue to betray and sentence their innocent African continent people to perpetual agonies of poverty diseases corruption and other various symptoms of underdevelopment and dependency in a contravention of their own original promises during their struggle for independence from colonialism and imperialism and also their own vow during their oath of office as leaders of Independent Africa Thus the significance of this book to both academia and total humanity for their etiological efforts against the vice      **Kenya** Insight Guides,Jeffery Pike,2000-04 This book provides everything you ll ever need in a guidebook It is an inspiring background read an invaluable on the spot companion and a superb souvenir of your visit Book jacket      **Pros and Cons of China and the Chinese in Africa** Sabella Ogbobode Abidde,2025-07-14 This volume offers a critical evaluation of China s programs and projects on the African continent zooming in on a whether China is preying on states and societies on the continent or if indeed she is a benevolent partner on the continent b whether many of the projects are undeniably integral to the growth and development of the continent or are mostly white elephant projects c examine the cost benefit of China s involvement on the continent economic and political space and d why Euro America countries complain about the role and place of China in Africa Bringing together mostly African scholars the research underlines the key pros and cons of China and the Chinese involvement in the continent      **The Palgrave Handbook of Contemporary Kenya** Wanjala S.
