

The Lookout

by Robert Girvan

The woods were dark, but it was day.
The brush grew dense toward the edge.
You seemed well-enough to lead.
That Lookout had to be close-by.

We stopped and stood silently as
high branches cracked in the cold.
There, falling sharply between rocks,
the path to the Lookout plunged.

“We went down there when they were young,”
you said lightly, while peering down.
“It was easier then,” I said.
You stared at the unknown blackness.

Stricken, you spoke: “I can’t do it.”
The sweep of blue was not for us.
You rushed ahead, while I looked down.
Leaves joined rock, like love with death.

guard stations and bunkhouses in the magnificent national forests of Oregon and Washington *Looking at Agamemnon* David Stuttard, 2021-01-14 Agamemnon is the first of the three plays within the Oresteia trilogy and is considered to be one of Aeschylus' greatest works. This collection of 12 essays written by prominent international academics brings together a wide range of topics surrounding Agamemnon from its relationship with ancient myth and ritual to its modern reception. There is a diverse array of discussion on the salient themes of murder, choice, and divine agency. Other essays also offer new approaches to understanding the notions of wealth and the natural world which imbue the play, as well as a study of the philosophical and moral questions of choice and revenge. Arguments are contextualized in terms of performance history and society, discussing what the play meant to ancient audiences and how it is now received in the modern theatre. Intended for readers ranging from school students and undergraduates to teachers and those interested in drama, including practitioners, this volume includes a performer-friendly and accessible English translation by David Stuttard. **Class List** Bangor Public Library (Bangor, Me.), 1907 *The Emergence of Buddhist American Literature* John Whalen-Bridge, Gary Storhoff, 2009-06-11 The encounter between Buddhism and American literature has been a powerful one for both parties. While Buddhism fueled the Beat movement's resounding critique of the United States as a spiritually dead society, Beat writers and others have shaped how Buddhism has been presented to and perceived by a North American audience. Contributors to this volume explore how Asian influences have been adapted to American desires in literary works and Buddhist poetics, or how Buddhist practices emerge in literary works. Starting with early aesthetic theories of Ernest Fenollosa, made famous but also distorted by Ezra Pound, the book moves on to the countercultural voices associated with the Beat movement and its friends and heirs such as Ginsberg, Kerouac, Snyder, Giono, Waldman, and Whalen. The volume also considers the work of contemporary American writers of color influenced by Buddhism such as Maxine Hong Kingston, Charles Johnson, and Lan Cao. An interview with Kingston is included.
